Philaster - Francis Beaumont 1969

Written in 1609 for Shakespeare's company, "Philaster" is one of the most ambitious works of literary collaboration ever attempted. Whereas only the lowest potboiling third of the dramatic repertory of the time was produced by multiple authorship, this hybrid drama by a pair of young dramatists was also a new type of tragicomedy. Its success led the play to be performed for over thirty years and made Beaumont and Fletcher the only authors besides Shakespeare and Jonson to be granted the accolade of a posthumous collection of their plays in Folio. Andrew Gurr's substantial commentary and notes have never been surpassed since the first publication of the edition and joins the list of over thirty plays currently published in The Revels Plays.

Love Lies - Amanda Lamb 2015-09-22

A suburban housewife's picture-perfect life is shattered in this riveting true crime book from the author of *Evil Next Door*. When Nancy Cooper moved from Canada to Cary, North Carolina, with her new husband Brad, their future was bright. Living in one of the most picturesque towns in the United States, the couple mingled with neighbors, attended parties, and raised two daughters. Then, on July 14, 2008, the façade came crashing down when Nancy's strangled body was found in a storm pond. Nancy's husband claimed she had gone for a jog and never came back. But as the police investigation deepened, a complex web of affairs and lies involving multiple residents of Cary's idyllic neighborhoods was uncovered, and Brad was brought to trial for the murder of his wife. At the heart of it stood the Coopers' soured marriage, Nancy's threat to leave with the children, and her own cold-blooded murder. It would take a mountain of damning evidence before justice was served.

The Love Lies - Debrena Jackson Gandy 2014-09-15

Foreword by Actress Kim Coles. The U.S. boasts the highest divorce rate of any country in the world and some of the highest relationship dissatisfaction rates. Yet, despite the endless amounts of advice and experts available to us, we continue to experience increasing levels of frustration, conflict, emotional breakdown, and failure in our relationships. What are we missing? What continues to elude us? What is inherently wrong with our understanding of what makes love relationships work? Debrena Jackson Gandy, two-time national best-selling author and founder of The Love Academy addresses these questions and the root causes of this massive breakdown in relationships in our country. Most of the advice and models given to American women only address the symptoms of this epidemic, usually applying simplified how-to techniques that tend to lead to more confusion than resolution. These are band-aids, and ineffective ones at that. The Love Lies delves deeper to unearth ten toxic beliefs that have been instilled in women since pre-school, influencing us through a wide range of ages and trapping us all in a web of illusions. These powerful "Love Lies" manipulate perceptions, create delusions and perpetuate behaviors that unknowingly sabotage our relationships. The Love Lies sets women free from chronic cycles of dissatisfaction and disappointment and offers a proven process to dismantle the lies, heal the mind and heart, and transform the American relationship paradigm forever.

My True Love Lies - Lenore Glen Offord 2017-01-15

In this Golden Age mystery set in post-World War II California, an art student must determine who fits the mold of a killer. The War is over, but only just, and San Francisco is still crammed with military uniforms. Of course, being San Francisco, it's also crammed with Bohemians (in a few years, they'll be known as Beatniks). Noel Bruce straddles both camps: By day she's a strait-laced driver for the Navy, but at night she lets her hair down and parties with her flamboyant art-school chums. The party comes to a screeching halt, however, when a dead body turns up in a sculptor's studio, and the artists discover that pretentious mannerisms and amusing facial hair provide little defense against the chill of fear . . . As in *Skeleton Key*, the heroine is a working woman, and, like all of Offord's novels, *My True Love Lies* provides an intriguing bridge between old-fashioned, 1930s-style plotting and a kind of feminism that feels startlingly up-to-date. "Mrs. Offord with each book entrenches herself more firmly as one of our leading feminine mystery novelists . . . There is always a reasonable plot backed by warm characters, and above all, intelligent writing." —Dorothy B. Hughes, author of *In a Lonely Place*

In Real Life - Nev Schulman 2014-09-11

If there's anyone who knows about the darker side of online dating, it's Nev Schulman. The 29-year-old rose to fame after his documentary *Catfish*, about an online flirtation of his which turned sour, became a breakout hit. He followed it up with a series on MTV which followed similar stories of digital deception across America. Nev has become the go-to expert in online relationships for millennials, a generation who have never known a world without Facebook. His clout in this area springs from his own experience which led him to coin the term 'catfish', referring to someone who creates a false online persona to reel someone into a romantic relationship. Now Nev takes his investigation to the page. Woven throughout with Nev's personal stories this book explores relationships in the era of social media, delving deeply into the complexities of dating in a digital age and continuing the cultural dialogue his show has begun about how we interact with each other online. In *IN REAL LIFE* Nev explores the pressing issue of connectivity versus genuine connection which is plaguing our relationships with each other, and he provides the advice that his fans have been desperately

seeking.

Femme Fatale - Pat Shipman 2011-06-16

Biography of the most infamous woman of the early 20th century, the Dutch courtesan and alleged spy Margaretha Zelle (1876-1917), - Mata Hari Mata Hari was the prototype of the beautiful but unscrupulous female agent who used sexual allure to gain access to secrets, if she was indeed a spy. In 1917, the notorious dancer Mata Hari was arrested, tried, and executed for espionage. It was charged at her trial that the dark-eyed siren was responsible for the deaths of at least 50,000 gallant French soldiers. Irrefutably, she had been the mistress of many senior Allied officers and government officials, even the French Minister of War: a point viewed as highly suspicious. Worse yet, she spoke several European languages fluently and travelled widely in wartime Europe. But was she guilty of espionage? For all the publicity Mata Hari and her trial received, key questions remain unanswered. These questions concern not only her inadequate trial and her unproven guilt, but also the events in her personal life. What propelled Margaretha Zelle, destined to be a Dutch schoolteacher, to transform herself into Mata Hari, the most desirable woman in early 20th-century Paris? She danced before enthusiastic crowds in Paris, Berlin, Vienna, Madrid, Monte Carlo, Milan and Rome, inspiring admiration, jealousy, and bitter condemnation. Pat Shipman's brilliant biography pinpoints the powerful yet dangerous attributes that evoked such strong emotions in those who met Mata Hari, for hitherto the focus has been on espionage, not on exploring the events that shaped her life and caused her to transform herself from rural Dutch girl to international femme fatale.
