

Sex Workers For Hire

Prostitution - Teela Sanders 2009-09-01

This imaginative and comprehensive introduction to the sex industry is as welcome as it is timely.... This is a rewarding and topical book that I would urge all interested parties to consult. Graham Scambler, Professor of Medical Sociology, University College London. A remarkably thorough analysis of prostitution in contemporary society. Situating sex work at the intersection of economy, occupation, and emotion, the authors illuminate the complex forces that shape prostitution within an emerging global order. Bringing their analysis full circle, they close with a helpful exploration of the methods by which researchers are able to investigate an area of such danger and controversy. All in all, a courageous and important book. Jeff Ferrell, Visiting Professor of Criminology, University of Kent, UK, and Professor of Sociology, Texas Christian University, USA. This excellent text fills a gap in the market as it explores the full range of issues covering sex work, policy and politics....A fascinating and informative text which will become the leading handbook in this area. Dr Louise Westmarland, Senior Lecturer in Criminology, The Open University Many commentators have attempted to analyze and explain the nature of prostitution. However, this is the first textbook to offer a complete overview of the way it operates within contemporary society, its characteristics, organizational structures and cultural contexts. The book also explores how criminal, social and health policies have sought to regulate and control the selling of sex. This introduction to the sociology and criminology of sex work is: " comprehensive - covering all key areas common to the study of the female sex industry and also includes male and transgender sex work, and the sexual exploitation of young people " interdisciplinary - combining sociological approaches with criminology, criminal justice studies, social policy, health research and sexuality studies " comparative - including the international context of the sex industry, drawing on European and other examples of law, regulation and systems that govern the sex industry " student-focused - offering a lively writing style, case studies, summaries of relevant legislation, study questions and guidance on further reading " accessible - assisting student learning and aiding lecturers in their teaching. Written by leading experts with over 20 years' experience in researching and teaching in the field, this is a must for all criminology, criminal justice and sociology students taking modules in sex industry and prostitution studies. It will also appeal to those in gender studies and social policy.

I Heart Sex Workers - Lia Claire Scholl 2013-03-15

Paying for sex - engaging in "the oldest profession" - is everywhere, even in your church. The factors leading individuals into sex work are as varied as hair colors, yet sex workers are viewed as powerless individuals who must be rescued. I Heart Sex Workers offers another perspective, one where the characters defy stereotypes and solutions are hard to find. Author Lia Scholl firmly believes the Christian response to sex work should be one of building agency for women, through education, through fighting injustice, by listening to the voices of sex workers. I Heart Sex Workers examines the forces leading individuals into prostitution, whether through coercion, choice, or circumstance. And it provides a Christian response, answering the question, "Are you my neighbor?" How do we respond to woman trading sex for a place to live tonight when she asks, "Where will I sleep?" This book discusses these issues and many more.

Sex Workers Unite - Melinda Chateauvert 2015-03-10

A provocative history that reveals how sex workers have been at the vanguard of social justice movements for the past fifty years while building a movement of their own that challenges our ideas about labor, sexuality, feminism, and freedom Documenting five decades of sex-worker activism, Sex Workers Unite is a fresh history that places prostitutes, hustlers, escorts, call girls, strippers, and porn stars in the center of America's major civil rights struggles. Although their presence has largely been ignored and obscured, in this provocative history Melinda Chateauvert recasts sex workers as savvy political organizers—not as helpless victims in need of rescue. Even before transgender sex worker Sylvia Rivera threw a brick and

sparked the Stonewall Riot in 1969, these trailblazing activists and allies challenged criminal sex laws and “whorephobia,” and were active in struggles for gay liberation, women’s rights, reproductive justice, union organizing, and prison abolition. Although the multibillion-dollar international sex industry thrives, the United States remains one of the few industrialized nations that continues to criminalize prostitution, and these discriminatory laws put workers at risk. In response, sex workers have organized to improve their working conditions and to challenge police and structural violence. Through individual confrontations and collective campaigns, they have pushed the boundaries of conventional organizing, called for decriminalization, and have reframed sex workers’ rights as human rights. Telling stories of sex workers, from the frontlines of the 1970s sex wars to the modern-day streets of SlutWalk, Chateauvert illuminates an underrepresented movement, introducing skilled activists who have organized a global campaign for self-determination and sexual freedom that is as multifaceted as the sex industry and as diverse as human sexuality.

Getting Past 'the Pimp' - Chris Bruckert 2018-01-18

The issue of third parties in the sex industry – individuals who are neither the client nor the service provider – has become especially urgent in our current socio-political context. Surprisingly, in spite of an emergence of critical scholarship on the sex industry, as well as recommendations by key governmental committees, little attention has been extended to examining the role of individuals labelled pimps, procurers, and traffickers. Addressing the function of third parties on the street and indoors, Getting Past 'the Pimp' incorporates solid empirical evidence including documentary analysis, 75 interviews with third parties, and 52 interviews with sex workers to unpack the roles and relationships of third parties in three sectors of the sex industry– incall/outcall, stripping, and street-based prostitution. Contrary to prevailing stereotypes that portray third parties as inherently abusive and controlling, these workers fulfill important roles and provide vital services as associates, fee-for-service hires, and agency owners or managers responsible for scheduling and arranging transportation and security. The sex industry, like mainstream businesses, rarely depend exclusively on client and worker to operate efficiently, and safely.

Reorienting Hong Kong's Resistance - Wen Liu 2022-01-27

This book brings together writing from activists and scholars that examine leftist and decolonial forms of resistance that have emerged from Hong Kong's contemporary era of protests. Practices such as labor unionism, police abolition, land justice struggles, and other radical expressions of self-governance may not explicitly operate under the banners of leftism and decoloniality. Nevertheless, examining them within these frameworks uncovers historical, transnational, and prefigurative sightlines that can help to contextualize and interpret their impact for Hong Kong's political future. This collection offers insights not only into Hong Kong's local struggles, but their interconnectedness with global movements as the city remains on the frontlines of international politics.

A Study of the Nature and Scope of Sex Work Networks in Kampala City, Uganda - Juliet Kanyesigye 2004

A Place Called No Homeland - Kai Cheng Thom 2017-04-17

This powerful poetry collection seeks to map the emotional and spiritual territory of diaspora, violence, abuse, and exile. Kai Cheng incorporates autobiographical details from her own childhood and adult life with the rhythms of the oral storytelling tradition and fairytale motifs, poignantly depicting the plight of trans women of color.

Prostitution and Sex Work - Melissa Hope Ditmore 2010-12-16

A fascinating overview of prostitution and sex work in the United States, from the Colonial era to today, examines the issue as it affects men, women, and transgender individuals of all races and classes. Prostitution and Sex Work is the first book since 1921 to offer a historic overview of this controversial

topic—and what our views on it say about American society. Exploring key people, places, and events, the guide includes descriptions of the myriad variations of the sale of sex and of the venues where prostitution occurs, as well as recurring themes such as panics about sexually transmitted diseases and the ever-present issue of violence in the sex trade. After reviewing the history of prostitution and sex work over the past 400 years, the book offers detailed information about the legal context of prostitution in America during the last century. It focuses particularly on the period since prostitution was criminalized during a panic over "white slavery" in the early 20th century, drawing parallels with current "sex trafficking" topics. An appendix of materials produced by sex workers is especially informative for those wishing to truly understand both sides of the issue.

Rent Boys - Michel Dorais 2005

Paints a vivid picture of the men who service men in an urban Western context. Using interviews with 40 young males, Dorais analyses their differences in terms of self-esteem, control over their lives, relations to their clients, and risk of HIV infection.

Global Woman - Barbara Ehrenreich 2003

This anthology examines the unexplored consequences of globalization on the lives of women worldwide. In a world shaped by mass migration and economic exchange on an ever-increasing scale, women are moving around the globe as never before. Every year, millions leave Mexico, Sri Lanka, the Philippines and Eastern Europe to work in the homes, nurseries and brothels of the First World - from Vietnamese mail-order brides to Mexican nannies in LA, from Thai girls in Vietnamese brothels to Czech au pairs in the UK. In the new global calculus, the female energy that flows to wealthy countries to ease a care deficit, is subtracted from poor ones, often to the detriment of the families left behind. Is the main resource now extracted from the Third World no longer gold or silver, but love?

In the Company of Men - Michael D. Smith 2011-05-04

Offering a new perspective on male prostitution, *In the Company of Men* employs qualitative methodology to present a real-world view of the issues, both obvious and obscure, surrounding the world's "second-oldest profession." *In the Company of Men: Inside the Lives of Male Prostitutes* is the only book to document male prostitution from the perspective of a group of men working for a single male escort agency. The in-depth account goes behind the scenes to shed light on the very hidden world of Internet male escorts, their customers, and the niche they inhabit in modern American society. At the same time, it has much to tell us about post-modern identity, culture, and sexuality—and the transformative influence of the Internet on sexual behavior and male prostitution. Through numerous interviews, the book examines the sometimes-dichotomous relationship between the image men convey and the lengths to which they go in order to meet their most private needs. Readers travel down a cyber Sunset Boulevard to see what attracts young men to work as escorts, how an escort agency serves economic and personal goals, and how a community can evolve among the men involved.

Sex Work Now - Rosie Campbell 2013-05-13

Sex Work Now provides an authoritative overview of female sex work and policy in the UK, and addresses a number of key contemporary issues and debates. These include sex worker unionization, migrant sex work and trafficking, communities and sex work, male clients of sex workers, the policing of prostitution, zoning of street sex work, young people and sexual exploitation, drug use and sex work, exiting, violence and sex work. Throughout the book is shaped by the lives and experiences of sex workers themselves drawing on applied, policy or participatory action research. This book approaches the subject from an interdisciplinary perspective, cutting across conventional boundaries of sociology, criminology, politics and social policy. Contributors to the book include academics, researchers, practitioners and activists who are among the leading commentators on prostitution in the UK. provides overview of sex work in UK considers impact of recent legislation and policy, especially Sex Offences Act 2003 focus on lives and experiences of sex workers themselves

Thriving in Sex Work - Lola Davina 2017-07-13

A self-help book for sex workers. Sex work is ?easy money? Hardly. The adult industry is riddled with pitfalls and dangers. Erotic labor is often emotionally demanding, draining, and complex. It can be hard to know who to turn to for advice on keeping yourself safe and sane. Lola Davina, former stripper, dominatrix, porn

actress and escort, provides the life skills you need to prosper, including: ? Cultivating friendships, community, and romance ? Mastering money? Debunking sex industry myths such as you have to be flawless, or clients hate to hear ?no? Avoiding trigger states, like loneliness, fatigue, boredom, anxiety and depression, that lead to bad decision-making and burnout? Surviving bad calls, shifts, and shoots ? and so much more? Thriving in sex work means having a healthy body, mind, heart, and bank account. No matter your job title or gender, whether you're independent or work for someone else, if you want to succeed in sex work, then this book is for you.

Disarm, Defund, Dismantle - Shiri Pasternak 2022-04-04

Canadian laws are just, the police uphold the rule of law and treat everyone equally, and without the police, communities would descend into chaos and disorder. These entrenched myths, rooted in settler-colonial logic, work to obscure a hard truth: the police do not keep us safe. This edited collection brings together writing from a range of activists and scholars, whose words are rooted in experience and solidarity with those putting their lives on the line to fight for police abolition in Canada. Together, they imagine a different world—one in which police power is eroded and dissolved forever, one in which it is possible to respond to distress and harm with assistance and care.

Revolting Prostitutes - Molly Smith 2018-11-06

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

Street Sex Workers' Discourse - Jill McCracken 2013-04-17

Incorporating the voices and insights of street sex workers through personal interviews, this monograph argues that the material conditions of many street workers — the physical environments they live in and their effects on the workers' bodies, identities, and spirits — are represented, reproduced, and entrenched in the language surrounding their work. As an ethnographic case study of a local system that can be extrapolated to other subcultures and the construction of identities, this book disrupts some of the more prevalent academic and lay understandings about street prostitution by providing a thorough analysis of the material conditions surrounding street work and their connection to discourse. McCracken offers an explanation of how constructions can be made differently in order to achieve representations that are generated by the marginalized populations themselves, while placing responsibility for this marginalization on the society in which these people live.

Women for Hire - Alain Corbin 1990

Alain Corbin depicts prostitution in nineteenth-century France not as a vice, crime, or disease, but as a well-organized business. Corbin reveals how the brothel served the sex industry in the same way that the factory served manufacturing: it provided an institution for the efficient and profitable sale of services.

Cosmopolitan Sex Workers - Christine B.N. Chin 2013-05-02

Analysis of the women who migrate for sex work, the organizations that facilitate these placements and the hierarchies that persist within the trade, all of which unfold in Kuala Lumpur, Malaysia.

Selling Sex in the City: A Global History of Prostitution, 1600s-2000s - 2017-08-28

Selling Sex in the City offers a worldwide analysis of prostitution since 1600. It analyses more than 20 cities with an important sex industry and compares policies and social trends, coercion and agency, but also prostitutes' working and living conditions.

Upstairs Girls - Michael Rutter 2012-11-26

Prostitutes make up one of the most engaging chapters in the story of the American West. *Upstairs Girls* opens a window on the lives of these women for hire. Historian Michael Rutter offers a thorough and fascinating history of prostitution in the West, with details on why women turned to this profession and what their lives were like. Chapters on the notorious madams, the tragic Chinese sex trade, occupational hazards, rowdy dancehall girls, and the efforts of the "Moral Purity Movement" supplement the heart-

breaking and sometimes humorous profiles on some of the most famous madams and prostitutes in history.
