*The Fallen Angel Man* Augustus M Brown II 2021-02-15 People are suffering here in America and abroad. Global warming, mass conflicts, increased domestic and foreign murders, governmental corruptions, starving nations, global wars coupled with global warming, the consciousness of the men attempting to turn into women, and the consciousness of the woman falling from her place to be as a man, all of these are threats against our survival of tomorrow. Wars are now fought with computerized drones overseas. Drugs, gangs, killings, police shooting coupled with political protection are ravishing the land of equal rights under the symbol of the eagle. These are biblical signs of the realities of the problems and conditions that should tell us all something is very wrong. The major questions are, can the human race avoid self-destruction? And if so, does our salvation rest in relying on a higher power to insure future generations have a world that's worth living in under the laws of man? For too long we the human family have collectively functioned like lost children, but, some as prodigal sons, even as fallen angels. However, our earthly existence isn't random coincidences, for it is not, all of these conditions of the man that's upon this earth are a one chance to learn and understand what it is to live in equality under the original orders and commandments of God the creator and those of Jesus Christ the savior of all men. Personally, I believe that God is humanity's best hope for survival. The book's title *The Fallen Angel Man - Egairram, Not Marriage*, essentially refers to mankind's disconnect from his creator. Within its pages you see vivid examples of, among other things, our moral decadences, and I'd dare say that only a willingly blind person would fail to see the consequences all around us from a severed spiritual bond. So whether you believe in divine solutions, or you prefer a more "common sense" approach to fixing society's problems in playing eternal death roulette, feel free to criticize these books. Even disagree with some of the subject material as presented. These books explain the fallen consciousness of the man and that of those of the billions of rebellious and fallen angels that turned against the perfect laws and orders of God. But, don't be surprised to find the pages inside stroking your curiosity to read on into these six volumes. A.M. Brown II

**Astrology an Authentic Focus on Revolutionary Discoveries in Compatibility (Capricorn)** Michael Scruggs 2012-06-27 Never before has anyone thought of where the Philosophies of Astrology, the Chinese Zodiac, and the ancient practice of Asian Ki-ology merge for a powerful new revolutionary focus on the nature of compatibility. Ki-ology's 'Lo-Shu' number Grid is a mathematically perfect system that is the basis of the Asian disciplines of Feng Shui, Kung Fu, and T'ia Chi. An example of a Capricorn profile: Capricorn born in the year of the Dragon of 1976: In the Taoist Philosophy -Ki-ology, your year of birth is assigned annual ki-ology number 6. Taoism is the oldest religion studied by priest and nobles throughout Asia. A philosophy of Taoism, Ki-ology, says that your assigned annual Ki-ology number shows affinity for those assigned annual Ki-numbers 2, 8 or 5. These persons may have elements about them that may help to encourage you. If you give them a second look, you may find that they may be in possession of a vast array of knowledge on any given subject of interest. You may cherish many outcroppings of common sensical suggestions as they volunteer solid advice to develop your talent. Their life long endeavor to 'mine' for success may earn your admiration as you observe their efforts to dig for gold in the highest rolling hills that society has to offer. They may easily sense the unbending intent and eagerness that you have always had to attain success as well. Your positive magnetism may indeed be what these individuals want around to inspire them to keep their focus on a path to find what they treasure. Therefore, they may encourage you to polish a talent that you have -to let it shine- for they may sense a 'gem' in you. A natural feeling of friendship may be attained easily as the union of encouragement and inspiration naturally occur together. A person born in the Chinese zodiac year of the Monkey of 1968 and 1980 could be your right hand man or woman. Moreover, if they are one of an opposite sex they may seem irresistible because, according to the Chinese zodiac, individuals born within the year of the Monkey are in the triangle of affinity of someone born within the year of the Dragon. I write this because I do not think that the benevolent philosopher Confucius helped to write the Asian Book of Changes (The I-Chang) for just any reason! Both of you could accomplish a lot in a lifetime, especially if you are lucky to know one of these jokesters born under the appropriate Astrological/ monthly Ki-number sign mentioned below. You may be a popular person indeed to be blessed by so many chances to meet a soul mate fulfilling friendship. According to some Astrologers, the Dragon year personality attracts many outside of the Chinese triangle of affinity: the year of the Tiger of 1974 and 1986 , the year of the Boar 1971 and 1983 , and the Snake years of 1965, 1977, and 1989 (all assigned annual ki-number 2, 5 or 8) all could have the potential of being a close friend. Astrology and monthly Ki-number relationship: You may find that a matching monthly Ki-number will couple with these Western Astrology signs nicely to find a person that is most likely to think, communicate and have similar habits as you. If you know someone that does match all three of these worldly philosophies you may have found the archetypical 'soul mate' description of a person that you will have the least problems with in your day-to-day activities. Capricorn born before December 7: \_These Astrological signs are assigned an exact match to your monthly Ki-number of 4 if they were born in the Chinese zodiac year of the Tiger, Snake, Monkey, or Boar: -Virgo born into the days following September 7 have an exact match to your monthly Ki-number. They may possess an inherent ability to decipher your emotions. There are more personalities that these philosophies say should have natural affinity for this person in the pages of this book. What year(s), month(s) and week(s) hold a personality that are said to have natural affinity for you?

The 12 Zodiac Signs and Their Explanation of Why We Are Who We Are Dayanara Blue Star As humanity has spent more and more time on earth, we have begun to understand better, albeit in little bits, our world and its impact on us. Astrology is perhaps the most ancient of all arts, beginning in Babylon and enjoying, over time, some Hellenistic cultural edits, but its accuracy has never been in doubt, giving birth to the zodiac signs and their use in the classification of people. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. Strengthening Forensic Science in the United States National Research Council 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.
