How to Be a Good Girlfriend and Keep Your Boyfriend Happy Andres Munsel 2015-04-12 Why should the women of today - who want to be treated equally to men - be motivated to go above and beyond in their relationship? The truth is, some women don't feel any desire to go out of their way to make their partners especially happy, and that's their prerogative. But contributing that bare minimum to a relationship makes you far from perfect, and makes the relationship far from perfect too. Even more so now that 21st century men are increasingly realizing their own shortcomings and attempting to correct them. Luckily, you're here reading this now because you probably aren't among the status quo: You're ready to take a path of self-improvement for the benefit of your relationship and the happiness of your boyfriend. Kudos! The perfect woman (in the opinion of most men) is an assertive and confident leader at work, a gourmet chef at home, a goddess in bed, and a master organizer. She's not only skilled, intuitive, intelligent, well-read, witty, and positive, but can put her hair in a pony-tail and whoop ass better than the best, when needed. Sure, this massive expectation isn't exactly fair, but that's the meaning and price of perfection. Getting into a relationship is easy, but keeping a relationship happy is hard work - even more so if you wish to be the unequivocal owner of your man's heart and mind.

Moving on Without You David a Osei 2019-11-15 Ending a relationship can be a very painful and difficult process, especially if the relationship was long term. It is important for us to be happy with our lives and if your partner is not making you happy it may be time to move on. Below are some tips on how to end a relationship the right way. Do you want to end your relationship with a lover or spouse? If so, you need to know the etiquette of ending a relationship. Believe it or not, there are some rules about ending a relationship. If you've been with your girlfriend or boyfriend for a long time, it is important that you take things slowly. You can't just send them an announcement in text saying it's over. In fact, this is the worst way to end a relationship-especially if you've been with them for 2-5 years. Usually, if you've been with someone for this long, they probably have many feelings for you. Remember that time creates precious memories of the other person and if you are ready to move on, they might not feel the same way. This is exactly why you need to break it to them slowly. They might not realize there is a problem in the relationship. After a breakup some people will feel extreme emotions like anxiety, depression and even anger. Always take others feelings seriously and do not toy with them. Breaking up should always be done in person and if you want to avoid any drama, make sure it's done in a crowded area. You don't know if your partner will scream or cry. If they have a strong bond with you, you won't be able to avoid breaking their heart. People can be very sensitive. Without relationships, we won't be able to reproduce or carry on in our lives. That's not to say there aren't happily single people out there. Now, before you breakup you need to find out why you want to break up. You should already know the answer by now. You might want to move on because your partner has been treating you badly or you've simply fallen in love with another person.

How to Get Your Ex Girlfriend Back C. Powell 2012-01-24 The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.
