Carrots and Sticks Don't Work: Build a Culture of Employee Engagement with the Principles of RESPECT Paul Marciano 2010-07-02 Advance praise for Carrots and Sticks Don't Work: "Paul Marciano provides a wealth of prescriptive advice that absolutely makes sense. You can actually open the book to any chapter and gain ideas for immediate implementation." -- Beverly Kaye, coauthor of Love 'Em or Lose 'Em "This book should be in the hands of anyone who has to get work done through other people! It's an invaluable tool for any manager at any level." -- John L. Rice, Vice President Human Resources, Tyco International "Carrots and Sticks Don't Work provides a commonsense approach to employee engagement. Dr. Marciano provides great real-world insights, data, and practical examples to truly bring the RESPECT model to life." -- Renee Selman, President, Catalina Health Resources "The RESPECT model is one of the most dynamic, engaging, and thought-provoking employee engagement tools that I have seen. Dr. Marciano's work will help you provide meaningful long-term benefits for your employees, for your organization, and for yourself." -- Andy Brantley, President and CEO, College and University Professional Association for Human Resources "This book provides clear advice and instruction on how to engage your team members and inspire them to a higher level of productivity, work satisfaction, and enjoyment. I am already utilizing its techniques and finding immediate positive changes." -- Robert Roth, Director, Accounting and Reporting, Colgate Palmolive Company The title says it all: Carrots and Sticks Don't Work. Reward and recognition programs can be costly and inefficient, and they primarily reward employees who are already highly engaged and productive performers. Worse still, these programs actually decrease employee motivation because they can make individual recognition, rather than the overall success of the team, the goal. Yet many businesses turn to these measures first—unaware of a better alternative. So, when it comes to changing your organizational culture, carrots and sticks don't work! What does work is Dr. Paul Marciano's acclaimed RESPECT model, which gives you specific, low-cost, turnkey solutions and action plans-- based on seven key drivers of employee engagement that are proven and supported by decades of research and practice—that will empower you to assess, troubleshoot, and resolve engagement issues in the workplace: Recognition and acknowledgment of employees' contributions Empowerment via tools, resources, and information that set employees up to succeed Supportive feedback through ongoing performance coaching and mentoring Partnering to encourage and foster collaborative working relationships Expectations that set clear, challenging, and attainable performance goals Consideration that lets employees know that they are cared about Trust in your employees' abilities, skills, and judgment Carrots and Sticks Don't Work delivers the same proven resources and techniques that have enabled trainers, executives, managers, and owners at operations ranging from branches of the United States government to Fortune 500 corporations to twenty-person outfits to realize demonstrable gains in employee productivity and job satisfaction. When you give a little RESPECT you get a more effective organization, with reduced turnover and absenteeism and employees at all levels who are engaged, focused, and committed to succeed as a team. In short, you get maximum ROI from your organization's most powerful resource: its people!

Diversity and Leadership Jean Lau Chin 2014-09-02 Although leadership theories have evolved to reflect changing social contexts, many remain silent on issues of equity, diversity, and social justice. *Diversity and Leadership*, by Jean Lau Chin and Joseph E. Trimble, offers a new paradigm for examining leadership by bringing together two domains—research on leadership and research on diversity—to challenge existing notions of leadership and move toward a diverse and global view of society and its institutions. This compelling book delivers an approach to leadership that is inclusive, promotes access for diverse leaders, and addresses barriers that narrowly confine our perceptions and expectations of leaders. Redefining leadership as global and diverse, the authors impart new understanding of who our leaders are, the process of communication, exchange between leaders and their members, criteria for selecting, training, and evaluating leaders in the 21st century, and the organizational and societal contexts in which leadership is exercised.

Social Ecology After Bookchin Andrew Light 1998-01-01 For close to four decades, Murray Bookchin's eco-anarchist theory of social ecology has inspired philosophers and activists working to link environmental concerns with the desire for a free and egalitarian society. New veins of social ecology are now emerging, both extending and challenging Bookchin's ideas. For this instructive book, Andrew Light has assembled leading theorists to contemplate the next steps in the development of social ecology. Topics covered include reassessing ecological ethics, combining social ecology and feminism, building decentralized communities, evaluating new technology, relating theory to activism, and improving social ecology through interaction with other left traditions.

Prayers for Catholic Couples Susan Heuver 2017-01-01 Family life today can be so fast-paced and hectic that couples rarely carve out the time to pray together. Praying for Our Adult Sons and Daughters John & Therese Boucher 2012-10-01 No one ever stops being a mom or a dad. So when our children become adults, we still worry about them—and want to care for them. One way we can still care for them is to lift them up in prayer. When we do so, God's love for them—and for us—is unleashed. We are able to replace our concern with a love that comes from the heart of God. Our Father moves mountains of worry and discouragement, leaving new refreshment and delight in its place. This book is designed for parents who want to pray for their adult sons and daughters with the kind of power that makes a real difference in matters of the heart. This book: Gives parents hope, encouragement, and a renewed commitment to pray and to relate lovingly to their adult sons and daughters. Addresses the desire to be a better parent and shows how parents can best pray for specific needs. Provides questions for reflection and sharing at the end of each chapter as well as instructions for a particular prayer skill that will help readers grow as a loving parent.

The Silver Canvas Bates Lowry 2000-02-03 By the middle of the nineteenth century, the most common method of photography was the

daguerreotype—Louis Jacques Mandé Daguerre’s miraculous invention that captured in a camera visual images on a highly polished silver surface through exposure to light. In this book are presented nearly eighty masterpieces—many never previously published—from the J. Paul Getty Museum’s extensive daguerreotype collection.

The Neoliberal Age? Aled Davies 2021-12-07 The late twentieth and early twenty-first centuries are commonly characterised as an age of ‘neoliberalism’ in which individualism, competition, free markets and privatisation came to dominate Britain’s politics, economy and society. This historical framing has proven highly controversial, within both academia and contemporary political and public debate. Standard accounts of neoliberalism generally focus on the influence of political ideas in reshaping British politics; according to this narrative, neoliberalism was a right-wing ideology, peddled by political economists, think-tanks and politicians from the 1930s onwards, which finally triumphed in the 1970s and 1980s. *The Neoliberal Age?* suggests this narrative is too simplistic. Where the standard story sees neoliberalism as right-wing, this book points to some left-wing origins, too; where the standard story emphasises the agency of think-tanks and politicians, this book shows that other actors from the business world were also highly significant. Where the standard story can suggest that neoliberalism transformed subjectivities and social lives, this book illuminates other forces which helped make Britain more individualistic in the late twentieth century. The analysis thus takes neoliberalism seriously but also shows that it cannot be the only explanatory framework for understanding contemporary Britain. The book showcases cutting-edge research, making it useful to researchers and students, as well as to those interested in understanding the forces that have shaped our recent past.

Jesus Speaks to Me about My Baptism Angela Burrin 2015-05-01 Most children are baptized as infants. This beautifully illustrated book will endure for years after that special day, helping children to realize that at their baptism, they became a child of God and a member of his family, the Church. Jesus speaks directly to the children, explaining step by step what happened at their baptism and why. Each part of the rite is linked to a scene from Scripture, such as the story of Noah’s Ark and Jesus’ own baptism in the Jordan. Pages for photos and other memories make this a thoughtful gift for any child who is being baptized—a gift they will enjoy as they begin to understand the special friendship they have with Jesus.

Waterford Harbour Andrew Doherty 2020-09-30 Waterford harbour has centuries of tradition based on its extensive fishery and maritime trade. Steeped in history, customs and an enviable spirit, it was there that Andrew Doherty was born and raised amongst a treasure chest of stories spun by the fishermen, sailors and their families. As an adult he began to research these accounts and, to his surprise, found many were based on fact. In this book, Doherty will take you on a fascinating journey along the harbour, introduce you to some of its most important sites and people, the area’s history, and some of its most fantastic tales. Dreaded press gangs who raided whole communities for crew, the search for buried gold and a ship seized by pirates, the horror of a German bombing of the rural idyll during the Second World War – on every page of this incredible account you will learn something of the maritime community of Waterford Harbour.

Mending Broken Relationships, Building Strong Ones John Boucher 2015-08-01 We all struggle with relationships that are broken in some way. In this book, authors John and Therese Boucher show us eight ways to love like Jesus—through intercessory prayer, respect, forgiveness, gratitude, affirmation, forbearance, honesty, and a healing presence. These are gifts that are given to us through the power of the Holy Spirit. Like seeds that are placed in the earth, these virtues and gifts can grow with prayer, mutual support, and practice, and become the paths to strong and fulfilling relationships. Each chapter focuses on a different path to love. Many real-life stories, including those from the saints, help readers to connect these virtues and gifts to their own lives.

Cajun Kiss of Death Ellen Byron 2021-08-10 The next shot from Cupid's bow may be fatal in USA Today bestselling, Agatha Award-winning author Ellen Byron's hearty and delightful seventh Cajun Country mystery. In Pelican, Louisiana, Valentine's Day has a way of warming the heart, despite the February chill. But the air at Crozat Plantation B&B turns decidedly frigid when celebrity chef Phillippe Chanson checks in. And when the arrogant Phillippe--in town to open his newest Cajun-themed restaurant--perishes in a fiery boat crash, Maggie Crozat's dear friend JJ lands in very cold water. Did JJ, proprietor of Junie's Oyster Bar and Dance Hall, murder Phillippe because he feared the competition? Might Maggie's mother, Ninette, have bumped off the chef for stealing one of her cherished recipes? Or was the culprit a local seafood vendor, miffed because Phillippe was somehow able to sell oysters for a remarkably reasonable price, despite an oyster shortage? Maggie had planned to devote her February to art lessons in New Orleans, a present from her sweetheart, Bo. But now she has to focus on helping her friend and her mother cross a murder charge off the menu. Meanwhile, Maggie receives a series of anonymous gifts that begin as charming but grow increasingly disturbing. Does Maggie have an admirer--or a stalker? And are these mysterious gifts somehow related to Phillippe's murder? Blood may be thicker than water, but this case is thicker than gumbo. And solving it will determine whether Maggie gets hearts and roses--or hearse and lilies--this Valentine's Day.

Gender and Forests Carol J. Pierce Colfer 2016-04-14 This enlightening book brings together the work of gender and forestry specialists from various backgrounds and fields of research and action to analyse global gender conditions as related to forests. Using a variety of methods and approaches,

they build on a spectrum of theoretical perspectives to bring depth and breadth to the relevant issues and address timely and under-studied themes. Focusing particularly on tropical forests, the book presents both local case studies and global comparative studies from Africa, Asia, and Latin America, as well as the US and Europe. The studies range from personal histories of elderly American women's attitudes toward conservation, to a combined qualitative / quantitative international comparative study on REDD+, to a longitudinal examination of oil palm and gender roles over time in Kalimantan. Issues are examined across scales, from the household to the nation state and the global arena; and reach back to the past to inform present and future considerations. The collection will be of relevance to academics, researchers, policy makers and advocates with different levels of familiarity with gender issues in the field of forestry.

Intimate Conversations with the Divine Caroline Myss 2021-11-09 Now in paperback, from the New York Times best-selling author of *Sacred Contracts* and *Anatomy of the Spirit*, a timely guide with 100 prayers for entering into a personal relationship with the Divine. "I've loved so many of Caroline Myss's books, but maybe none so much as *Intimate Conversations with the Divine*. Has there ever been a more urgent need for her unique and profound (and sometimes wonderfully cranky) take on our spiritual reality, healing, and the language of holiness?" -- Anne Lamott, author of *Traveling Mercies* and *Help, Thanks, Wow* In her most personal book to date--now available in paperback for the first time--beloved teacher and best-selling author Caroline Myss draws on her own practice to help us regain our fluency in the language of prayer and renew our connection to the sacred. *Intimate Conversations with the Divine* offers 100 of Myss's personal prayers as a resource and inspiration to start a prayer practice of your own. Each prayer illustrates a different type of grace that feeds the human soul, from awakening, endurance, and healing, to silence, surrender, and trust. "We are one holy system of life and great cosmic truth, which is that all life--including all of us--breathes together," Myss writes. "I hope this book, these prayers, will bring you comfort and grace, and help you through the difficult times ahead. And I hope they will inspire you to believe that with God, all things are possible."

Bamboozled By Jesus Yvonne Orji 2021-05-25 Thriving stand-up comic and actress Yvonne Orji—best known as Issa Rae's BFF on the HBO series, *Insecure*—shares the secrets to living the life of your dreams. Yvonne Orji has never shied away from being unapologetically herself, and that includes being outspoken about her faith. Known for interpreting Biblical stories and metaphors to fit current times, her humorous and accessible approach to faith leaves even non-believers inspired and wanting more. The way Yvonne sees it, God is a Sovereign Prankster, punking folks long before Ashton Kutcher made it cool. When she meditates on her own life—complete with unforeseen blessings and unanticipated roadblocks—she realizes it's one big testimony to how God tricked her into living out her wildest dreams. And she wants us to join in on getting bamboozled. This is not a Self-Help book—it's a Get Yours book! In *Bamboozled by Jesus*, a frank and fresh advice book, Orji takes readers on a journey through twenty-five life lessons, gleaned from her own experiences and her favorite source of inspiration: the Bible. But this ain't your mama's Bible study. Yvonne infuses wit and heart in sharing pointers like why the way up is sometimes down, and how fear is synonymous to food poisoning. Her joyful, confident approach to God will inspire everyone to catapult themselves out of the mundane and into the magnificent. With bold authenticity and practical relatability, Orji is exactly the kind of cultural leader we need in these chaotic times. And her journey through being Bamboozled by Jesus paints a

powerful picture of what it means to say “yes” to a life you never could’ve imagined—if it wasn’t your own.

The Enemy at the Gate Andrew Wheatcroft 2009-11-10 In 1683, two empires - the Ottoman, based in Constantinople, and the Habsburg dynasty in Vienna - came face to face in the culmination of a 250-year power struggle: the Great Siege of Vienna. Within the city walls the choice of resistance over surrender to the largest army ever assembled by the Turks created an all-or-nothing scenario: every last survivor would be enslaved or ruthlessly slaughtered. The Turks had set their sights on taking Vienna, the city they had long called 'The Golden Apple' since their first siege of the city in 1529. Both sides remained resolute, sustained by hatred of their age-old enemy, certain that their victory would be won by the grace of God. Eastern invaders had always threatened the West: Huns, Mongols, Goths, Visigoths, Vandals and many others. The Western fears of the East were vivid and powerful and, in their new eyes, the Turks always appeared the sole aggressors. Andrew Wheatcroft's extraordinary book shows that this belief is a grievous oversimplification: during the 400 year struggle for domination, the West took the offensive just as often as the East. As modern Turkey seeks to re-orient its relationship with Europe, a new generation of politicians is exploiting the residual fears and tensions between East and West to hamper this change. *The Enemy at the Gate* provides a timely and masterful account of this most complex and epic of conflicts.

Final Report of the Truth and Reconciliation Commission of Canada, Volume One: Summary The Truth and Reconciliation Commission of Canada 2015-07-27 This is the Final Report of Canada's Truth and Reconciliation Commission and its six-year investigation of the residential school system for Aboriginal youth and the legacy of these schools. This report, the summary volume, includes the history of residential schools, the legacy of that school system, and the full text of the Commission's 94 recommendations for action to address that legacy. This report lays bare a part of Canada's history that until recently was little-known to most non-Aboriginal Canadians. The Commission discusses the logic of the colonization of Canada's territories, and why and how policy and practice developed to end the existence of distinct societies of Aboriginal peoples. Using brief excerpts from the powerful testimony heard from Survivors, this report documents the residential school system which forced children into institutions where they were forbidden to speak their language, required to discard their clothing in favour of institutional wear, given inadequate food, housed in inferior and fire-prone buildings, required to work when they should have been studying, and subjected to emotional, psychological and often physical abuse. In this setting, cruel punishments were all too common, as was sexual abuse. More than 30,000 Survivors have been compensated financially by the Government of Canada for their experiences in residential schools, but the legacy of this experience is ongoing today. This report explains the links to high rates of Aboriginal children being taken from their families, abuse of drugs and alcohol, and high rates of suicide. The report documents the drastic decline in the presence of Aboriginal languages, even as Survivors and others work to maintain their distinctive cultures, traditions, and governance. The report offers 94 calls to action on the part of governments, churches, public institutions and non-Aboriginal Canadians as a path to meaningful reconciliation of Canada today with Aboriginal citizens. Even though the historical experience of residential schools constituted an act of cultural genocide by Canadian government authorities, the United Nation's declaration of the rights of aboriginal peoples and the specific recommendations of the Commission offer a path to move from apology for these events to true reconciliation that

can be embraced by all Canadians.

Strategies for Supporting Inclusion and Diversity in the Academy Gail Crimmins 2020-06-29 This book explores tried and tested strategies that support student and faculty engagement and inclusion in the academy. These strategies are anchored by a brief exploration of the history and effect/s of exclusion and deprivelege in higher education. However, while many publications exploring academic inequality focus on the causes and impacts of structural, psychological and cultural exclusion based on racism, sexism, classism and ableism, they rarely engage in interventions to expose and combat such de/privilege. Capturing examples of inclusive practices that are as diverse as student and faculty populations, these strategies can be easily translated and employed by organisations, collectives and individuals to recognise and combat social and academic exclusion within higher education environments.
