Her Secret Admirer - Ebony
Rose 2021-04-27

Elsie hates Pal Thorpe, so if she never speaks to him again, that's fine with her. But the choice is taken away from her when a serial killer targets her as his next victim. Elsie finds herself reaching out to Pal for help, his dominance taking her breath away as her most secret desires are exposed. Pal knows that Elsie Burns hates him, and maybe the feeling is mutual. He's always taken great pains not to cross paths with the sexy little brat, but her desperate need for assistance is greater than his need to avoid her. Soon, he finds himself unable

to avoid the brat, his secret fantasies of her refusing to be ignored. The pair must pretend to be in a relationship, their acting skills put to the test as they attempt to draw out the killer who means Elsie harm. And when Pal finally gets Elsie to respond to his forbidden kink, everything changes between them. Publisher's Note: This steamy, action-packed romantic suspense contains a theme of age play and power exchange. If this offends you, please don't read it.

Twelve Years A Slave, Illustrated Edition - Solomon Northup 2014-04-08
Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's

unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Yvain - Chretien de Troyes
1987-09-10

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a courtly romance with a moral tenor; it is ironic and

sometimes bawdy, the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

Peggy is nothing special. As the night janitor at Westbridge High, she just wants to finish cleaning so she can hurry home and work on her art. For Peggy, nothing makes her feel more alive than when she's standing in front of a canvas. Then one night, everything changes... A woman in trouble runs up to Peggy and gives her a child. She begs Peggy to take the child to Fablestone where the baby will be safe. From what? Peggy doesn't know. All she knows is that the two agents who show up on her doorstep the next day aren't with the FBI, and she'd bet anything they're scientists who want to get their hands on dragon's blood. That's not going to happen. Not on Peggy's watch. Peggy doesn't have a choice. She has to get the baby to the Fablestone clan before the full moon ends. She has to reach Fablestone before it's too late. The fate of the clan is resting on Peggy, and she swore a dragon's oath to return the child to its rightful home. She'll do whatever it takes, even if it costs her everything.

Tacky - Rax King 2021-11-02
An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the
