

G Spot And Other Recent Discoveries Human Sexuality

The Ps-spot Orgasm - Michelle Tallia

2014-04-26

It took three tries but it finally happened, my first PS-Spot orgasm, and I want a lot more. -- Jennifer Wilkie, Coopertown, TN *** When my boyfriend told me about the PS-spot orgasm I didn't believe it but after some research I agreed to give it a try. It hasn't changed my life but it is nice. -- Emma Freedman, Glenwood, AR *** It finally got me to enjoy anal sex. I'm grateful for that. -- Sara Jones, Davenport, WA *** My husband's magic fingers have given me a lot of PS-spot orgasms. -- Gina K., Galveston, Texas *** "My husband found my PS-spot and I orgasmed so hard I passed out." -- Molly Sanders, Winston-Salem, NC *** *** *** This book comes with four free bonus books (making it a \$34.75 total value!) Your books are presented in this order:
1. Absolutely Essential Tips for Buying & Selling On eBay
2. 100 Good Lines to Put in Your Personal Ad
3. Breast Massage Secrets Revealed
4. Special Things To Do During 3 Hours of Sex; A Step-by-step Guide
5. THE PS-SPOT ORGASM: Women Don't Wait Any Longer For This Kind of Pleasure
How could there be a major discovery for women's sexual pleasure that hasn't already been reported to death? Well there is, and it's the "other" G-Spot. You already know that most of the clitoris is actually inside the body, (two inches on average,) so you want to make sure the clitoris inside of you is being adequately stimulated. You've read reports on how to find and stimulate the G-spot and you know that the G-spot is actually more of a backdoor way to access the vast treasure trove of clitoral nerve endings versus being a separate collection of its own nerves. You've experimented with different sex toys until you've found one or more that you'll kill for. You know all about nipple stimulation and who hasn't heard about anal sex? Well there's still another major way for women to get sexual pleasure. Often known as the other "G-Spot", this part of a woman's

anatomy begs to be played with and offers the promise, or at least possibility, of more exciting sex. Now in all fairness it should be added that not all women will benefit from this discovery, as is the case with the G-spot. But what if you're one of the many that can benefit from it and you go through life never knowing about it :(Publisher's Note: This publication contains explicit sexual content.

New York Magazine - 1982-07-19

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Modes of Therapeutic Action - Martha Stark 2000-12-01

How do we position ourselves, moment by moment, in relation to our patients and how do these positions inform both what we come to know about our patients and how we intervene? Do we participate as neutral object, as empathic self-object, or as authentic subject? Do we strive to enhance the patient's knowledge, to provide a corrective experience, or to work at the intimate edge? In an effort to answer these and other clinically relevant questions about the process of psychotherapeutic change, Martha Stark has developed a comprehensive theory of therapeutic action that integrates the interpretive perspective of classical psychoanalysis (Model 1), the corrective-provision perspective of self psychology and those object relations theories emphasizing the internal 'absence of good' (Model 2), and the relational perspective of contemporary psychoanalysis and those object relations

theories emphasizing the internal 'presence of bad' (Model 3). Model 1 is about knowledge and insight. It is a one-person psychology because its focus is on the patient and the internal workings of her mind. Model 2 is about corrective experience. It is a one-and-a-half-person psychology because its emphasis is not so much on the relationship per se, but on the filling in of the patient's deficits by way of the therapist's corrective provision; what ultimately matters is not who the therapist is, but, rather, what she can offer. Model 3 is about relationship, the real relationship. It is a two-person psychology because its focus is on patients and therapists who relate to each other as real people; it is about mutuality, reciprocity, and intersubjectivity. Whereas Model 2 is about 'give' and involves the therapist's bringing the best of who she is into the room, Model 3 is about 'give-and-take' and involves the therapist's bringing all of who she is into the room. As Dr. Stark repeatedly demonstrates in numerous clinical vignettes, the three modes of therapeutic action—knowledge, experience, and relationship—dare not mutually exclusive but mutually enhancing. If, as therapists, we can tolerate the necessary uncertainty that comes with the recognition that there is an infinite variety of possibilities for change, then we will be able to enhance the therapeutic potential of each moment and optimize our effectiveness as clinicians.

What Your Mother Never Told You About Sex - Hilda Hutcherson 2003-02-04

In her ob-gyn practice, Dr. Hilda Hutcherson has seen women of all ages who have questions about sex. Now, in this down-to-earth book, she answers those questions and more as she addresses every sexual matter that has an impact on the lives of women. Combining up-to-date medical science with good old-fashioned girl talk, Dr. Hutcherson discusses sex in a lively tone that's as educational as it is engaging. With facts on female (and male) anatomy, aphrodisiacs, fantasy, orgasm, birth control, and more, she shows how to overcome sexual problems — and achieve sensational sensual experiences. Your mother may not have known what to tell you about sex, but Dr. Hutcherson will give you a real, honest education on sex and sexuality. And with a special chapter on talking

to your daughter, you can pass your wisdom on to the next generation.

50 Great Myths of Human Sexuality - Pepper Schwartz 2015-04-20

50 Great Myths of Human Sexuality seeks to dispel commonly accepted myths and misunderstandings surrounding human sexuality, providing an enlightening, fascinating and challenging book that covers the fifty areas the author's believe individuals must understand to have a safe, pleasurable and healthy sex life. Dispels/Explores commonly accepted myths and misunderstandings surrounding human sexuality Includes comparisons to other countries and cultures exploring different beliefs and how societies can influence perceptions Areas discussed include: pre-marital sex, masturbation, sexual diseases, fantasy, pornography, relationships, contraception, and emotions such as jealousy, body image insecurity, passionate love and sexual aggression Covers both heterosexual and same-sex relationships

Outwitting Osteoporosis - Ronda Gates 2011-09-06

Women of all ages need to be concerned about osteoporosis. Thirty-three million American women have the disease, and one out of every two women over the age of fifty will experience an osteoporosis-based fracture. Fortunately, there are important steps that women can take to ensure healthy bones throughout their lifetime. Pharmacist-trained Ronda Gates and nurse/researcher Beverly Whipple pool their talents to bring women the most up-to-date information, statistics, and treatment options to help them keep their bones strong.

The G Spot and Other Recent Discoveries about Human Sexuality - Alice Kahn Ladas 1982

Scientific evidence, statistics, case histories and personal testimonies regarding four discoveries: the Grafenburg spot, female ejaculation, pelvic muscle tone, and orgasmic response.

The Science of Orgasm - Barry R. Komisaruk 2006-11-26

This award-winning book "offers a thorough compilation of what modern science, from biomechanics to neurochemistry, knows about the secrets of orgasm" (Publishers Weekly). The coauthor of the international best-selling book *The G Spot and Other Discoveries about Human Sexuality*, Beverly Whipple joins neuroscientist Barry R. Komisaruk and endocrinologist Carlos Beyer-Flores to view orgasm through the lenses

of behavioral neuroscience along with cognitive and physiological sciences. Covering every type of sexual peak experience in women and men from intense to phantom, this fascinating and comprehensive work illuminates the hows, whats, and wherefores of orgasm. The authors explain how and why orgasms happen, why they fail to happen, and what brain and body events are put into play at the moment of orgasm. They also describes the genital-brain connection, how the brain produces orgasms, how aging affects orgasm, and the effects of prescription medication, street drugs, hormones, disorders, and diseases. Winner of the 2007 Bonnie and Vern L. Bullough Book Award, given by the Foundation for the Scientific Study of Sexuality *What Do Women Want?* - Daniel Bergner 2013-06-20

In this headline-making book, Daniel Bergner turns everything we thought we knew about women's desire on its head. Drawing on extensive research and interviews with renowned behavioural scientists, sexologists, psychologists and everyday women, Daniel Bergner asks: - Do women really crave intimacy and emotional connection? - Are women more disposed to sex with strangers or multiple partners than either science or society have ever let on? - And is 'the fairer sex' actually more sexually aggressive and anarchic than men?

Sex Matters for Women - Sallie Foley 2011-12-13
A guide to help women understand how their bodies work and to take charge of their sexuality, discussing anatomy, body image, trauma, overcoming difficulties, and related topics.

The Orgasm Answer Guide - Barry R. Komisaruk 2009-12

Credible, readable, and easy to follow, *The Orgasm Answer Guide* tells you everything you ever wanted to know . . . but were afraid to ask. *The Orgasm Answer Guide* answers common questions many people have about one of life's most fascinating experiences. In an accessible question-and-answer format, four of the world's leading sexuality experts address every aspect of orgasms: how they happen, why they don't, and what can be done to enhance sexual experiences. The authors provide clear and informed answers to more than 80 common questions, including:

- Can an orgasm cause a

heart attack? • Does childbirth affect orgasm? • What is the G spot? • How can I tell whether my partner is faking an orgasm? • Do orgasms end at a certain age? The all-star author team includes neuroscientist Barry R. Komisaruk, bestselling author and sexual health researcher Beverly Whipple, BBC sexuality talk-show host Sara Nasserzadeh, and Mexico's leading sex researcher, Carlos Beyer-Flores.

Female Ejaculation and the G-spot - Deborah Sundahl 2003

Like men, women also can ejaculate, enhancing and intensifying their sexual pleasure. In an open, positive style, Deborah Sundahl presents information about female ejaculation including scientific findings, anatomical illustrations, historical accounts, a chapter on how men can help their female partners to ejaculate, and women's and men's experiences collected during the past two decades.

The G-Spot Scientific Explanation and Truth - Acie Cargill 2020-01-13

This is a short book about 2500 words describing the phenomenon of the G-spot and urethral ejaculation during orgasms. Actually, the G-spot is analogous to the male's prostate gland. Both sit alongside the urethra and produce a similar fluid. In the male it is called semen and in the female, it is similar, but without any sperm. The fluid is ejaculated out of the urethra during sexual orgasms, but there is no urine in the fluid. Doesn't look like urine or smell like urine It is not urine. What is especially interesting is that both the prostate and G-spot are secondary orgasmic centers and the male and female can have an orgasm at those places.

[The International Encyclopedia of Human Sexuality, 3 Volume Set](#) - Patricia Whelehan 2015-06-02

This Encyclopedia is a comprehensive A-Z reference with over 500 entries that define sexuality from a broad biocultural perspective and show the diversity of human sexual behavior and belief systems. • Contains entries ranging from short definitions of scientific, clinical, cultural, and colloquial terms to extended explorations of major concepts • Covers 13 key areas of content, from clinical medicine and body modification to the language of sexuality and the history of sexology • Serves as an essential resource for students, scholars, and

researchers with contributions from an international team of top scholars and practitioners 3 Volumes

The Madame Curie Complex - Julie Des Jardins 2010-03-01

The historian and author of Lillian Gilbreth examines the “Great Man” myth of science with profiles of women scientists from Marie Curie to Jane Goodall. Why is science still considered to be predominantly male profession? In *The Madame Curie Complex*, Julie Des Jardin dismantles the myth of the lone male genius, reframing the history of science with revelations about women’s substantial contributions to the field. She explores the lives of some of the most famous female scientists, including Jane Goodall, the eminent primatologist; Rosalind Franklin, the chemist whose work anticipated the discovery of DNA’s structure; Rosalyn Yalow, the Nobel Prize-winning physicist; and, of course, Marie Curie, the Nobel Prize-winning pioneer whose towering, mythical status has both empowered and stigmatized future generations of women considering a life in science. With lively anecdotes and vivid detail, *The Madame Curie Complex* reveals how women scientists have changed the course of science—and the role of the scientist—throughout the twentieth century. They often asked different questions, used different methods, and came up with different, groundbreaking explanations for phenomena in the natural world.

Human Sexuality - Anne Bolin 2009-09-10

Human Sexuality: Biological, Psychological, and Cultural Perspectives is a unique textbook that provides a complete analysis of this crucial aspect of life around the world. Utilizing viewpoints across cultural and national boundaries, and deftly weaving evolutionary and psychological perspectives, Bolin and Whelehan go beyond the traditional evolution and primatology to address cross-cultural and contemporary issues, as well as anthropological contributions and psycho-social perspectives. Taking into account the evolution of human anatomy, sexual behavior, attitudes, and beliefs, this far-reaching text goes beyond what is found in traditional books to present a wide diversity of beliefs, attitudes, and behaviors found globally. In addition to providing a rich array of

photographs, illustrations, tables, and a glossary of terms, this extraordinary textbook explores: pregnancy and childbirth as a bio-cultural experience life-course issues related to gender identity, sexual orientations, behaviors, and lifestyles socioeconomic, political, historical, and ecological influences on sexual behavior early childhood sexuality, puberty and adolescence birth control, fertility, conception, and sexual differentiation HIV infection, AIDS, AIDS globalization and sex work Fusing biological, socio-psychological, and cultural influences to offer new perspectives on understanding human sexuality, its development over millions of years of evolution, and how sexuality is embedded in specific socio-cultural contexts, this is the text for educators and students who wish to understand human sexuality in all of its richness and complexity.

Perspectives on Human Sexuality - Anne Bolin 1999-01-01

Presents the first book-length examination of both the biological and cultural factors in human sexuality.

S=EX2 - Pere Estupinyà 2016-08-25

You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After *The Brain Snatcher*, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the “heat of the moment” is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to “cure” homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists,

multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona’s Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the curious.

Regain That Feeling - Mitchell Tepper
2015-01-13

Surviving a serious injury or illness, or living with a chronic condition, brings a host of physical changes, emotional responses, and relationship challenges. Often you are left feeling like less of a man or woman, defective, undeserving of love, fearing rejection, and avoiding sex. However, injury or illness doesn't have to end your sex life. Through sharing his own story of sexual self-discovery after breaking his neck at age 20, and the stories of research participants and coaching clients, Dr. Tepper, a renowned Sexologist and AASECT Certified Sexuality Educator and Counselor, reveals the secrets that will guide you back to feeling whole and fully alive again. On the way he busts the top myths that are holding you or your loved one back, including: * I have no feeling = My sex life is over!* I'm not experiencing pleasure or orgasm anymore = Sex is pointless! Why bother?* My partner left me, cheated on me, avoided having sex with me = I'm not lovable and I'm not a capable partner.* No one will want a person with a disability as a lover.* Just give it time. Everything will fall into place.* If you have high self-esteem, everything else will follow.* I shouldn't be thinking about sex right now, I should be focused on (fill in the blank). Contents: Introduction Spinal Cord Injury & Sexuality 101 Chapter One: My Story Chapter Two: Setting The Stage Chapter Three: Stories Of Sexual Healing Chapter Four: Process Of Sexual Self-Discovery Not The Same, Not Normal Don't Ask. Don't Tell Pointless! Why Bother? Need To Be With A Partner Chapter Five: Connectedness Chapter Six: Emotional And Spiritual AspectsOf Sexual Pleasure Chapter Seven: The Top Seven Myths That Are Holding You Back Chapter Eight: Seven Secrets Revealed Chapter Nine:

Moving Forward Resources Acknowledgements
About The Author Other Works by Dr. Tepper
Advanced Praise: "Regain that Feeling is a wonderful book that provides realistic hope to anyone who has suffered a sexual loss secondary to serious injury or illness." -Lee Woodruff, author of Perfectly Imperfect and co-author with Bob Woodruff of In an Instant "A great read that redefines sex and pleasure and demonstrates how difference can be good. Definitely worth it for anyone looking to explore sexuality through a different lens." -Tim Rose, Co-founder, The Rose Centre for Love, Sex and Disability "Dr. Tepper has taken this subject matter to a whole new

level... Please as an act of kindness to yourself, read this book." -Dr. Dan Gottlieb, author of The Wisdom We're Born with: Restoring Faith in Ourselves "Only Mitch Tepper could put together this kind of poignant blend of research, personal experience, and pure insight to get to the essence of love, intimacy, and true sexiness - disability or not." - Gary Karp, author of Life On Wheels and Disability & the Art of Kissing "A must-read for people with disabilities, their partners, and those who advocate for them." -Dr. Beverly Whipple, co-author of The G Spot and Other Recent Discoveries About Human Sexuality
