The Effective Sex Positions for Couples Mia Fox 2019-10-10 Buy the paperback version of this book and you will get the kindle book version for free Have you ever asked to yourself how better could be your sex life and your partner one too? Have you already tried to improve your life in bed with patience and effort but still disappointed? Do you feel even over stressed because of it? Well, this book is a solution for you, an answer to all of your questions. If you are reading this description, I know that, unfortunately, you have experienced some big problems that are ruining your sexual relationship; and you want to make a change. Problems like premature ejaculation, not knowing how to give her/him a real orgasm, not knowing how to practice oral and anal sex properly, problems with where and how to touch and kiss each other in the best way, poor lifestyle (yes that's a problem too). And the list doesn't stop here... And this is frustrating, because honestly talking, sex is the best part of a relationship; it's that moment when you share your entire being and your most hidden emotions and dirty thoughts, with the other person. And there is no worse feeling than knowing that you didn't satisfy that person, it's like a punch in the stomach. You lose all your motivation and self esteem. I think nobody deserve this. So how do you fix that? The answer is learning and applying what's written in this book. You will learn: The 7 wrong myths about anal sex and how to do it safely How to have sex 8 times per week with your partner 3 emergency tactics for premature ejaculation how to find the G spot and stimulate it the 7 secrets of female masturbation 5 things you don't know about female ejaculation 3 tips to understand if she is pretending or not an orgasm 5 strange methods to give her an orgasm And much more, trust me. I know exactly what you are thinking right now: "this is an other scam" "an other scammer who wants me to buy this book just to make money and not giving me any value". And you are absolutely right, because you don't know me.

But here is a thing: I really want to help you because I've experienced your same problems and I know how it feels when you are so stressed and anxious about sexual issues and sex in general, that you are not even able to spend pleasurable moments in bed, making both yourself and your partner happy. So I tell you this: even if you struggled and tried hard to find a solution and didn't get anything, you can still transform your situation; even if you have lost your hope. But be careful, there is no magic pill, no overnight accomplishments, so I can't guarantee you success, but what I can guarantee, based on my own experience, is that if you have patience, do a lot of practice, and be consistent, then massive results will manifest in your life; and this time all the hard work you put in, is going to be finally worth it. So don't wait one more second, scroll up and buy this book right now!!

The Kama Sutra of Vatsyayana Vatsyayana 2021-08-29 The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsyayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraji. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

The sad truth is that most women end up faking an orgasm to avoid the awkward tension when her male knows he hasn't got her there. But not anymore. You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally be speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." ; ; Want to know more and learn 101 Sex Positions? You know what to do.
