Busting Loose From the Money Game Robert Scheinfeld 2006-12-05 Real people, real transformations! "Absolutely amazing! It completely shifts your paradigm for life. One of the most wonderful things about it is that the results are immediate. My whole perception and relationship to money has undergone a major, substantial change." —Chris Attwood, writer and teacher, California "I've spent most of my life trying to figure out what's true and what's real. I have to say I now have a clear glimpse into what it really is." —Tom Hill, Colorado "Before Busting Loose from The Money Game, I was very unhappy and frustrated in my life. I was driven to find more ways to make money. I changed jobs, cities, countries, went back to school, read books. Financially, the stress was causing anxiety attacks and migraines so severe I stayed in bed. The joy I feel now is priceless. Money is there when I need it, in the amount that's needed, no matter what occurs (car repairs, unplanned trips, etc.). It's absolutely amazing!" —Suresh Thakoor, Texas "As a retired professor on a fixed and limited income, I always lived from a tight budget and felt compressed by it--especially at the end of the year. I don't use a budget anymore and have opened up new streams of income that were always closed to me in the past." —Howard Rovics, Connecticut "It opened a whole new dimension for me and shifted my perspective on life completely. I especially love how practical it is. The application is so simple, so effective . . . and fun!" —Doris Kahle, Hagen, Germany "I'd had a lot of success in the corporate arena, made a ridiculous amount of money and lost a ridiculous amount of money. But I was caught in a cycle of making it, losing it. I needed to break that cycle--for myself and my family--and this gave me the keys to do that. Busting Loose from The Money Game opened a window I had no clue even existed. This is very cutting-edge, a revolutionary approach to unwrapping yourself from limitations. If you're not satisfied with where you are financially and you're concerned about your future, get this book!" —Ben Coleman, Texas

Moody Bitches Julie Holland 2016-02-09 As women, we learn from an early age that our moods are a problem. To succeed in life, we are told, we must have it all under control: we have to tamp down our inherent shifts in favor of a more static way of being. But our bodies are wiser than we imagine. Moods are not an annoyance to be stuffed away, they are a finely-tuned feedback system that can tell us how best to manage our lives. Our changing moods let us know when our bodies are primed to tackle different challenges and when we should be alert to developing problems. They help us select the right tool for each of our many jobs. If we deny our emotionality, we deny the breadth of

our talents. With the right care of our inherently dynamic bodies, we can master our moods to avail ourselves of this great natural strength. Yet millions of American women are medicating away their emotions because our culture says that moodiness is a problem to be fixed. Over-prescribed medications can have devastating consequences for women in many areas of our lives--and even if we don't pop a pill, women everywhere are numbing their emotions with food, alcohol, and a host of addictive behaviors that deny the wisdom of our bodies and keep us from addressing the real issues that we face. Here, Dr. Julie Holland shares a better way.--From publisher description.

Barnum-that belongs in every hotel room alongside the Bible. Then, guests might read his inspirational book first, and give thanks to God for this worthy discovery." —Alan Abel, media hoaxer, author, consultant and lecturer on "Using Your Wits to Win" "If you're

going to excel in business, learning about a showman like Barnum and applying some of the lessons he taught can give you valuable insights. Joe Vitale has captured ten of these lessons (he calls them 'rings of power') and shows how you can apply them in a way that will open your eyes and stretch your imagination. There's a lot of money-making and fun wisdom here." —Joseph Sugarman, Chairman, BluBlocker Corporation "Finally someone does it!!! Joe Vitale reveals the REAL P.T. Barnum! Vitale highlights the outrageously astute marketing of Barnum. Barnum's driving belief certainly was that there IS a customer 'born' every minute. Fun, exciting, insightful, and packed with ideas! Genius!" —Kevin Hogan, author of *The Science of Influence* and *The Psychology of Persuasion* "I love this book. If you'd like to know the real story about one of the most fascinating characters in American history, told by a master storyteller (and the person who probably knows more about him than anyone else), read this book. Barnum is not the guy portrayed by the legend attached to his name. He is much, much more, and Vitale tells his story with the can't-put-it-down passion and excitement he's become so well known for." —Bill Harris, President, Centerpointe Research Institute

The 48 Laws of Power Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Sometimes I Lie Alice Feeney 2019-05-22 New York Times AND INTERNATIONAL BESTSELLER "Boldly plotted, tightly knotted--a provocative true-or-false thriller that deepens and darkens to its ink-black finale. Marvelous." --AJ Finn, author of *The Woman in the Window* My name is Amber Reynolds. There are three things you should know about me: 1. I'm in a coma. 2. My husband doesn't love me anymore. 3. Sometimes I lie. Amber wakes up in a hospital. She can't move. She can't speak. She can't open her eyes. She can hear everyone around her, but they have no idea. Amber doesn't remember what happened, but she has a suspicion her husband had something to do with it. Alternating between her paralyzed present, the week before her accident, and a series of childhood diaries from twenty years ago, this brilliant psychological thriller asks: Is something really a lie if you believe it's the truth?

Transcending the Levels of Consciousness David R. Hawkins, M.D., Ph.D. 2015-03-17 The now widely known Map of calibrated levels of Consciousness was presented in *Power vs. Force* in 1995 and has been translated into all the world's major languages. As with the reading of Dr. Hawkins' previous books, the reader's level of consciousness is advanced as a consequence of exposure to the information itself. This opens up avenues to the relief of suffering for oneself and others, which fulfills the purpose of the work and the intention to facilitate the reader's own Enlightenment.

Secrets of the Millionaire Mind T. Harv Eker 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more

important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!
