WORDS K. Countz 2019-04-25 **WORDS** By: K. Countz I'm Darryl Winters and I have it made. I'm the best player on the best high school basketball team in the state, my two best friends are also my teammates, and I am absolutely killing it with the ladies. Seriously: I'm dating the hottest player on the girls basketball team and the head cheerleader at our school is constantly giving me looks, too. And it's only a matter of time until the college acceptance letters start flooding my mailbox, all of them stuffed with huge scholarships. My only problem? My parents won't leave me alone about the words coming out of my mouth. I truly believe I have the right to say what I want, how I want, and when I want. But is this the right feeling to have? Is it safe to have this feeling? The majority of religions teach that whatever words we say, we have to face the consequences of them. Is it true that if I speak bad words, bad will come back to me? The majority of religions say that the words that a tongue produces can determine life or death. Are words sharp enough to be used as a weapon? Can the words I say be powerful enough to cause my death?

Banished to the Homeland David Brotherton 2011 The 1996 U.S. Immigration Reform and Responsibility Act has led to the forcible deportation of tens of thousands of Dominicans from the United States. Following thousands of these individuals over a seven-year period, David C. Brotherton and Luis Barrios use a unique combination of sociological and criminological reasoning to isolate the forces that motivate emigrants to leave their homeland and then commit crimes in the United States violating the very terms of their stay. Housed in urban landscapes rife with gangs, drugs, and tenuous working conditions, these individuals, the authors find, repeatedly play out a tragic scenario, influenced by long-standing historical injustices, punitive politics, and increasingly conservative attitudes undermining basic human rights and freedoms. Brotherton and Barrios conclude that a simultaneous process of cultural inclusion and socioeconomic exclusion best explains the trajectory of emigration, settlement, and rejection, and they mark in the behavior of deportees the contradictory effects of dependency and colonialism: the seductive draw of capitalism typified by the American dream versus the material needs of immigrant life; the interests of an elite security state versus the desires of immigrant workers and families to succeed; and the ambitions of the Latino community versus the political realities of those designing crime and immigration laws, which disadvantage poor and vulnerable populations. Filled with riveting life stories and uncommon ethnographic research, this volume relates the modern deportee's journey to broader theoretical studies in transnationalism, assimilation, and social control.

After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. My Caged Parakeet M. A. Khan 2013-12 This romantic novel deals with a true-life dilemma faced by an Indian boy and a girl who have been in love with each other since childhood. Their lives' complexities deal with historical, cultural, traditional, and family circumstances while growing up in an urban environment in India. It illustrates natural instincts that bloom into pristine love unintentionally, showing that love is as natural as an innocent bud blooming into a flower. Life does not handle love gently and presents several challenges. The day-to-day problems and concerns make it hard to make decisions. As the girl matures, restrictions related to customs, seclusion, and traditions provide a veiled threat to the survival of their romance. The struggles are explicitly explained with unusual family circumstances showing life in India. Arranged marriages, traditional requirements, and customs come into picture at every juncture. In spite of all restrictions, love has the strength to withstand adverse circumstances and devises its course like a river flowing between rocks. The way the two communicate being segregated while living close to each other shows the latent power of love. But the ensuing stress, unexpected challenges, and unforeseen circumstances make life difficult for both lovers to an unbearable extent. The struggle of the young boy to balance love and tough financial circumstances, along with his desire to study in the United States, are presented in extraordinary details. Life of the student coming to the United States during earlier days and surviving amid emotional challenges faced so far away from home are described showing all painful circumstances. The desire to fulfill a lifelong dream presents unique insurmountable problems for both lovers. The emotional sacrifices made by both are tremendous and exemplary. Finally, life takes its own turns and decides on its own terms.

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

My Senior Year Michael Fitzgibbons 2000-12 Hey! I'm John Sullivan, a recent high school graduate who collected his thoughts and dreams and hopes and fears and all kinds of other stuff in a year-long diary through his senior year. When I finished on graduation day, I realized I had quite a collection, as a matter of fact, I had more than 400 pages! So I thought about it and realized that it had a beginning, a middle, and an end, so therefore it told a complete story, which I think might be a book if I remember my sophomore literature class correctly. I am NOT saying it is literature (ha-ha), but I do think it is a book. That is where you come in. I don't think it is much of a book if I'm the only one who reads it. It is just a diary then, that will remain on the floppy disk in my computer desk in my bedroom. Instead, you could read it. And tell me what you think. And then I will know if I should have left it in that computer desk. Or not. If you do read it, you'll find that I didn't leave anything out, even the stuff that might embarrass me. I could even still get into some trouble about some of it, but I think I'm ok because I don't think my parents will want to read it because they were there for almost all of it, so it would be a rerun for them. I don't think reruns are bad, but they already lived through this once, so they probably don't want to get all upset all over again. So, go ahead and click away. It was an adventure for me - come on along for the ride! John Sullivan is right. This is quite an undertaking for a senior in high school. But that is what it is - a diary, a coming of age novel, a satire, and, incredibly, a love story. It is a unique look at one of the most important developmental periods in a person's life.

Getting to Commitment Steven Carter 2000 They wrote the definitive book of the fear of commitment, *Men Who Can't Love*. They also coined the term 'commitmentphobia'. Now, drawing from in-depth interviews, as well as his own personal struggle with commitment, Carter takes the next step with this book, offering concrete solutions for finding and keeping long-term love. Falling in love and staying in love requires its own kinds of heroism. Our hearts have to be brave as well as loving. That is because it takes real courage to love; it takes real courage to make a commitment. This book is about finding that courage.

The Distant Glow Terry I. Sarigumba 2014-02-14 As an autobiography, *The Distant Glow* traces the story of my life to the rough and rigorous way of life in Corella, Bohol my birthplace. Descending from generations of very poor and illiterate ancestors, I exceeded my parents grade three education by finishing grade six and graduating as elementary school valedictorian. Because my parents could not afford to send me to high school in the city, I stayed out of school for six years, helping my father on the farm and my mother in household chores. One of several backbreaking works I used to do was climbing several coconut trees, about 50 feet in height, to tap the trees (sanggutan) for tuba, a coconut juice that yields mildly alcoholic drink. I used to climb 20 coconut trees every morning, noon and evening, mount over top, sit on one of the palms and tap the juice. One evening after sunset, while atop the sanggutan, I saw a glow, a distant glow. I muttered to myself: Someday, I'll find out what causes that glow. I equated that statement to my goals in life. I did find out what caused the distant glow. Other distant glows appeared and I reached most of them with hard work and having a dream. When the owners of a private school offered me an opportunity to go to their school free of tuition, provided that I maintained the first place standing in the class honor roll, I went to high school, starting at age 20. To help shoulder the other costs of going to high school in the city, I paid my room and board with service: scrubbing and polishing the floor, fetching water from an artesian well and gathering firewood every weekend for the landlord family. With all the hardship, I maintained the tuition-free deal and graduated from high school as class valedictorian.

Magnetic Partners Stephen Betchen 2010-05-18 Do you and your partner argue about the same things over and over again? Are you often confused about why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new terms with the conflict to save your relationship

As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience. The Loner Girl in London J. Guzmán 2023-06-10 *The Loner Girl in London* is volume 4 of the series *On Being*, a self-referential, metaphysical case history where the author J. Guzmán psychoanalyzes her own consciousness throughout Time, uses tools like astrology to facilitate the investigation, and documents the entire process. *On Being* is a life-long, narrative, archival data set of her life in the form of diaries, whose purpose is to assist astrologers and other researchers in the detailed demonstration of how their respective theories, methods, techniques, and practices function in a real life. In volume 4, the protagonist Ana, who is the author J., travels to London to study abroad and travels solo around Europe for three months after she finishes school. Her experiences could be categorized archetypally into the energy of Neptune squaring her natal Mars, a transit lasting for the entirety of her travels. Her struggles involve persistent and intense anxiety and lethargy, a lack of appropriate boundaries regarding sex, a self-sabotaging overindulgence in alcohol and sugar, an emphasis on stream of consciousness poetry, and an overwhelming confusion and lack of clarity regarding her ambitions and the point of her life.
