My Dragon Keeper (Broken Souls 2) - Alisa Woods 2020-01-15

When you're destined to be the soul mate of a dragon, what's love got to do with it? Nothing makes any sense. I wake up in a hospital bed with no memory of the last two weeks, no idea where I am, and a hot guy tending my every need. Well, not every need... not yet. But he's hot as sin and twice as sweet. Next thing I know, I'm confessing all my sins—and the darkness I'm still carrying inside. What have I done that I can't remember? Then he starts talking about a magical race of dark elves and soul mates and... I'm running for the door. Because I've finally cracked and none of this can be real. Cinder's a soft-hearted photographer. Aleks is a dragon whose time is running out... she might not be his soul mate, but try telling that to his heart. The Atlas Six - Olivie Blake 2021-09-28

The much-acclaimed BookTok sensation, Olivie Blake's The Atlas Six--now newly revised and edited with additional content. • The tag #theatlassix has millions of views on TikTok • A dark academic debut fantasy with an established cult following that reads like THE SECRET HISTORY meets THE UMBRELLA ACADEMY • The first in an explosive trilogy The Alexandrian Society, caretakers of lost knowledge from the

greatest civilizations of antiquity, are the foremost secret society of magical academicians in the world. Those who earn a place among the Alexandrians will secure a life of wealth, power, and prestige beyond their wildest dreams, and each decade, only the six most uniquely talented magicians are selected to be considered for initiation. Enter the latest round of six: Libby Rhodes and Nico de Varona, unwilling halves of an unfathomable whole, who exert uncanny control over every element of physicality. Reina Mori, a naturalist, who can intuit the language of life itself. Parisa Kamali, a telepath who can traverse the depths of the subconscious, navigating worlds inside the human mind. Callum Nova, an empath easily mistaken for a manipulative illusionist, who can influence the intimate workings of a person's inner self. Finally, there is Tristan Caine, who can see through illusions to a new structure of reality—an ability so rare that neither he nor his peers can fully grasp its implications. When the candidates are recruited by the mysterious Atlas Blakely, they are told they will have one year to qualify for initiation, during which time they will be permitted preliminary access to the Society's archives and judged based on their contributions to various subjects of impossibility: time and space, luck and thought, life and death. Five, they are told, will be initiated. One will be eliminated. The six potential initiates will fight to survive the next year of their lives, and if they can prove themselves to be the best among their rivals, most of them will. Most of them.
