**Room to Love** - Pascale Carrington 1996

*Women Loving Women* - Jamye Waxman 2007-04-01

Women Loving Women explores the phenomenon of the contemporary "bi-sexual" or "lesbian" experience for the heterosexual woman. However, while women loving women is indeed an emerging trend, it is also an age-old obsession that this book also addresses and places in a historical perspective. The book investigates the reasons modern women

are more open to same-sex encounters, how these experiences can connect people and help them grow, and how regardless of one's sexual orientation, there is much to learn here about the nature of love, sex, and physical attraction and its unconscious determinants. In addition, Women Loving Women also responds to how these same-sex encounters are less apt to create conflict in their heterosexual relationships, and actually might spice things up with their male partner (many men fantasize about same-sex women relationships), break the ice with a best friend, or simply add a new dimension to their sexual history. Women Loving Women features sophisticated photographs that will capture the warm and enlightening approach of exploring erotic possibilities with other women, even when you don't identify yourself as a bisexual or lesbian. Testimonials from heterosexual women who have experienced same-sex romantic encounters will be featured throughout. Sidebars will also feature quotations from women-who-have-loved-women throughout history, such as Virginia Woolf, Simone de Beauvoir, Anais Nin, and Eleanor Roosevelt, amongst others. The photographs, shot on location in New Hampshire, tell a story of three beautiful women who leave their boyfriends/husbands behind for a "girls weekend"-and discover a new dimension to their friendship

**Why Women Have Sex** - Cindy Meston 2010-04-01

Why do women have sex? Is it purely for pleasure or the desire to reproduce? In their ground-breaking book, clinical psychologist Cindy Meston and evolutionary psychologist David Buss investigate the underlying sexual desires of women and identify 237 distinct motivations for sex. Drawing on more than a thousand intensive interviews conducted solely for the book, as well as their pioneering research on physiological response and evolutionary emotions, Meston and Buss give

us a remarkably complex and nuanced portrait of female sexuality. They explore the use of sex as a defensive tactic against a man's infidelity (protection), as a ploy to boost self-confidence (status), as a barter for gifts (resource acquisition), or even as a cure for a headache (medication). *Why Women Have Sex* explores the deep-seated psychology and biology of female sexuality, and promises to inform every woman's - and her partner's - awareness of her relationship to sex and her own sexuality.

There are historical and contemporary examples of the liberating influence of new work for women, and the story of how the Indonesian state spread the message of family planning. Lip Service - Kate Fillion 1996
