The Healing Touch Norma Dearing 2002-03-01 Our society is brimming with people suffering the effects of past abuse, rejection, physical illness, bad choices, and unhealthy relationships. Author and radio personality Norma Dearing has spent thousands of hours listening to and praying with those in need of emotional, physical, or spiritual healing. In *The Healing Touch*, she shares stories from countless people who have been set free from unhealthy relationships, unholy unions, addictions, generational influences, and physical illnesses associated with these. *The Healing Touch* is divided into three sections: Healing our Relationship with God, How to Have a Right Relationship with God, and Living within a Right Relationship with God. Packed with wise counsel, the book includes specific prayers for healing in the reader's own life and prayer for others in need. Dearing also covers rarely addressed problems such as healing from occult experience and pre-birth traumas, and explores the issue of why some people are not healed. This handbook is for counselors, lay leaders, pastors, and individuals who want to see people delivered from the unnatural ravages of hurt and sin. It is a powerful reminder that God longs for his people to be healthy and whole.

Taste Life Healing the Wounded Francois Mostert 2014-12-08 TASTE LIFE Healing the Wounded was born out of decades of inner-healing prayer ministry and training of lay-counselors and professionals in Scriptural principles that when applied lead to radical life-transformation. Many people are in need of facilitator training and this book provide the answer. TASTE LIFE Healing the Wounded is flavored with countless illustrations from real-life one-one counselling sessions that illustrate how to implement the principles discussed in the book. Building on a thorough Scriptural understanding as the basis for emotional healing TASTE LIFE Healing the Wounded takes you by the hand and equip you not only to position yourself, but others as well, to receive Truth leading to mind-renewal and life-transformation. Providing an simple frame of reference TASTE LIFE Healing the Wounded becomes a "manual" that instructs the reader how to pray effectively with(counsel) those caught in a trap of hatred, wounds of vulnerability, suffering under the burden of guilt or wrestling with the pain of sorrow and sadness. Every person develop their own unique set of psychological defenses and through the concept of the "principle of opposite choice" a clear and extremely practical way of encouraging people to drop their "psychological fig-leaf coverings" are introduced. Once a person find themselves standing helplessly and hopelessly in the "naked truth" of their own lies, sins and accompanied emotional pain they very quickly discover how the Lord Jesus

Christ cover their pain with the "skin-coverings" of His Grace. Whether you need help for alcohol addiction or any other addictive behavior pattern TASTE LIFE Healing the Wounded will provide you with an escape route. Through very insightful and practical teachings complex problems are addressed illustrating how, through the application of practical wisdom and Scriptural principles, resolution is possible for a wide range of "disorders". By applying the principles in this book there is hope for anyone suffering from the bondage of sexual sin and addictions, phobias and compulsions, eating disorders, mood disorders (depression) and marital discord and strains. Even complex disorders like Dissociative Identity Disorder can be resolved through the application of these relatively simple principles. TASTE LIFE Healing the Wounded provide a balanced view on the often controversial topic of Spiritual Warfare. The book concludes with a very detailed case-study pertaining to an adult survivor of sexual abuse. This case-study supplies the reader with the practical "fleshing" out of abstract concepts while at the same time testifies to the power of the Comforter, the Holy Spirit, to heal the deepest wounds. In summary the book TASTE LIFE Healing the Wounded is a profound teaching on aspects like: * God's Mercy and willingness to heal all who will come to Him in truth.* Biblical examples of inner-healing prayer principles.* How to encourage a person to move past their psychological defenses and barriers.* How to provide effective counselling for anger, whether it be directed at others, self or even God. * How to resolve seemingly resolvable pain manifesting in fear, shame, abandonment, worthlessness, powerlessness, hopelessness, etc.* How to resolve the burden of guilt.* How to resolve sadness and sorrow. * How to be effective in Spiritual Warfare.* How to "prepare" the ministry recipient. * Working through real life case-studies in order to be equipped in asking correct questions during a ministry session. * How to effectively train others in inner-healing prayer principles. * How to minister effectively to those coming to you with a prayer request for healing * Where to find continued support in growing as an effective prayer ministry facilitator.

Dr. Johnson."We live in an age that desperately needs a new understanding of both healing and counseling . In my experience the Bible reflects the powerful healing reality of Christ in creation and our own lives in many pivotal passages including one that inspired the final completion of this book: 'Then the angel showed me the river of the water of life, as clear as crystal, flowing from the throne of GodOn each side of the river stood the tree of life, bearing twelve kinds of fruit, yielding its fruit in season. And the

leaves of the tree are for the healing of the nations' (Revelation 22:1-2)."

The Gift of Presence Joe E. Pennel JR. 2010-09-01 "Near the end of Hemingway's A Farewell to Arms, there is a word that has continued to stay with me. He said, 'The world breaks everyone. Then some become strong at the broken places.' As a pastor, I have seen people become strong at the broken places, and I have seen people become broken up at the broken places of life. I hope that the reader will learn how to assist those who are suffering, and will, at the same time, learn something of great value for living in these days." - Author Joe Pennel Unfortunately, suffering is a part of living. None of us have escaped this fact. Even so, it's difficult to know how to console someone going through a broken place. In *The Gift of Presence*, Bishop Joe Pennel offers practical help to give confidence and skill to clergy and laity serving the broken hearted. With a central message on the importance of simply being there, Pennel combines practical "how-to's" with prayers, readings, and services. This small, casebound book outlines real ways to help through planning visits, writing notes, finding scriptures and prayers to read, avoiding cliches, and thinking through the theology of God, humans, and suffering. *The Gift of Presence* includes pertinent topics such as: the ministry of presence, quietness, sincerity, and the art of helping. "I found Bishop Pennel's book to be concisely written, compassionately expressed, extremely helpful tool for anyone in relationship with someone suffering. Because all of us will be in such a relationship at some time in our life, [The Gift of Presence] would be a great read in preparation for life's difficult events." - Rev. Lori Lampert, Lead Associate Pastor, Schweitzer UMC, Springfield, Missouri " [The Gift of Presence] is both practical and contemplative encouraging the reader to remember why we are in ministry but also to pay attention to how we engage in ministry. I would definitely recommend this to any Stephen Minister program. We also have a Lay Counseling program where it would be very helpful. Frankly it would have been a wonderful book to receive before I started making hospital visits as a new pastor.

Bishop Pennel has given us his gift of presence in the writing of this book. I appreciated his willingness to share his own stories of ministry and life as well as the knowledge he has gathered from several years of practical experience." - Rev. Barbara Miner, Assoc. Pastor, Floris UMC, Herndon, Virginia "I appreciated the sample letters and prayers found in *The Gift of Presence*. The chapters on 'Seven Simple Do's and Don'ts' and 'Common Responses to Suffering' will be helpful to Stephen Ministers." - Rev. Rick Plain, Minister of Pastoral Care, Los Altos UMC, Los Altos, California
Healing for the City Craig Ellison 2002-06-03 'Healing for the City' is a book for counseling urban dwellers in need, whether they be inside or outside the church. It focuses on the brokenness and typical problems of urban dwellers without assuming that all who live in the city suffer from serious dysfunctions This book was written to offer guidance to those who counsel in an urban setting - to provide a response to the emotional, relational, and spiritual distress that one often encounters in the city. The three parts of the book treat the distinctive elements of the urban context, specific concerns of ethnic groups (Asian, Black, Hispanic), and approaches to particular pressing problems such as addictive behaviors, divorce, recovery, single parenting, sexual abuse, etc. 'Healing for the City' was written for pastors, social workers, counselors (professionals and paraprofessionals), and other Christians in positions of leadership and spiritual direction.

Cultural Anthropology Stephen A. Grunlan 2016-11-22 This volume on cultural anthropology presents a Christian perspective for Bible school students of conservative evangelical backgrounds. The hope is that a sympathetic approach to the problems of cultural diversity throughout the world will help young people overcome typical North American cultural biases and bring understanding and appreciation for the diversities of behavior and thought that exist in a culturally heterogeneous world. Grunlan and Mayers take the position of "functional creationism"; and though they discuss some of the problems implied in traditional interpretations of the age of the world and especially of the creation of the human race, they do not attempt to deal with either physical anthropology or the origins of man. They do, however, attempt to deal meaningfully with the problems posed by biblical absolutism and cultural relativism, and their practice. Concluding chapters with a series of thought-provoking questions should prove to be of real help to both the professional and nonprofessional teacher of anthropology.

Robinson 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Counseling and Community Rod Wilson 2003-04 Traditionally, counseling has focused primarily on the individual--overlooking the interaction between the community and the individual. Wilson has created a biblically-based counseling model that anchors the individual within the community. The result is a perspective that encompasses all aspects of a person's life, where the community becomes

a helper in the counseling process. The thesis of this book is tied to the assumption that we need a counseling approach that is community-oriented rather than exclusively focused on the individual. When this is the case, we will be able to appreciate the biblical emphasis on the people of God. While he prizes a relationship with individuals, God's heart is with a body, a fellowship, a community. Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process. Rod Wilson (PhD, York University) is President and Professor of Counselling and Psychology at Regent College in Vancouver, B.C., Canada. He is also the author of *Exploring Your Anger and Helping Angry People*.

Christ and the Marginalized Elizabeth Hernandez 2021-07-01 Have you ever lost something or someone of infinite value to you? Have you ever been wounded in a profound way? You are not alone. The majority of us will confront times when we feel lost, vulnerable, and in need of a helping hand: someone who will stretch out their hand and say, "Rise up!" Yet not everyone will have access to a trained professional or the financial resources to access those services--and this is especially the case for the poor and downtrodden in our world today. So many of us yearn to experience the healing of our souls; encountering a shepherd-helper with a caring spirit can lead us on the pathway to the other side of pain. The average person can show compassion and grow in that ability if they are equipped to do so. This book offers people of faith the lay counseling skills that will enable the church to help others in their brokenness and pain, with the goal of strengthening many, joining Christ in his work among the marginalized.

Communicating Health Mohan J. Dutta 2008-02-04 The culture-centred approach offered in this book argues that communication theorizing ought to locate culture at the centre of the communication process such that the theories are contextually embedded and co-constructed through dialogue with the cultural participants. The discussions in the book situate health communication within local contexts by looking at identities, meanings and experiences of health among community members, and locating them in the realm of the structures that constitute health. The culture-centred approach foregrounds the voices of cultural members in the co-constructions of health risks and in the articulation of health problems facing communities. Ultimately, the book provides theoretical and practical suggestions for developing a culture-centred understanding of health communication processes.

Healing from the Heart Rochelle Graham 1998 To have health is to have a balance and harmony between the physical, emotional, mental, spiritual and relational aspects of the self. In healing, we endeavor to restore this balance when it has become off kilter. In Christian scripture and liturgy there is a rich history of healing. Healing from the Heart traces the tradition of Christian healing, and explores the mystery of prayer. Church groups interested in beginning a healing ministry will find this an invaluable resource, offering meditation resources, healing services, and well-tested and practical hands-on healing methods.
