The Bare Facts - Josh McDowell 2011-07-01

Sex is everywhere. And misunderstandings about it are even more pervasive. Whether you

have questions of your own and don't know who to ask, or you are being asked questions and don't know where to turn—this small book has the answers. Bestselling author and speaker, Josh McDowell believes that no question is off limits and that knowledge, not ignorance, is the key to youthful purity and a fulfilling marriage and family. This book builds on that approach with relevant, pertinent statistics, entertaining anecdotes, and real stories. This little book will be a very practical tool in the hands of anyone who is struggling, anyone who is curious, anyone who is nervous about asking a "dumb question," and most importantly, anyone who desires to learn how to honor God with his or her body. The Bible is clear on a lot of these issues and Josh's candor (and respect for young people) shines through as he shares these truths about sex. Much like Josh's apologetics books, this book will help equip a skeptical generation with the facts they are sorely missing.

Making Chastity Sexy - Christine J. Gardner 2011-07-28

Even though they are immersed in sex-saturated society, millions of teens are pledging to remain virgins until their wedding night. How are

evangelical Christians persuading young people to wait until marriage? Christine J. Gardner looks closely at the language of the chastity movement and discovers a savvy campaign that uses sex to "sell" abstinence. Drawing from interviews with evangelical leaders and teenagers, she examines the strategy to shift from a negative "just say no" approach to a positive one: "just say yes" to great sex within marriage. *Making Chastity Sexy* sheds new light on an abstinence campaign that has successfully recast a traditionally feminist idea—"my body, my choice"—into a powerful message, but one that Gardner suggests may ultimately reduce evangelicalism's transformative power. Focusing on the United States, her study also includes a comparative dimension by examining the export of this evangelical agenda to sub-Saharan Africa.

American Restoration - Timothy S. Goeglein 2019-07-02

THIS IS NO TIME TO RUN AND HIDE America seems to be crumbling from within. Having abandoned the Judeo-Christian values that are the foundation of its culture, our nation, in the eyes of many, is going the way of the great civilizations of the past. If our 250-year experiment in ordered liberty has really run its course, is it time to recognize the inevitable, pack up our families, and head for the hills, hunkering down through the dark days to come? Or is there hope for an American restoration? Tim Goeglein and Craig Osten, battle-hardened veterans of the culture wars, know as well as

anyone that the decadence is undeniable. But they make the case that an American restoration is not only possible, but probable—if we act now. The key is for Christians to engage with the culture, not flee from it, to be the salt and light that will renew it from within. That engagement must take place especially at the local level, where real spiritual and cultural transformation occurs. If America returns to its spiritual foundations, the tumultuous times we live in will be nothing more than a bumpy detour in our nation's history. This book is a roadmap for the way back. In this clear-eyed but hopeful guide to restoration, Goeglein and Osten explain how patriotic Americans, with God's help, can renew fifteen critical components of our culture. Government will not provide the solutions we desperately need. The solutions lie in our churches, our communities, and our homes. The light for our path is faith. As that light pierces the darkness, America will experience a reawakening, regeneration, and renewal.

The Education of Eros - Dennis L. Carlson 2012-05-22

The Education of Eros is the first and only comprehensive history of sexuality education and the "problem" of adolescent sexuality from the mid-20th century to the beginning of the

21st. It explores how professional health educators, policy makers, and social and religious conservatives differed in their approaches, and battled over what gets taught about sexuality in schools, but all shared a common understanding of the adolescent body and adolescent desire as a problem that required a regulatory and disciplinary education. It also looks the rise of new social movements in civil society and the academy in the last half of the 20th century that began to re-frame the “problem” of adolescent sexuality in a language of rights, equity, and social justice. Situated within critical social theories of sexuality, this book offers a tool for re-framing the conversation about adolescent sexuality and reconstructing the meaning of sexuality education in a democratic society.

Honoring God with Body and Mind - Steven D. Hoogerwerf 2019-11-13

Have you ever wondered how it would look to live out a Christian sexual ethic amid the varied and confusing sexual messages that are part of modern culture? Does the Christian tradition provide us with a way to think about and act on our natural, God-given sexual desires? Honoring God with Body and Mind invites readers to consider these questions—and some ways of answering them—by guiding them into a conversational style of moral reflection. Unlike many books about Christians and sex, this one doesn't simply tell you what to do (or not to do). Instead, you will be led to think about how the meaning of sex can provide sexual boundaries, but also how the relational dimension of sex and the virtue of sexual integrity can provide a context for sexual decision-making. Informed by many years of conversations with college students, the author also invites you to think about practical questions such as these: Can men and women be friends without the complications of sexual attraction? If I haven't always included Christian values in my sexual practices and carry some painful memories and regrets, is there any hope of healing? What is lust? Is masturbation sinful? Can virginity be reclaimed?
