The Clitoral Truth, 2nd Edition - Rebecca Chalker 2018-04-03

The Clitoral Truth goes beyond all other sexuality self-help guides by providing a surprising "inside" look at women's genital anatomy, and revealing that what is almost universally thought of as a sensitive pea-sized nubbin is, in reality, a powerful, responsive organ system. The Clitoral Truth reveals every aspect of this multifaceted organ and how the parts work together to produce pleasure and orgasm. This frank, frisky, user-friendly guide also delves into the controversy over female ejaculation and explores why so few women have discovered their potential to experience multiple orgasms. It also reports on why so many women of all ages fake orgasms, and it settles the controversy over the G-Spot once and for all. Can't find your G-Spot? Hey, you've got something better! Here are vivid personal accounts, a savvy, in-depth survey of female sexuality resources, and the bold and explicit illustrations of San Francisco artist Fish. The Clitoral Truth surveys the numerous ways that women have begun to transform the deeply entrenched male-centered model of sexuality to actively redefine it by emphasizing full-body pleasure. And, likely, better orgasms!

Bad Attitude(s) on Trial - Shannon Bell 2017-06-22

Bad Attitude(s) on Trial is a critical analysis of pornography in the context of contemporary Canada. The notion that pornography both reflects sexual domination and 'victimizes' women has recently found expression in law in the landmark Canadian Supreme Court decision of R. v. Butler (1992). Many feminists embrace this new law as progressive, but in the post-Butler years, straight, mainstream pornography is still flourishing, while sexual representations that challenge conventional notions of sexuality, such as those centering on gay and lesbian sex and s/m sex, are the focus of censorship. It is the censorship of sexual others that the authors critique from a legal, cultural, gay, and philosophical standpoint. Lise Gotell examines the intervention of the Women's Legal Education and Action Fund (LEAF) in the Butler decision and provides an overview of socio-legal debates on pornography and censorship. Brenda Cossman examines the Butler decision itself and challenges the dominant reading of this case as a feminist victory. Becki Ross critically examines

the expert testimony she delivered in defense of Bad Attitude, an American lesbian sex magazine seized by police from Glad Day Bookshop in Toronto in 1992. She details the difficulties she encountered in explicating and contextualizing the specificities, nuances, and complexities of lesbian s/m fantasy in a court of law. In the final chapter, Shannon Bell advances a conception of pornography that is not distinguishable from philosophy, using philosophy to make pornography. Bad Attitude(s) on Trial provides a new debate on pornography and feminism. It will be of particular interest to students of both women's, and gay and lesbian issues, but will also be relevant for scholars of law, political science, and philosophy, as well as for anyone interested in a different, provocative view of the Butler decision.

Susie Bright's Sexual Reality - Susie Bright 1992

Fear of a Queer Planet - Michael Warner 1993

In recent years, lesbians and gay men have developed a new, aggressive style of politics. At the same time, innovative intellectual energies have made queer theory an explosive field of study. In "Fear of a Queer Planet", Michael Warner draws on emerging new queer politics, and shows how queer activists have come to challenge basic assumptions about the social and political world. Existing traditions of theory - Marxism, cultural studies, psychoanalysis, anthropology, legal theory, nationalism, and antinationalism - have too often presupposed a heterosexual society, as the essays in this volume demonstrate. "Fear of a Queer Planet" suggests a new agenda for social theory. It moves beyond the idea that lesbians and gay men share a minority identity and special interests and that their issues can be subordinated to more general social conflicts. Instead, Warner and the other contributors to this volume show that queer sexualities take many forms, are the subject of many kinds of conflict and struggles, and must be taken as a starting point in thinking about cultural politics. This collection explores the impact of ACT UP, Queer Nation, multiculturalism, the new religious right, outing, queerness, postmodernism, and other shifts in the politics of sexuality. The authors featured speak from different backgrounds of gender, race, nationality, and discipline. Together, they show how struggles over sexuality have profound implications for progressive politics, social theory, and cultural studies. Michael Warner has written extensively on censorship and the public sphere, the construction of American literary history, and the social and political implication of literary theories. He is author of "The Letter of the Republic: Publication and the Public Sphere in Eighteenth-Century America" and co-editor of "The Origins of Literary Studies in America: A Documentary Anthology".

Our Monica, Ourselves - Lauren Berlant 2001-03

Alongside the O.J. Simpson trial, the affair between Bill Clinton and Monica Lewinsky now stands as the seminal cultural event of the 90s. Alternately transfixed and repelled by this sexual scandal, confusion still reigns over its meanings and implications. How are we to make sense of a tale that is often wild and bizarre, yet replete with serious political and cultural implications? *Our Monica, Ourselves* provides a forum for thinking through the cultural, political, and public policy issues raised by the investigation, publicity, and Congressional impeachment proceedings surrounding the affair. It pulls this spectacle out of the framework provided by the conventions of the corporate news media, with its particular notions of what constitutes a newsworthy event. Drawing from a broad range of scholars, *Our Monica, Ourselves* considers Monica Lewinsky's Jewishness, Linda Tripp's face, the President's penis, the role of shame in public discourse, and what it's like to have sex as the president, as well as specific legal and historical issues at stake in the impeachment of Bill Clinton. Thoughtful but accessible, immediate yet far reaching, *Our Monica, Ourselves* will change the way we think about the Clinton affair, while helping us reimagine culture and politics writ large. Contributors include: Lauren Berlant, Eric O. Clarke,

Ann Cvetkovich, Simone Weil Davis, Lisa Duggan, Jane Gallop, Marjorie Garber, Janet R. Jakobsen, James R. Kincaid, Laura Kipnis, Tomasz Kitlinski, Pawel Leszkowicz, Joe Lockard, Catharine Lumby, Toby Miller, Dana D. Nelson, Anna Marie Smith, Ellen Willis, and Eli Zaretsky.

Gender Articulated - Kira Hall 2012-11-12

Gender Articulated is a groundbreaking work of sociolinguistics that forges new connections between language-related fields and feminist theory. Refuting apolitical, essentialist perspectives on language and gender, the essays presented here examine a range of cultures, languages and settings. They explicitly connect feminist theory to language research. Some of the most distinguished scholars working in the field of language and gender today discuss such topics as Japanese women's appropriation of "men's language," the literary representation of lesbian discourse, the silencing of women on the Internet, cultural mediation and Spanish use at New Mexican weddings and the uses of silence in the Anita Hill-Clarence Thomas hearings.
