Naughty Makeovers for Nice Girls - Dimitri James 2012-05-22

“Every time a Nice Girl shows me a Facebook photo of the woman who got the guy, the new job or the promotion, it is invariably of a Naughty Girl who looks sexy and pulled together. The Naughty Girl has the know-how

and self-confidence to turn heads and use her appeal to captivate and capture what and whom she wants. I have always loved Nice Girls. I was tired of seeing them overlooked again and again both in the workplace and by men in social situations because they lack the instincts of their Naughty Girl sisters. And since I have devoted my career to showing women of every age and shape how to repackage themselves, I decided to do something about it! **NAUGHTY MAKEOVERS FOR NICE GIRLS** is loaded with makeup and fashion advice to empower a Nice Girl to transform herself into a spicy but classy woman in every situation. So, go ahead and channel your inner naughty. Instead of fading into the background, become a star in your own life.”

Cities and Sexualities - Phil Hubbard 2013-03-01
From the hotspots of commercial sex through to the suburbia of twitching curtains, urban life and sexualities appear inseparable. Cities are the source of our most familiar images of sexual practice, and are the spaces where new understandings of sexuality take shape. In an era of global business and tourism, cities are also the hubs around which a global sex trade is organised and where virtual sex content is obsessively produced and consumed. Detailing the relationships between sexed bodies, sexual subjectivities and forms of intimacy, *Cities and Sexualities* explores the role of the city in shaping our sexual lives. At the same time, it

describes how the actions of urban governors, city planners, the police and judiciary combine to produce cities in which some sexual proclivities and tastes are normalised and others excluded. In so doing, it maps out the diverse sexual landscapes of the city - from spaces of courtship, coupling and cohabitation through to sites of adult entertainment, prostitution, and pornography. Considering both the normative geographies of heterosexuality and monogamy, as well as urban geographies of radical/queer sex, this book provides a unique perspective on the relationship between sex and the city. *Cities and Sexualities* offers a wide overview of the state-of-the-art in geographies and sociologies of sexuality, as well as an empirically-grounded account of the forms of desire that animate the erotic city. It describes the diverse sexual landscapes that characterise both the contemporary Western city as well as cities in the global South. The book features a wide range of boxed case studies as well as

suggestions for further reading at the end each chapter. It will appeal to undergraduate students studying Geography, Urban Studies, Gender Studies and Sociology.

(Sub)Urban Sexscapes - Paul J. Maginn

2014-10-10

(Sub)Urban Sexscapes brings together a collection of theoretically-informed and empirically rich case studies from internationally renowned and emerging scholars highlighting the contemporary and historical geographies and regulation of the commercial sex industry. Contributions in this edited volume examine the spatial and regulatory contours of the sex industry from a range of disciplinary perspectives—urban planning, urban geography, urban sociology, and, cultural and media studies—and geographical contexts—Australia, the UK, US and North Africa. In overall terms, *(Sub)urban Sexscapes* highlights the mainstreaming of commercial sex premises—sex shops, brothels, strip clubs and queer

spaces—and products—sex toys, erotic literature and pornography—now being commonplace in night time economy spaces, the high street, suburban shopping centres and the home. In addition, the aesthetics of commercial and alternative sexual practices—BDSM and pornography—permeate the (sub)urban landscape via billboards, newspapers and magazines, television, music videos and the Internet. The role of sex, sexuality and commercialized sex, in contributing to the general character of our cities cannot be ignored. In short, there is a need for policy-makers to be realistic about the historical, contemporary and future presence of the sex industry. Ultimately, the regulation of the sex industry should be informed by evidence as opposed to moral panics. *** Winner of the Planning Institute of Australia (WA) 2015 Award for Excellence in Cutting Edge Research and Teaching ***

Latex and Lingerie - Merl Storr 2003-07-01

Sexy, hedonistic, hilarious - Ann Summers parties are the ultimate girls' night in. Promising the perfect antidote to the toils of everyday life - sexual pleasure - they are the 'naughty but nice' version of the classic Tupperware® party. Ann Summers parties are incredibly popular, with around 4000 parties held in Britain every week. The basis is simple: to provide an all-female environment where women can buy sexy lingerie, erotic fashion, sex toys and other sex-related products. In many respects these parties enable women to transgress social taboos in the comfort of their own homes. But they are also a subtle means of constructing and enforcing heterosexual femininity. This book investigates what really goes on at these 'special' homosocial gatherings, where heterosexual women drink,

laugh, shop, play party games and talk about sex. Storr develops a new analysis of the ways heterosexual women identify with and against each other - and of what this tells us about gender, sexuality and consumption in contemporary society. Drawing on both participant observation and in-depth interviews with party organizers, this fascinating and fun book is an indispensable guide to the politics of 'post-feminist' culture.

international coverage and address the links between a positive sexuality framework and leisure research. The chapters cover sexual play and sex toys based on consumer experience perspectives; using the leisure lens to analyze sex and pornography addiction; quadriplegic sexuality and leisure; rejection and resilience on a gay cruise; relational dynamics of aging, exploitation, and deceit in sex tourism; sexual harassment of solo female travelers; and the complexity of consent in the sexualized leisure space of a pornography expo. This book will be of great value to those interested in transdisciplinary scholarship as it critically broadens the bio-psycho-socio-cultural perspective of sex as leisure. The chapters in this book were originally published as a special issue of the journal, Leisure Sciences.
