

Sexuality And Human Values The Personal Dimension Of Sexual Experience

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2014

An Ordered Love - Louis J. Kern 2014-07-01

An Ordered Love is the first detailed study of sex roles in the utopian communities that proposed alternatives to monogamous marriage: The Shakers (1779-1890), the Mormons (1843-90), and the Oneida Community (1848-79). The lives of men and women changed substantially when they joined one of the utopian communities. Louis J. Kern challenges the commonly held belief that Mormon polygamy was uniformly downgrading to women and that Oneida

pantagamy and Shaker celibacy were liberating for them. Rather, Kern asserts that changes in sexual behavior and roles for women occurred in ideological environments that assumed women were inferior and needed male guidance. An elemental distrust of women denied the Victorian belief in their moral superiority, attacked the sanctity of the maternal role, and institutionalized the dominance of men over women. These utopias accepted the revolutionary idea that the pleasure bond was the essence of marriage. They provided their members with a highly developed theological and ideological position that helped them cope

Sexuality And Human Values The Personal Dimension Of Sexual Experience

with the ambiguities and anxieties they felt during a difficult transitional stage in social mores. Analysis of the theological doctrines of these communities indicates how pervasive sexual questions were in the minds of the utopians and how closely they were related to both reform (social perfection) and salvation (individual perfection). These communities saw sex as the point at which the demands of individual selfishness and the social requirements of self-sacrifice were in most open conflict. They did not offer their members sexual license, but rather they established ideals of sexual orderliness and moral stability and sought to provide a refuge from the rampant sexual anxieties of Victorian culture. Kern examines the critical importance of considerations of sexuality and sexual behavior in these communities, recognizing their value as indications of larger social and cultural tensions. Using the insights of history, psychology, and sociology, he investigates the relationships between the

individual and society, ideology and behavior, and thought and action as expressed in the sexual life of these three communities.

Previously unused manuscript sources on the Oneida Community and Shaker journals and daybooks reveal interesting and sometimes startling information on sexual behavior and attitudes.

Sexuality And Human Values The Personal Dimension Of Sexual Experience

Dimensions of Human Sexuality represents all aspects of human sexuality and explores how it affects personality, development, and decision making. Using a student-friendly interpersonal approach, the text discusses contemporary concepts as well as controversial topics in a sensitive manner, and covers the physiological, biological, psychological, spiritual, and cultural dimensions of human sexuality. Exploring the Dimensions of Human Sexuality is an essential text for teaching sexuality and presents an integrated view of human sexuality that encourages students to pursue positive decisions, sexual health, and a lifetime of wellness.

Exploring the Dimensions of Human Sexuality - Jerrold Greenberg 2010-03-10
Exploring the Dimensions of Human Sexuality, Fourth Edition addresses all aspects of sexuality—biological, spiritual, psychological, and sociocultural—and presents the information both factually and impartially. Throughout the

text, students will find an emphasis on health and well-being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality. Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality, sexual health, and sexual responsibility.

Heterosexual Histories - Rebecca L. Davis
2021-02-09

The history of heterosexuality in North America across four centuries Heterosexuality is usually regarded as something inherently “natural”—but what is heterosexuality, and how has it taken shape across the centuries? By challenging ahistorical approaches to the heterosexual subject, Heterosexual Histories constructs a new framework for the history of heterosexuality, examining unexplored assumptions and insisting that not only sex but race, class, gender, age, and geography matter to its past. Each of the fourteen essays in this volume examines the

Sexuality And Human Values The Personal Dimension Of Sexual Experience

history of heterosexuality from a different angle, seeking to study this topic in a way that recognizes plurality, divergence, and inequity. Editors Rebecca L. Davis and Michele Mitchell have formed a collection that spans four centuries, addressing the many different racial groups, geographies, and subcultures of heterosexuality in North America. The essays range across disciplines with experts from various fields examining heterosexuality from unique perspectives: a historian shows how defining heterosexuality, sex, and desire were integral to the formation of British America and the process of colonization; a legal scholar examines the connections between race, sexual citizenship, and nonmarital motherhood; a gender studies expert analyzes the Clinton-Lewinsky scandal, and explores the intersections of heterosexuality with shame and second-wave feminism. Together, these essays explain how differently earlier Americans understood the varieties of gender and different-sex sexuality,

how heterosexuality emerged as a dominant way of describing gender, and how openly many people acknowledged and addressed heterosexuality's fragility. By contesting presumptions of heterosexuality's stability or consistency, *Heterosexual Histories* opens the historical record to interrogations of the raced, classed, and gendered varieties of heterosexuality and considers the implications of heterosexuality's multiplicities and changes. Providing both a sweeping historical survey and concentrated case studies, *Heterosexual Histories* is a crucial addition to the field of sexuality studies.

Evaluation of Values Clarification as a Method of Teaching a College Level Human Sexuality Course - Nancy Brunton Smith 1982

Classroom Issues - Mal Leicester 2005-10-05

Sexuality And Human Values The Personal Dimension Of Sexual Experience

development, such as mathematics and technology, as well as the more familiar terrain of literature and drama. A particularly useful section deals with aesthetic education.

The War Against Population - Jacqueline Rorabeck Kasun 1999

Challenges the assumption that unchecked human population growth will lead to social and economic disaster.

Sexuality and Human Values - Siecus Conference on Religion and Sexuality, St. Louis, 1971 1974

America's Sexual Transformation - Gary F. Kelly 2011-11-15

This book explains how the short-lived sexual revolution 50 years ago has led to the current evolution of our sexual values and behaviors and social standards among youth culture, examining topics such as communication technologies and sex, teen pregnancy, and divorce rates in the Bible Belt. Is an increase in sexual activity

during adolescence a normal part of the transition to adulthood, or evidence of a societal problem? Why would conservative religious youth become sexually active earlier than their peers and be more likely to have an unintended pregnancy or sexually transmitted disease? How are women continuing to lead our society's sexual transformation? Written by an author whose 40-year career in sexology and university administration provides a uniquely qualified perspective upon both sex research and the changing sexual perceptions of American youth, this comprehensive book is must-read for both parents and policy makers. America's Sexual Transformation traces the philosophical, cultural, and scientific developments responsible for the beginning and end of America's sexual revolution that have now spawned a more substantive sexual transformation. It examines traditional theories and attitudes regarding sex, and demonstrates how the findings of sex research provide entirely new paradigms that

Sexuality And Human Values The Personal Dimension Of Sexual Experience

should replace outmoded and harmful theories. This groundbreaking book also explains who we are as sexual individuals and how we got to be that way.

Values in Sexuality Education - Ronald William Morris 1994

This book challenges the perception that sexuality educators ought to remain value-neutral and that sexual-values education is an object in the school designed to solve sexual-moral problems. Contents: List of Tables; Preface; Acknowledgments; Introduction; PART ONE: REVIEW AND CRITIQUE OF THE LITERATURE'S PHILOSOPHICAL ORIENTATION ON VALUES IN SEXUALITY EDUCATION; Values and Sexuality Education in Historical Perspective; The Crisis-Instrumental Paradigm and the Ethic of Value-Neutrality; Sexuality Education and Lawrence Kohlberg's Theory of Moral Development; PART TWO: TOWARD A MORE HOLISTIC VIEW OF SEXUAL-VALUES EDUCATION; Robert Kegan's

Theory of Human Development; Sexuality, Valuing, and the Cultures of Embeddedness in Kegan's Development Stages; Educational Principles and Issues Arising; Conclusion; Bibliography; Index.

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2007

Exploring The Dimensions Of Human Sexuality, Third Edition, Has Been Extensively Updated To Include Information And Statistics About Recent Developments. This Text Continues To Encourage Students To Explore The Varied Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality, Sexual Health, And Sexual Responsibility. All Aspects Of Sexuality--Biological, Spiritual, Psychological, And Sociocultural--Are Presented Factually And Impartially.

Occupational Therapy for People Experiencing Illness, Injury or Impairment E-Book (previously entitled Occupational Therapy and Physical Dysfunction) - Michael

Downloaded from

Sexuality And Human Values The Personal Dimension Of Sexual Experience

Curtin 2016-12-16

The sixth edition of this classic book remains a key text for occupational therapists, supporting their practice in working with people with physical impairments, stimulating reflection on the knowledge, skills and attitudes which inform practice, and encouraging the development of occupation-focused practice. Within this book, the editors have addressed the call by leaders within the profession to ensure that an occupational perspective shapes the skills and strategies used within occupational therapy practice. Rather than focusing on discrete diagnostic categories the book presents a range of strategies that, with the use of professional reasoning, can be transferred across practice settings. The new editors have radically updated the book, in response to the numerous internal and external influences on the profession, illustrating how an occupational perspective underpins occupational therapy practice. A global outlook is intrinsic to this edition of the

book, as demonstrated by the large number of contributors recruited from across the world. Covers everything the student needs within the physical disorders part of their course Links theory of principles to practice and management Written and edited by a team of internationally experienced OT teachers, clinicians and managers Gives key references and further reading lists for more detailed study Written within a framework of lifespan development in line with current teaching and practice Includes practice scenarios and case studies Focuses on strategies Subtitle reflecting the primacy of occupation in occupational therapy practice Inclusion of practice scenarios to illustrate the application of theory to practice Features such as chapter summaries and key points, providing a quick overview of each chapter A focus on strategies rather than diagnostic categories Consideration of individuals, groups and communities An international perspective Language that is person-centred and inclusive

National Library of Medicine Current Catalog - National Library of Medicine (U.S.) 1971
First multi-year cumulation covers six years: 1965-70.

Sexual Ideology and Schooling - Alexander McKay 1998-01-01

Presents a comprehensive analysis of the debates surrounding sexuality education in the schools and examines their implications for the content of educational programs.

Teaching Moral Sex - Kristy L. Slominski 2021
"Teaching Moral Sex is the first comprehensive study to focus on the role of religion in the history of public sex education in the United States. It examines religious contributions to national sex education organizations from the late nineteenth century to the early twenty-first century, highlighting issues of public health, public education, family, and the role of the state. It details how public sex education was

created through the collaboration of religious sex educators-primarily liberal Protestants, along with some Catholics and Reform Jews-with "men of science," namely physicians, biology professors, and social scientists. Slominski argues that the work of early religious sex educators laid foundations for both sides of contemporary controversies regarding comprehensive sexuality education and abstinence-only education. In other words, instead of casting religion as merely an opponent of sex education, this research shows how deeply embedded religion has been in sex education history and how this legacy has shaped terms of current debates. By focusing on religion, this book introduces a new cast of characters into sex education history, including Quaker and Unitarian social purity reformers, the Young Men's Christian Association, military chaplains, the Federal Council of Churches, and the National Council of Churches. These religious sex educators made sex education

Sexuality And Human Values The Personal Dimension Of Sexual Experience

more acceptable to the public and created the groundwork for recent debates through their strategic combination of progressive and restrictive approaches to sexuality. Their contributions helped to spread sex education and influenced major shifts within the movement, including the mid-century embrace of family life education"--

Human Sexuality - Eric Golanty 2011-03-02
Human Sexuality: The Basics presents the core information underlying the vast subject of human sexuality in a concise, no-frills manner

that is easy for students to read and comprehend. Emphasis on the biological basis of sexuality provides students with a structure to understand the important aspects of sexuality presented in other chapters. This approach also provides the basis for encouraging tolerance, acceptance, and understanding of different sexual preferences and behaviors. Critical thinking questions at the end of each chapter along with learning objectives, summaries, and definitions of terms facilitate learning for students.
