Dating After Trauma - Emily Avagliano 2013-04-05

Dating After Trauma teaches readers how to date again after being raped or experiencing an abusive relationship. Dating after rape, date rape, or an abusive relationship presents unique challenges as most survivors experience Post Traumatic Stress Disorder (PTSD) which alters their perception of the world and makes it more difficult to develop relationships, build trust and experience intimacy. It takes tremendous courage to date after suffering an abusive relationship or sexual trauma. It can be even more difficult to be open to love from a good person without experiencing fear. However, once you know what to look for in terms of roadblocks, the path to love becomes much easier. In "Dating after Trauma" Emily Avagliano discusses the common obstacles abuse victims have when trying to find love. Her story is based on her own personal struggle to overcome past trauma and find her soulmate. Through this insight, she provides a methodology for dating that builds trust and intimacy in a safe and healthy way. She can help you let go of your fear and date in a manner that love becomes possible. For rape victims, if you have experienced date rape or sexual abuse, and want to reclaim your sexuality, find your soul mate, or just start feeling again, this book guides you through that process of healing. If someone you love has been raped, you see them suffering, and don't know how to help them move on from the past, this book will help. If you are a mother, father, friend, boyfriend or dating partner, this book explains what rape victims feel and why it is so hard for them to trust and love someone new. This book also tackles the pain of abusive relationships. If you have experienced the roller coaster of an abusive partner where some days he is the best person in the world and other days you can't understand his anger, this book will help you heal. If you have altered your behavior to try to control your partner's anger, jealousy, or even violent physical outburst, this book is for you. If your partner used name calling, controlling behavior, restricted your clothing choices, verbally intimidated you, or made you feel less than, read this book. If you are a parent, partner, or want to help someone in an abusive relationship but don't know how, this book provides insight into ending the cycle of dating abusive partners. Thank you for your feedback. I greatly appreciate a book review on amazon below.

Ash + Salt - Sarah Grace 2022-03-07

Sarah Grace is a sexual assault survivor. On 17 July 2019, she fell asleep like any other night. A burglar broke into her apartment and attacked her as she slept. What followed was a fight for her life. That violent assault blew apart her world, reducing everything in it to ashes. From that battle, Sarah has waged many more. She had to fight her way through post-traumatic stress, the social stigma around sexual assault and an archaic court system in her bid to ensure her attacker couldn't do the same to another woman. Some adversities were predictable - nightmares, panic attacks and the devastating loss of self. Others were surprising - toxic social reactions, friends withdrawing and a nightmarish trial that unearthed how heavily the criminal justice system is loaded against victims. Ash + Salt is a raw and powerful account of healing and thriving after sexual assault. Armed with courage and brazen candour, Sarah takes you through her own story to reveal the experience of a survivor. She offers the tools to survive the assault, its aftermath and the trial, and charts the path back to recovery. Because while ash marks the place of devastation, it is also the fertile soil from which new life can grow. This is a book for everyone - not just survivors, but their families, friends and colleagues too. Sexual assault affects us all, regardless of background or gender. It is one woman's personal testimony, but it is also a call to arms. The time to speak up is now.

After I Was Raped: The Untold Lives of Five Rape Survivors - Urmi Bhattacheryya 2021-04-22

What happens after rape? In After I Was Raped, we meet five individuals: a four-year-old girl, two Dalit women, an eight-month-old infant and a young professional. Through extensive interviews with them and their families and communities at large, Urmi Bhattacheryya reveals the stories of these survivors of sexual violence, as they recount how their lives and relationships have changed in the aftermath of assault. Shamed, ostracized and weighed down by guilt and depression, they continue to brave the most challenging realities. At a time when only high-profile, sensationalized cases of sexual violence provoke a public reaction and many stories go unheard, Bhattacheryya's sensitive portrayal of the lives of these little-known survivors raises difficult but important questions about our convenient collective amnesia.

Rough - Rachel Thompson 2021-08-26

'2021's most important book about sex.' Stylist 'You need to read this.' Mashable A bad sexual experience. A

grey area. Not rape but... A violation - these are the terms we use to describe the experiences we don't have words for. The way we talk about topics such as sex, consent, assault aren't fit for purpose. *Rough* is a revolutionary non-fiction work exploring the narratives of sexual violence that we don't talk about. Through powerful testimony from 50 women and non-binary people, this book shines a light on the sexual violence that takes place in our bedrooms and beyond, sometimes at the hands of people we know, trust, or even love. *Rough* investigates violations such as 'stealthings,' non-consensual choking, and non-consensual rough sex acts that our culture is only starting to recognise as sexual violence. The book explores the ways in which systems of oppression manifest in our sexual culture - from racist microaggressions, to fatphobic acts of aggression, and ableist dehumanising behaviour. An intersectional, sex-positive, kink-positive work, the book also examines how white supremacy, transphobia, biphobia, homophobia, and misogyny are driving forces behind sexual violence. *Rough* is an urgent, timely call for change to the systems that oppress us all. It's time for a societal shift. As individuals with agency within our sexual culture we have the power to remodel our behaviour and this book shows us how. Praise for *Rough* 'An incredible investigation into a frighteningly common part of our sexual experience; determined to give ownership back to those who have had their agency stolen from them.' Dr Fern Riddell 'Unflinching. Important, thought-provoking read.'

Nataliya Deleva 'Rough speaks to how many women often feel after sexual encounters - violated but unsure of exactly why, and whether our feelings are valid. This book is excellent and demonstrates just how valid those feelings are.' Adele Walton, founder of Humanitarian Hotgirl

Unhomed - Alena Klee 2021-06-15

UNHOMED is a raw glimpse into what surviving after being raped may look like. Author Alena Klee shares their intimate, vulnerable pieces of work that were created in the days, weeks, months, and years following their rape. The book is in seven parts, each noting a different phase in living after being raped. Each poem offers a retelling of powerful, intense emotions that Klee experienced while trying to rebuild their safety, and sanity. What started as a coping skill has now been transformed into an unfiltered, telling collection of words to help other victims and survivors begin to find peace, hope, and healing. Klee's specific experience is not retold in detail within the poems, intentionally leaving enough vagueness for survivors everywhere to find their own relatable solace. UNHOMED is a must read for those who have experienced sexual violence, for those who love someone who have experienced sexual violence, and for those who care about ending sexual violence.

A Force to Be Reckoned With: Regaining Direction After Sexual Assault - Erin Thomas 2020-12-24
Sexual assault doesn't decimate. It doesn't care about gender, race, or economic status. Sexual assault only knows how to inflict pain and suffering in all aspects of life for a survivor and can affect those around them. The pain and suffering is not something that a survivor of sexual assault has to carry alone, and putting the correct pieces in place can help facilitate the process of healing. No matter how long ago the pain was inflicted, healing can begin and progress can be made. Author Erin Thomas speaks from firsthand experience about personal, professional, and spiritual turmoil and struggles, and the breaking point to start healing. She shines a light on social injustice and calls for awareness and education in society.

Unfortunately, her story is a common one. Not the type of story you typically see on the news or circulating through your social media feed. Yet, through personal and spiritual growth, Erin has learned that no two people are identical, and no one walks the exact same path in life. One thing is certain though, similar experiences bring on comparable feelings, fears, and hesitations. She hopes that sharing her story will give courage and strength to other survivors to come forward, unite, and begin healing.

No Fairy Godmothers, No Magic Wands - Judy H. Katz 1993

My Body Keeps Your Secrets - Lucia Osborne-Crowley 2021-09-02

In her first full-length book, Lucia Osborne-Crowley, author of the acclaimed *Mood Indigo* essay *I Choose Elena*, writes about the secrets a woman's body keeps, from puberty to menstruation to sexual pleasure; to pregnancy or its absence; and to darker secrets of abuse, invasion or violation. Through the voices of women around the world and her own deeply moving testimony, *My Body Keeps Your Secrets* tells the story of the young woman's body in 2021. Moving from girlhood and adolescence to young womanhood, Osborne-Crowley establishes her credentials as a key feminist thinker of a new generation with this widely

researched and boldly argued work about reclaiming our bodies in the age of social media.

Information and Help After Rape and Sexual Assault - Scotland. Scottish Government 2008-05
Information pack for women and men (over 16) who have been raped or sexually assaulted.

Life, Reinvented - Erin Carpenter 2013-12-06

Life, Reinvented brings both inspiration and practical tools to survivors of sexual assault or childhood sexual abuse and their friends, family members, and spouses. Combining recent research, years of clinical experience, and first-hand accounts of healing, Erin Carpenter offers a unique viewpoint on recovery from trauma. *Life, Reinvented* is a truly complete guide to healing. Beginning with the myths and facts about sexual trauma, Erin introduces common symptoms and describes what happens in the brain when trauma occurs. Erin explains in a novel way how trauma-related symptoms are actually signs of healing. Practical tools and easy strategies help survivors manage symptoms, find their strengths, and move toward recovery. Also included is crucial information and direction for loved ones of survivors. Friends, family members, and spouses will find support, validation, and tools to both help the survivor in their lives and recover from their own vicarious trauma. Accessible and beautifully written, *Life, Reinvented* is an important contribution to the literature about sexual trauma.

The Sexual Trauma Workbook for Teen Girls - Raychelle Cassada Lohmann 2016-06-01

The Sexual Trauma Workbook for Teen Girls offers healing, real-life stories from survivors and powerful, evidence-based tools to help you reclaim your life after sexual abuse or trauma. If you've been sexually abused or experienced sexual trauma, you may feel confused, angry, ashamed, and unable to move forward emotionally. You're not alone. Like many teens who've been abused, you may be tempted to keep the secret locked deep inside and feel uncomfortable discussing your struggles with others. If so, this book can help you find your voice. This empowering workbook will help you move past your trauma and serve as a comforting reminder that you are strong and resilient. Healing is possible—and with healing, comes victory. In this book, you'll find true stories from other teen survivors, and in reading the stories you'll find reassurance in knowing you aren't alone in your experiences. You'll also find practical and proven-effective strategies and exercises to help promote emotional healing and reclaim your sense of self. Sexual abuse or trauma may be a part of your past, but it doesn't need to define who you are now. This book will help you as you start on the path toward healing so you can move forward with confidence.

Ash + Salt - Sarah Grace 2022-03-07

Sarah Grace is a sexual assault survivor. On 17 July 2019, she fell asleep like any other night. A burglar broke into her apartment and attacked her as she slept. That violent assault reduced her life to ashes. This powerful account of account of healing and thriving is also a call to arms.

Want - Julie Peters 2019-05-02

"Peters takes readers on her own personal journey from trauma to reconnecting with her body, emotions, and eventually her own desire and sexuality." —Xanet Paillet, bestselling author of *Living an Orgasmic Life*
We know, increasingly, how common and devastating sexual violence is for women, but we don't always talk about how survivors can recover from the trauma and return to desire, sexuality, trust, and pleasure. *Want* is the story of how Julie Peters did just that—and how you can, too. In the years after the assault, Julie was in what she calls the fog of trauma: the colorless, tasteless experience of barely getting through the day. No one—not counsellors, support groups, or other survivors—could give her any advice about how to find the desire that could bring her back to joy, intimacy, and connection. She had to make it up on her own. In *Want*, Julie tells the story of getting from the devastation of trauma to living a full life in eight sometimes challenging, often stumbling, and occasionally delightful steps. Your loved ones may not know how to support you, but they can learn more about your experiences and how to walk alongside you through this book, just as you can learn how to recover from the trauma you've experienced. *Want* offers a window into one person's experience of recovery—plus the happy ending we all need to know is possible after trauma. "With unwavering honesty, penetrating insight, warmth, humor, and aplomb, she lays out strategies for a tangible, nourishing, and vitally ferocious self-love." —Jeremy Radin, poet, author of *Dear Sal*

The Sexual Healing Journey - Wendy Maltz 2001-02-20

Considered a classic in its field, this comprehensive guide will help survivors of sexual abuse improve their

relationships and discover the joys of sexual intimacy. Wendy Maltz takes survivors step-by-step through the recovery process using groundbreaking exercises and techniques. Based on the author's clinical work, interviews, and workshops, this guide is filled with first-person accounts of women and men at every stage of sexual healing. This compassionate resource helps survivors to: Identify the sexual effects of sexual abuse Eliminate negative sexual behavior and resolve specific problems Gain control over upsetting automatic reactions to touch and sex Develop a healthy sexual self-concept

Whatever Gets You Through - Jen Sookfong Lee 2019-04-16

Personal stories of surviving after the trauma of sexual assault. In the era of #MeToo, we've become better at talking about sexual assault. But sexual assault isn't limited to a single, terrible moment of violence: it stays with survivors, following them wherever they go. Through the voices of twelve diverse writers, *Whatever Gets You Through* offers a powerful look at the narrative of sexual assault not covered by the headlines—the weeks, months, and years of survival and adaptation that people live through in its aftermath. With a foreword by Jessica Valenti, an extensive introduction by editors Stacey May Fowles and Jen Sookfong Lee, and contributions from acclaimed literary voices such as Alicia Elliott, Elisabeth de Mariaffi, Heather O'Neill, and Juliane Okot Bitek, the collection explores some of the many different forms that survival can take. From ice hockey to kink, boxing to tapestry-making, these striking personal essays address experiences as varied as the writers who have lived them. With candor and insight, each writer shares their own unique account of enduring: the everyday emotional pain and trauma, but also the incredible resilience and strength that can emerge in the aftermath of sexual assault. Contributors: Gwen Benaway Juliane Okot Bitek Elly Danica Amber Dawn Alicia Elliott Karyn Freedman Heather O'Neill Elisabeth de Mariaffi Lauren McKeon Soraya Palmer Leah Lakshmi Piepzna-Samarasinha Kai Cheng Thom

After Campus Sexual Assault - Susan B. Sorenson 2021-06-10

"This book looks at the real stories of college students assaulted on campus and the steps they and their families can take together to acknowledge their experience and begin healing"--

The Way We Survive - Catriona Morton 2021-07-08

'This book will often hurt. It will make you angry, it will make you feel. My hope is that this hurt, this anger and these feelings will move you to change the way we talk about surviving sexual violence.' Sexual violence is an epidemic happening across all intersections of society, impacting every one of us. In the aftermath of the #MeToo and Time's Up movements, a cultural conversation has been ignited about the prevalence, immediate impact and long-term effects that sexual violence has on people. It has begun conversations on sexism, misogyny, consent and trauma. From the entertainment industry to governments; from India to the USA, people are beginning to listen to the pain survivors have been living with forever. Writing from her own experiences and those she has met through her podcast and her work as an activist, Catriona Morton will approach topics of consent and education, the mental and physical health of survivors, the cultural shift concerning attitudes surrounding sexual violence, the impact of politics and governmental cuts to survivors in the UK as well as the realities of subjects such as dating and reclaiming sexuality in the aftermath of sexual violence. With unflinching honesty and surprising moments of humour, Catriona wants to change the narrative around survivors, and to force us to reconsider the ways in which we talk about surviving sexual violence.

Reclaiming Your Life After Rape : Cognitive-Behavioral Therapy for Posttraumatic Stress Disorder Client Workbook - Barbara Olasov Rothbaum Associate Professor in Psychiatry and Director of the Trauma and Anxiety Recovery Program Emory University School of Medicine 2004-11-11

This powerful client workbook is written in an encouraging and easy-to-understand style specifically for women who have been sexually assaulted and have developed chronic symptoms of posttraumatic stress disorder (PTSD). Clients learn how cognitive-behavioral therapy has helped other victims and how it can work for them. This book explains how to distinguish PTSD symptoms from other disorders and teaches powerful techniques for overcoming these symptoms. In writing this book, the authors aim to address two goals. First, they want to present information about PTSD and related problems in language understandable to nonprofessionals. This information will include a review of the studies on posttrauma problems and on the effectiveness of different treatments. They also describe why some survivors develop PTSD and others do not. The second goal of the book is to provide a detailed client workbook for the treatment of trauma-related problems, especially PTSD, to assist clients working with a therapist. The authors are aware of the fact that people have different problems and different needs. What works for one person may not work for another. Therefore, they describe several different treatment techniques. The book is organized around the different cognitive-behavioral techniques that have been studied and proven effective with women sufferers of PTSD following an assault. Throughout the book, the authors focus mainly on women who have been sexually assaulted and as a result developed chronic symptoms of PTSD, which have disturbed their daily functioning and cause them emotional distress. Most of the examples they use to demonstrate the cognitive-behavioral techniques are drawn from their experience in treating rape survivors. However, the cognitive-behavioral procedures outlined here have been as successful in helping women who have been sexually abused in childhood and adult female survivors of nonsexual assaults, like aggravated assault and robbery. Other survivors of traumas such as natural disasters and car accidents were also helped by this cognitive-behavioral approach.

Resurrection After Rape - Matt Atkinson 2008-06

A top-selling, best-reviewed book about women's recovery from rape trauma, "Resurrection After Rape" is an ideal resource for counselors, treatment centers, college course texts, and survivors of rape.

Hope in the Darkness - Carrie Manke 2020-07-31

Finding the light and healing after sexual abuse is possible. In this book, I share my horrific experience with sexual trauma and my journey of recovery. After my assault, I spent the first few years feeling angry, hopeless, fearful, victimized, and powerless. I blamed God for letting this happen to me and for the evil that exists in the world. I blamed others for not doing anything to stop this evil. With the help of God, my family and friends, and the courage of other survivors, I began my healing journey. It was not, and is not, easy, and it includes relapses of anger, hopelessness, and depression as I process the life-changing impact of posttraumatic stress disorder. My sexual assault experience will always be a part of who I am. It has shaped me into the person I am today. With the strength of God and supporters around me, I will continue to grow and live out God's mission for my life. In doing this, I will continue to help others find their light, hope, and healing in the darkness.
