HEADZ-zINE: Vol. 1, 'REGIONS-UK', BRISTOL SPECIAL EDITION, Issue 3 Dr Adam de Paor-Evans 2021-04-10 HEADZ-zINE is a periodical output of the HEADZ Project. Taking the form of the fanzine with a critical edge, it challenges the convention of academic knowledge production and dissemination. HEADZ-zINE seeks to capture the personal, local, and communal histories of hip hop. HEADZ-zINE is foremost interested in the stories of its participants, and through a series of in-depth interviews and complimentary analysis of the artefacts and archives of hip hop, reveals a set of previously untold stories. HEADZ-zINE is created with much the same immediacy as a zine. It is produced within a period of weeks, is self-published and designed using standard domestic hardware and software. Although the topic addressed is historical, participants' reflections illustrate the immediacy and closeness of this material to their current lives. True to the aims of the fanzine, HEADZ-zINE illuminates the histories of music culture which have previously been largely un-documented. These histories are told through the personal and collective stories of their participants. HEADZ-zINE is freely distributed, and the inaugural issue has been manufactured with a print-run of only 200 copies, in addition to being available in an expanded edition online. The zine presents a continued engagement with questions of knowledge production and dissemination. HEADZ-zINE has been developed in collaboration with practitioners and seeks to foreground their histories, thoughts, and ideas. We are interested in how hip hop offers practitioners a way of engaging with and knowing the world through music, artistic and dance practices. In this, we take hip hop seriously as a cultural form through which practitioners and fans learn, share and archive knowledge. Hip hop practitioners are both the creators of and thinkers about hip hop, they are local intellectuals. The principal focus of this zine is on the voices of hip hop practitioners themselves as they not only tell but theorise hip hop history. As accumulators of vinyl records, flyers, posters, photographs, and magazines ourselves we are interested in what these artefacts and archives can reveal to us about the creative acts of curating and remembering cultural history. We are interested in exploring how involvement in hip hop culture shaped the lives of practitioners and provided a space for creatively, imaginatively, and intellectually engaging with the world around them.

The Story of a Marriage - Vol 1 Helena Wayne 2023-04-28 Much has been written about the work of Bronislaw Malinowski but little is available about his personal life and thoughts. These letters, available for the first time, were written by him and Elsie Masson from 1916 to her death in 1935. They chronicle their meeting and subsequent extraordinary marriage in a highly accessible and revealing way, also telling the story of his remarkable, courageous and largely unknown wife and personalise Malinowski, not just as a teacher and scientist, but as a husband, father and friend. There is a tremendous variety in the correspondence. The Malinowskis lived in half a dozen countries and visited many more and their gypsy lifestyle, his brilliant successes in his professional life, the tragedy of her illness, as well as their continuing love story are all recorded. The letters bring in luminaries such as Sir James Frazer, and Malinowski's students, many of whom went on to become famous anthropologists themselves. There are also fascinating glimpses of attitudes and day-to-day life in the twenties and thirties, including the rise of Nazism and Fascism. Volume I presents the letters written between 1916 and the beginning of 1920 in Australia and New Guinea. They start with a retrospective diary letter from Elsie Masson to Bronislaw Malinowski and detail their first meeting and eventual falling in love. Malinowski describes his third, and final, time of fieldwork in New Guinea, in the Trobriand Islands, 1917-1918. He then returns to Australia where, despite opposition from Elsie's parents, they marry and then spend a year there. At this time they both succumb to the Spanish 'flu epidemic but, having recovered, then move to England.

Her reputation tarnished, Agnes vows to return to commoner life, when she's unexpectedly summoned to a ball by her ex-fiancé's cousin, a prince who is far from horrified by her mushrooming him. "This is fate! I promise you, it's no spore-of-the-moment decision! My morels are not questionable! You and I would make the mushiest couple imaginable! Would you marry me?" Agnes has a lot to deal with: her personal "flaws", an endless onslaught of mushrooms, and the attentions of a prince with a serious fungal fetish. Can Agnes get through this and face up to her true self, or will it all prove just a little too mush?

Take It Easy, Vol 1 Talks on Zen Buddhism Osho 2023-03-07 Religion is the vast sky of existence. Reason is a tiny human phenomenon. The reason has to be lost, has to be dropped. Only by going beyond the mind does one start understanding what is. That's the radical change. No philosophy can bring that radical change - only religion. Religion is non-philosophic, anti-philosophic, and Zen is the purest form of religion. Zen is the very essence of religion. Hence it is irrational, it is absurd. If you try to understand it logically you will be bewildered. It can only be understood illogically. It has to be approached in deep sympathy and love. YOU CANNOT approach Zen through empirical, scientific, objective concepts. They all have to be dropped. It is a heart phenomenon. You have to feel it rather than think it. You have to BE it to know it. Being is knowing. And there is no other knowing.
