A Dream in the World - Robin van Lōben Sels 2004-03

How can science and religion

co-exist in the modern discipline of psychotherapy? A Dream in the World explores the interfaces between religious experience and dream analysis. At the heart of this book is a selection of dreams presented by the author's patient during analysis, which are compared with the dreams of Hadewijch, a thirteenth century woman mystic. The patient's dreams led the modern woman to an unanticipated breakthrough encounter with the divine, her "experience of soul". The experience reoriented and energized her life, and became her "dream-in-the-world". Following Jung's idea that the psyche has a religious instinct, Robin van Loben Sels demonstrates that the healing process possible through psychotherapy can come from beyond the psyche and can not be explained by our usual theories of scientific psychology. Written in flowing, easily-read language A Dream in the World details a classical Jungian analysis of a woman's dreams, and searches the

relationship between religious encounter, psyche and soul. The Walk Out Woman - Dr. Steve Stephens 2009-01-21 Every woman longs to be appreciated, respected, and adored, but when her needs aren't met within her marriage, she could be tempted to walk away. As little hurts and disappointments accumulate and her heart hardens, a woman's loneliness and vulnerability take over, and she might find emotional fulfillment elsewhere, perhaps in even a casual encounter with another man. When the marriage enters this realm of real danger, the woman believes it will be less painful to walk away than try to work on it. With heart and wisdom, Dr. Steve Stephens and Alice Gray offer practical advice for how to stop this epidemic of walk-out women. They outline the warning signs of severe marital discontent and share how to reconnect with your spouse, communicate your hurt, and open your heart. If both partners are willing to work at it, any marriage can be saved.

Are You Even Thinking About Walking Out? "I'm at the point where I don't think it is worth the effort anymore." "The only reason I'm staying is because of the children." "Surely God doesn't want me to be this unhappy." Every woman longs to be appreciated, valued, and cared for. When these needs go unmet, she may be tempted to leave the husband she once loved—but walking out is seldom the path to happiness. Like trusted friends, Dr. Steve Stephens and Alice Gray offer wise and gentle advice to restore hope to your marriage. You'll discover proven methods for how you can move toward each other rather than away, build up instead of tear down, and find love rather than lose it. Story Behind the Book Although a growing number of women are walking away from their marriages, there are no books to help them realize that this is not the path to happiness. A woman's discontentment settles like dust on furniture, and although she tries, she fails to make her husband understand. His

responses seem too little and too late. Many women mistakenly believe it is easier emotionally to leave the marriage than try to restore it. We want a woman to realize that even when her heart seems closed to her husband, there is a way to open it and become one again. Loss of love does not equal loss of marriage. Loss of hope does not mean the relationship should be abandoned.

The Awakened Woman - Tererai Trent 2018-07-31 Winner of a 2017 NAACP Image Award for Outstanding Literary Work, this moving manifesto "empowers women to access a fearlessness that will enable community progress" (Essence). Through one incredible woman's journey from a small Zimbabwe village to becoming one of the world's most recognizable voices in women's empowerment and education, this book "can help any woman achieve her full potential" (Kirkus Reviews). Before Tererai Trent landed on Oprah's stage as her "favorite guest of all time," she was a woman with a forgotten dream. As a young girl in a cattle-herding village in Zimbabwe, she dreamed of receiving an education but instead was married young and by eighteen, without a high school graduation, she was already a

mother of three. Tererai encountered a visiting American woman who assured her that anything was possible, reawakening her sacred dream. Tererai planted her dreams deep in the earth and prayed they would grow. They did, and now not only has she earned her PhD but she has also built schools for girls in Zimbabwe, with funding from Oprah. The *Awakened Woman: A Guide for Remembering & Igniting Your Sacred Dreams* is her accessible, intimate, and evocative guide that teaches nine essential lessons to encourage all women to reexamine their dreams and uncover the power hidden within them—power that can recreate our world for the better. Tererai points out that there is a massive, untapped, global resource in women who have, for one reason or another, set aside their wisdom, their skills, and their dreams in order to take care of the personal business of their lives. Not only is this a type of invisible suffering experienced by countless women, this rich

resource is a secret weapon for improving our world. Women have the capacity to inspire, to create, to transform—and Tererai’s call to action “shines as a beacon of hope to women everywhere” (Danica McKellar, actress and New York Times bestselling author).

Through the poems in *The Dream Women Called*, Lori Wilson attends to the spirits of depression, uncertainty, and fear while wondering at the beauty in what's broken, the remarkable in the ordinary, and the balm that the natural world can offer. Following a single speaker, we're reminded how many lives one woman can live. This book is about crossing into a new version of your own story--after a marriage ends, the parents die, the children are grown, or the faith is discarded--and finding a place to stand, a new way to take up space in the world. Uniting past and present, these poems create multifaceted portraits, particularly of relationships between mothers and daughters. Wilson's poems

sift through memory, dreams, art, imagination, nature, and close observation, turning each discovery over in order to see it fully. Beneath the fine-grained imagery of these lyric excavations are the sometimes opposing but fundamental desires to be whole and to be seen, which often means looking within as well as turning toward the world outside. The speaker is listening always for the dream women who call, for whatever may beckon from the present and future, preparing her in some way for a life that's truly hers.
