To define love the same it has never been defined. The True Sage - Osho 2023-06-17

THERE are religions - Hinduism, Christianity, Buddhism, Judaism - and many more. But they are religions, not THE religion. They are the reflections of the moon in many kinds of minds. They are not the real moon. The moon is one but it can be reflected in millions of lakes. Reflections differ, but the reflected is one. Mind is a mirror. When religion is reflected through the mind a Hinduism is born, or a Mohammedanism or a Judaism. When the religion is not a reflected one, when one comes face to face with reality without any mind whatsoever, when there is no mind between you and the truth, then there is born THE religion. Hassidism is THE religion. Sufism is THE religion. Zen is THE religion. They differ only in names; otherwise they are all the same. Their language is different but not their content. They all have looked at the moon, but they call it different names. Obviously, that is natural. But they have not been looking at the reflections. They don’t believe in creeds, ideologies, scriptures, dogmas, doctrines. They know the truth, and when you know the truth there is no need of scriptures.

Journey Beyond Love - Ashish Chand

‘It is necessary to know about functionality of your physiological and psychological body parts in order to have any wholesome understanding about your life.’ Does this statement have any meaning for you? If being wholesome is being holy then what is the Journey to it? In all the cultures of the world but Hinduism, there is no concept of rebirth. Only an Indian has to work for stopping his cycle of rebirths. Does liberation come to all people but Indians automatically? Is it so that what is almost impossible to achieve for an Indian, is most certainly, available to all non-Indians? What is the life beyond love?

C.G. Jung and Nikolai Berdyaev: Individuation and the Person - Georg Nicolaus 2010-09-13

This book explores C. G. Jung's psychology through the perspective of the existential philosopher Nikolai Berdyaev, drawing striking parallels between Jung's theory of individuation and Berdyaev's understanding of the person. Placing Jung and Berdyaev firmly within the context of secular humanism, Nicolaus draws on their personal experiences of individuation to show how both writers seek to enable a renewal of our self-understanding as persons in a post-religious society. Topics of discussion include: the foundations of Berdyaev's personalism Jung's psychological interpretation of the Christian God-image individuation and the ethics of creativity. C. G. Jung and Nikolai Berdyaev: Individuation and the Person offers a fresh

perspective on the ethical implications of Jung’s theory and serves also as an introduction to Berdyaev’s thought. As such this book will appeal to analytical psychologists, scholars engaged with Jungian thought and all those interested in the interface between spirituality and depth psychology.

The Divine Melody - Osho 2021-11-08

These songs of Kabir are nothing but the overflowing of that melody that he has heard. These songs are nothing but the overflowing of the flood that he has received into his innermost being. These songs are no longer ordinary songs. These songs are not only those of a poet but those of a mystic - one who knows knows by living it; one who has tasted God who is drunk with God. -Osho

Beyond Duality and Polarization - Paul Koziy 2012

Beyond Duality and Polarization explores an experience-based learning model, the Phenomenal Patterning approach for personal transformation. Rather than traditional prescriptive learning, methods of personal discovery help us understand how the human mind actually functions. Dr. Koziy introduces two modern

Zen skills, watching and catharsis, to increase self-awareness. This frees us from habitual patterns we learned in childhood. We identify the patterns of our own thinking and behaving and see that many of the problems we face are self-created. Repressions are revealed in the shadow psyche and we are able to dissolve our negativity. The overriding message is that when we stop fighting, life starts flowing again.

Beyond the Mask - Jeremy Laszlo 2013-04

They say opposites attract, and that was certainly the case for Derek and Jade. Derek has always been a loner, awkward and uncomfortable in a crowd. Both dark and intense, he is imposing to say the least. Just the way he likes it. Jade, on the other hand, is a social butterfly that thrives in public places. Her soul comes alive with the night scene, where sweat mingles with music and lust fuels desire. Somehow, against all odds, they managed to find one another in a world where nothing is what it seems. Separated by unforeseen circumstance, is their love powerful enough to bring them together again?

Rationalism denies the importance and even the existence of transcendence as a determinant of both reality and our knowledge of it.
