

Sexual Behavior In Modern China

The Continuum Complete International Encyclopedia of Sexuality - Robert T. Francoeur 2004-01-01

--A completely updated one-volume edition of the 4-volume International Encyclopedia of Sexuality--Includes nearly 60 countries and places--12 not previously covered--by more than 200 authorities--It is the only reference work of its kind in any language

Exploring the Dimensions of Human Sexuality - Greenberg 2016-02-19

Fully revised and updated with the latest data in the field, the Sixth Edition of *Exploring the Dimensions of Human Sexuality* represents all aspects of human sexuality and explores how it affects personality, development, and decision making. Using a student-friendly interpersonal approach, the text discusses contemporary concepts as well as controversial topics in a sensitive manner, and covers the physiological, biological, psychological, spiritual, and cultural dimensions of human sexuality. *Exploring the Dimensions of Human Sexuality* is an essential text for teaching sexuality and presents an integrated view of human sexuality that encourages students to pursue positive decisions, sexual health, and a lifetime of wellness.

Encyclopedia of Contemporary Chinese Culture - Edward Lawrence Davis 2005

First Published in 2009. Routledge is an imprint of Taylor & Francis, an informa company.

Sex in China - Elaine Jeffreys 2015-06-05
Choice Outstanding Academic Title for 2015
Sex in China introduces readers to some of the dramatic shifts that have taken place in Chinese sexual behaviours and attitudes, and public discussions of sex, since the 1980s. The book explores what it means to talk about 'sex' in present-day China, where sex and sexuality are more and more visible in everyday life. Elaine Jeffreys and Haiqing Yu situate China's changing sexual culture, and how it is governed, in the socio-political history of the People's Republic of China. They demonstrate that Chinese

governmental authorities and policies do not set out strictly to repress 'sex'; they also create spaces for the emergence of new sexual subjects and subjectivities. They discuss the complexities surrounding the ongoing explosion of commentary on sex and sexuality in the PRC, and the emergence of new sexual behaviours and mores. *Sex in China* offers clear, critical coverage of sex-related issues that are a focus of public concern and debate in China - chapters focus on sex studies; marriage and family planning; youth and sex(iness); gay, lesbian and queer discourses and identities; commercial sex; and HIV/AIDS. This book will be an invaluable resource for students and scholars both of modern China and of sex and sexualities, who wish to understand the role that 'sex' plays in contemporary China.

China's Transformations - Lionel M. Jensen 2007
Trouble-makers or truth-sayers? : the peculiar status of foreign correspondents in China / Martin Fackler -- The political roots of China's environmental degradation / Judith Shapiro -- Fueling China's capitalist transformation : the human cost / Timothy B. Weston -- Qigong, Falun Gong, and the body politic in contemporary China / David Ownby -- Narratives to live by : the century of humiliation and Chinese national identity today / Peter Hays Gries -- The Internet : a force to transform Chinese society? / Xiao Qiang -- The politics of filmmaking and movie watching / Sylvia Li-chün Lin -- Fictional China / Howard Goldblatt -- Of rice and meat : real Chinese food / Susan D. Blum -- Herding the masses : public opinion and democracy in today's China / Tong Lam -- Sex tourism and lure of the ethnic erotic in Southwest China / Sandra Teresa Hyde -- Welcome to paradise! : a Sino-U.S. joint-venture project / Tim Oakes -- The new Chinese intellectual : globalized, disoriented, reoriented / Timothy Cheek -- Reporting China since the 1960s / John Gittings -- Afterword: China, the United States and the fragile planet / Lionel M. Jensen.

China Off Center - Susan D. Blum 2002-09-30

China Off Center takes as its fundamental assumption that contemporary China can only be understood as a complex, decentralized place, where the view from above (Beijing) and from tourist buses is a skewed one. Instead of generalizing about China, it demonstrates that this diverse national terrain is better conceived as it is experienced by Chinese, as a set of many Chinas. To that end, this anthology of interpretive essays and ethnographic reports focuses on the everyday, the particular, the local, and the puzzling. Among the many topics covered are ethnic minorities, linguistic diversity, competing regional loyalties, sexuality, gender and work, the floating populations, rock and roll, qigong (spiritual and martial arts), and popular religion. Together with contextualizing introductions, the readings provide students with a compelling look at some little-known but significant aspects of China from the past decade; for those already familiar with China, they furnish an assortment of uncommon viewpoints in a single, convenient volume.

Sex and Sexuality in China - Elaine Jeffreys
2007-01-24

Elaine Jeffreys explores the issues of sex and sexuality in a non-Western context by examining debates surrounding the emergence of new sexual behaviours, and the appropriate nature of their regulation, in the People's Republic of China. Commissioned from Western and mainland Chinese scholars of sex and sexuality in China, the chapters in this volume are marked by a diversity of subject material and theoretical perspectives, but turn on three related concerns. First, the book situates China's changing sexual culture and the nature of its governance in the socio-political history of the PRC. Second, it shows how China's shift to a rule of law has generated conflicting conceptions of citizenship and the associated rights of individuals as sexual citizens. Finally, the book demonstrates that the Chinese state does not operate strictly to repress 'sex'; it also is implicated in the creation of new spaces for sexual entrepreneurship, expertise and consumption. This comprehensive study is a valuable resource for scholars in the fields of sexuality studies and post-socialist societies and culture, directly appealing to both East Asia and China specialists.

[The Culture of Sex in Ancient China](#) - Paul R.

Goldin 2001-10-31

The subject of sex was central to early Chinese thought. Discussed openly and seriously as a fundamental topic of human speculation, it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships. This sophisticated and long-standing tradition, however, has been all but neglected by modern historians. In *The Culture of Sex in Ancient China*, Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B.C. to A.D. 400. A survey of major pre-imperial sources, including some of the most revered and influential texts in the Chinese tradition, reveals the use of the image of copulation as a metaphor for various human relations, such as those between a worshiper and his or her deity or a ruler and his subjects. In his examination of early Confucian views of women, Goldin notes that, while contradictions and ambiguities existed in the articulation of these views, women were nevertheless regarded as full participants in the Confucian project of self-transformation. He goes on to show how assumptions concerning the relationship of sexual behavior to political activity (assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book) led to increasing attempts to regulate sexual behavior throughout the Han dynasty. Following the fall of the Han, this ideology was rejected by the aristocracy, who continually resisted claims of sovereignty made by impotent emperors in a succession of short-lived dynasties. Erudite and immensely entertaining, this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures.

Remapping China - Gail Hershatter 1996

These stimulating essays address such topics as histories of public health, emotional life, law, and sexuality, notions of borders and frontiers, the relationship between native place identities and nationalism, the May Fourth Movement, and the periodization of the Chinese revolution.

Cultural Politics of Gender and Sexuality in Contemporary Asia - Tiantian Zheng

2016-02-29

In globalizing Asia, sexual mores and gender roles are in constant flux. How have economic shifts and social changes altered and reconfigured the cultural meanings of gender and sexuality in the region? How have the changing political economy and social milieu influenced and shaped the inner workings and micro-politics of family structure, gender relationships, intimate romance, transactional sex, and sexual behaviors? This volume offers up-to-date, grounded, critical analysis of the complex intersections of gender, sexuality, and political economy across a diverse array of Asian societies: China, Japan, Cambodia, Vietnam, India, Pakistan, Hong Kong, Thailand, and Taiwan. Based on intense ethnographic fieldwork, the chapters disentangle the ways in which gendered and sexual experiences are impinged upon by state policies, economic realities, cultural ideologies, and social hierarchies. Whether highlighting intimate relationships between elite businessmen and their mistresses in China; nightclub performances by Thai men in Bangkok; single women's views of romance, motherhood, and marriage in Hong Kong, Shanghai, and Tokyo; or male same-sex relationships in Pakistan—each chapter centers around the stories of the gendered subjects themselves and how they are shaped by outside forces. Taken together they provide a provocative entrée into the cultural politics of gender and sexuality in Asia. By foregrounding cross-cultural ethnographic research, this volume sheds light on how configurations of gender and sexuality are constituted, negotiated, contested, transformed, and at times, perpetuated and reproduced in private, intimate experiences. It will be of particular interest to students and scholars in anthropology, sociology, political science, and women's and LGBTQ studies.

Close Relationships - Patricia Noller 2013-05-13
Close Relationships: Functions, Forms and Processes provides an overview of current theory and research in the area of close relationships, written by internationally renowned scholars whose work is at the cutting edge of research in the field. The volume consists of three sections: introductory issues, types of relationships, and relationship processes. In the first section, there is an

exploration of the functions and benefits of close relationships, the diversity of methodologies used to study them, and the changing social context in which close relationships are embedded. A second section examines the various types of close relationships, including family bonds and friendships. The third section focuses on key relationship processes, including attachment, intimacy, sexuality, and conflict. This book is designed to be an essential resource for senior undergraduate and postgraduate students, researchers, and practitioners, and will be suitable as a resource in advanced courses dealing with the social psychology of close relationships.

The Geography of Perversion - Rudi C Bleys
 1996-07

A thorough, cross-cultural history of sexual categories, focusing on such subjects as puritanism, sodomy, and ethnicity in colonial North America; cross-gender behavior and hermaphroditism; and the semiotics of genitalia. The author also demonstrates that representation of cultural "otherness," as found in European thought from the Enlightenment through modern times, is closely related to modern constructions of homosexual identity. Annotation copyright by Book News, Inc., Portland, OR

Appetites - Judith Farquhar 2002-04-05

Judith Farquhar's innovative study of medicine and popular culture in modern China reveals the thoroughly political and historical character of pleasure. Ranging over a variety of cultural terrains--fiction, medical texts, film and television, journalism, and observations of clinics and urban daily life in Beijing—*Appetites* challenges the assumption that the mundane enjoyments of bodily life are natural and unvarying. Farquhar analyzes modern Chinese reflections on embodied existence to show how contemporary appetites are grounded in history. From eating well in improving economic times to memories of the late 1950s famine, from the flavors of traditional Chinese medicine to modernity's private sexual passions, this book argues that embodiment in all its forms must be invented and sustained in public reflections about personal and national life. As much at home in science studies and social theory as in the details of life in Beijing, this account uses

anthropology, cultural studies, and literary criticism to read contemporary Chinese life in a materialist and reflexive mode. For both Maoist and market reform periods, this is a story of high culture in appetites, desire in collective life, and politics in the body and its dispositions.

Exploring the Dimensions of Human

Sexuality - Jerrold Greenberg 2010-03-10

Exploring the Dimensions of Human Sexuality, Fourth Edition addresses all aspects of sexuality—biological, spiritual, psychological, and sociocultural—and presents the information both factually and impartially. Throughout the text, students will find an emphasis on health and well-being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality. Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality, sexual health, and sexual responsibility.

Gender and Sexuality in Modern Chinese

History - Susan L. Mann 2011-09-19

Gender and sexuality have been neglected topics in the history of Chinese civilization, despite the fact that there is a massive amount of historical evidence on the subject. China's late imperial government was arguably more concerned about gender and sexuality among its subjects than any other pre-modern state. How did these and other late imperial legacies shape twentieth-century notions of gender and sexuality in modern China? Susan Mann answers this by focusing on state policy, ideas about the physical body and notions of sexuality and difference in China's recent history, from medicine to the theater to the gay bars; from law to art and sports. More broadly, the book shows how changes in attitudes toward sex and gender in China during the twentieth century have cast a new light on the process of becoming modern, while simultaneously challenging the universalizing assumptions of Western modernity.

Men and Masculinities in Contemporary

China - Geng Song 2013-11-07

In Men and Masculinities in Contemporary China, Geng Song and Derek Hird offer an account of Chinese masculinities in media discourse and everyday life, covering masculinities on television, in lifestyle

magazines, in cyberspace, at work, at leisure, and at home.

Sexual Life in Sweden - Hans Zetterberg

2021-10-15

Now available in English, Sexual Life in Sweden is a classic piece of sex research by one of Sweden's most distinguished social scientists. Sponsored by the Royal Commission on Sex Education more than thirty years ago, it remains the only study of sexual behavior in a randomly selected adult population sample ever funded by a government. Because an astonishing response rate was achieved (91 percent) during the course of Zetterberg's research, the claim that Sweden is one of the few countries where generalizations about national sexual behavior can be made may be stated with confidence. Zetterberg's study matches the gender of interviewers to that of subjects. From a theoretical perspective, Zetterberg analyzes the change in Sweden from a "restrictive" to a "contraceptive" society. The study makes it clear that, with over 1,000 acts of intercourse for every live birth, 90 percent of sexual activity between consenting adults in modern Sweden does not result simply for procreation. Nevertheless, the research yields a picture of a highly responsible society. Zetterberg explores the emergence of two powerful new norms: "when having sex, you must use contraception," and "when in an existing sexual relationship, you must not start another one." He also examines the issue of abortion as part of a concept of social justice. The author compares the behavior of those who experience an unwanted pregnancy with those who do not, and explains that abortion is seen by Swedes as part of the provision of the welfare and social justice system. Included is an examination of the sexual behavior of young people—the age of their first sexual experience, the circumstances surrounding it, whether positive parental involvement in their children's lives has any influence on their sexual conduct, and sex education programs in the schools. This translation of Zetterberg's study has been prepared by British sociologist Graham Fennell, who also authored a new introduction positioning Zetterberg's work in the history of sex research and comparing its findings with contemporary studies in Scandinavia, Western

Europe, and North America. In light of the ongoing controversies about sex education, its conclusions remain relevant to policy discussions today

Sexual Behavior in Modern China - Dalin Liu
1997-04

This is the first nationwide survey of sexual behavior in China, which, in the meantime, has been widely acclaimed as the "Chinese Kinsey Report." The report was planned and supervised by four sex researchers leading a team of 40 assistants and over 500 field workers over a 15-month period. They obtained over 20,000 completed questionnaires from all parts of China, northern and southern, rural and urban. The voluminous book caused a sensation not only in the People's Republic, but also in Taiwan, Hong Kong, and Singapore. It provided a first glimpse of a hitherto hidden aspect of life in

China. A groundbreaking survey -- nothing more or less than the Kinsey report of modern China. Sexual Behavior in Modern China: Report on the Nationwide Survey of 20,000 Men and Women.

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2007

Exploring The Dimensions Of Human Sexuality, Third Edition, Has Been Extensively Updated To Include Information And Statistics About Recent Developments. This Text Continues To Encourage Students To Explore The Varied Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality, Sexual Health, And Sexual Responsibility. All Aspects Of Sexuality--Biological, Spiritual, Psychological, And Sociocultural--Are Presented Factually And Impartially.
