Janet Leigh Michelangelo Capua 2013-03-08 For the first decade of her career Leigh appeared as the stereotypical "nice girl." She was cast opposite some of the industry's biggest names including Robert Mitchum in *Holiday Affair*, Stewart Granger in *Scaramouche*, James Stewart in *The Naked Spur*, and Charlton Heston in *Touch of Evil*. Alfred Hitchcock's *Psycho* supplied her most memorable role: Marion Crane, who is murdered before the picture is half over. The part earned Leigh an Academy Award nomination. From 1951 to 1962, Leigh was married to favorite co-

star Tony Curtis. They had two daughters, Kelly and Jamie Lee Curtis, both of whom followed in their parents' professional footsteps. This book reveals and reflects upon Janet Leigh's life and career and also extensively analyzes her films and television appearances.

The Way Hollywood Tells It David Bordwell 2006-04-10 Hollywood moviemaking is one of the constants of American life, but how much has it changed since the glory days of the big studios? David Bordwell argues that the principles of visual storytelling created in the studio era are alive and well, even in today's bloated blockbusters. American filmmakers have created a durable tradition—one that we should not be ashamed to call artistic, and one that survives in both mainstream entertainment and niche-marketed indie cinema. Bordwell traces the continuity of this tradition in a wide array of films made since 1960, from romantic comedies like *Jerry Maguire* and *Love Actually* to more imposing efforts like *A Beautiful Mind*. He also draws upon testimony from writers, directors, and editors who are acutely conscious of employing proven principles of plot and visual style. Within the limits of the "classical" approach, innovation can flourish. Bordwell examines how imaginative filmmakers have pushed the premises of the system in films such as *JFK*, *Memento*, and *Magnolia*. He discusses generational, technological, and economic factors leading to stability and change in Hollywood cinema and includes close analyses of selected shots and sequences. As it ranges across four decades, examining classics

like American Graffiti and The Godfather as well as recent success like The Lord of the Rings: The Two Towers, this book provides a vivid and engaging interpretation of how Hollywood moviemakers have created a vigorous, resourceful tradition of cinematic storytelling that continues to engage audiences around the world.

I used to recommend to junior medical students the first day they walked into a ward. I shared the wisdom accumulated in more than thirty years. expected to pursue it at the cost of denying ourselves, our unique living truth. This book narrates the journey of Lodovico Balducci in his discovery of the living truth: the ability to give and receive unconditional love. "Agape" is purposeful, determined, and committed love inspired by our own mystery, the most intimate needs and inspiration. Agape allowed Balducci to convert his worst liabilities, such as depression, into his most valuable assets when ministering to the suffering. Agape showed Balducci that he was "sacred," that is, endowed with a mission only he can accomplish, that "sacrifice" (the recognition of one's sacredness) is the meaning of existence, and that redemption (the paying of somebody else's debt for the common good) is the goal of personal sacrifice.

Gender and Families Scott Coltrane 2008-05-21 When we talk about family values, like whether children need two parents, we are also talking about gender values, because a 'yes' answer to this question might imply that only women with husbands should have children. In the same way, when we talk about gender issues, such as whether men should be paid higher wages than women, we are also talking about family issues, because a 'yes' answer suggests that husbands should be the family breadwinner. In this updated second edition of *Gender and Families*, Coltrane and Adams continue to demystify the complexities and connections between gender and family in contemporary culture, with discussions of race, ethnicity, and social class.

Gestures of Love Steven Rybin 2017-05-24 Examines movie romance in light of our emotional bond to the actors and characters on screen. Gestures of Love considers the viewer's enchantment with charismatic actors in film as the starting point for closely analyzing the performance of love in movies. Written with a thoughtful adoration for the actors who move us, Steven Rybin examines several of cinema's most beloved on-screen movie couples, including Katharine Hepburn and Cary Grant, Myrna Loy and William Powell, Carole Lombard and John Barrymore, Gene Tierney and Dana Andrews, Lauren Bacall and Humphrey Bogart, and Rock Hudson and Dorothy Malone. Using the classical genres of screwball comedy, film noir, and the family melodrama as touchstones, Rybin places the depiction of romance in films into dialogue with the viewer's own emotional bond to the actors on

Classic Hollywood Style Caroline Young 2012-10-02 *Classic Hollywood Style* explores iconic looks from the golden era of Hollywood, covering 35 films from the 1920s to the end of the 1960s. Caroline Young looks at the history and social context of the costumes through stories from the production, photos, interviews and original costume design sketches, and tips on how

to 'get the look' today. While we celebrate the glacial elegance of Grace Kelly and the skin-tight sexiness of Marilyn Monroe, behind every look on screen was the costume designer who shaped the image. In the golden age of Hollywood, designers like Edith Head, Adrian and Travis Banton became stars in their own right. Women queued up to see the latest Joan Crawford and Greta Garbo release to lust after the glamorous costumes the stars would wear on screen. Department stores shamelessly mass-produced copies of gowns, film magazines would preview the new looks and women ran up their own versions on their sewing machines. In the 1960s women lowered their hems and sported berets to look just like Faye Dunaway in Bonnie and Clyde. Even today, an article on the little black dress will inevitably make mention of Audrey Hepburn. Every one of these films has perfectly captured a moment of fashion zeitgeist or has become an indelible image of cinema, whether it is Garbo in a trenchcoat in A Woman of Affairs, Joan Crawford's shoulder pads in Mildred Pierce, Rita Hayworth's strapless dress in Gilda, James Dean's red windbreaker in Rebel Without a Cause or Steve McQueen's ivy league style in The Thomas Crown Affair. Through archived records, studio press releases, behind the scenes memos, costume designer sketches and notes, censorship records and articles from magazines of the time, this is a behind-the-scenes look at the classic costumes of the silver screen.
