It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. Divorced Girl Smiling is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever

and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Medical Heroes and Heretics Wayne Martin 1977 Orthodox science -- particularly in the medical profession -- has for centuries resisted change. It traces back at least as far as Socrates who was done to death for corrupting youth with his innovative ideas. In recent times, practically all the great advances in medicine have been made against a powerfully entrenched orthodoxy. Wayne Martin's book is about some of the men involved -- then and now: Oliver Wendell Holmes, Sr., who made physicians wash their hands; Louis Pasteur, who postulated the connection between bacteria and certain diseases; Frederick Banting, who discovered insulin; Jonas Salk, who solved the mystery of polio, to mention but a few. These men all braved the wrath of the medical establishment of their day. Heretics they were, but Heroes they became. Similarly, today a group of brave pioneers are fighting the same fight. They are, says the author, the heroes of tomorrow: Ernst Krebs, Jr., Evan Shute, Dean Burk, Denis Burkitt, Virginia Livingston and a dozen others, all of whose careers and findings are described here by a man who has pursued his topic for the past ten years.

The Spanish Love Deception Elena Armas 2022-02-08 A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Make Your Move Jon Birger 2021-02-02 Modern romance is broken. It's time to flip the script. Apps have transformed dating from a mysterious adventure into a daily chore. Young, single, college-educated women are sick and tired of competing for a shrinking supply of guys. And marriage-material men, long expected to take the lead when it comes to asking women out, are suddenly balking at making the first move, fearing they'll come across as creepy or inappropriate. Society is changing, which means it's time for dating to evolve. Millennial and Gen Z women are more than capable of seeking out what—and who—they want. They're standouts in the classroom and champions on the playing fields. They're leaders in the workplace and trailblazers in city halls, state houses, and Congress. So why would we tell a generation of badass women that they're not allowed to be bold when it comes to finding love? Why should they have to sit back and wait (and wait and wait) for men to find them? In *Make Your Move: The New Science of Dating and Why Women Are in Charge*, Jon Birger, author of *Date-onomics*, offers women bold new strategies for finding the one. Backed by research showing that women can win at romance by making the first move with the men of their choice, Birger explains why: • It's better to choose than to be chosen • The "play hard to get" method is not only outdated but grounded in bad science • The first move does not have to be a big move • It's time to log off of dating apps and date men you actually know • The workplace can be a terrific place to meet a long-term romantic partner • . . . and more! *Make Your Move* is an honest, solution-based guide to finding love that lasts. If you're tired of playing by old rules, look no further: Make your move and win.

Have Him at Hello Rachel Greenwald 2010-03-09 There’s a reason the media has dubbed matchmaker Rachel Greenwald as “The Wife Maker.” Yes, she’s responsible for over 750 marriages, but more importantly, she has solved perhaps the biggest dating mystery of all time: when you finally meet Mr. Right (or even Mr. Potential), what really compels him to call back (or not) after a date? Armed with her Harvard MBA, Rachel embarked on a fascinating ten-year research project to decipher this puzzle. In *Have Him at Hello*, she applies her business savvy to the dating world by conducting in-depth “exit interviews” with 1,000 single men, asking why they called back one woman, but not another. By refusing to accept the post-date brush-off like “There wasn’t any chemistry...” or the excited, but equally vague evening recap, “We hit it off!” Rachel extracted unabashedly honest and raw details. It turns out there are clear, tangible, consistent reasons why marriage-minded men either fall for you or disappear. The surprising “Top 5 Date Makers” and “Top 10 Date

Breakers” revealed in this book can actually change your fate when Mr. Right finally comes along. Rachel’s goal isn’t for you to pretend to be someone you’re not, but rather to keep the ball in your court. By using her innovative research and tips as a guide, more men will ask to see you again ; then you can do the selecting, rather than wondering if they’ll call. Because information is power, this book will make your first hello a lasting one.

Models Mark Manson 2017-09-11 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

The Guyde Howie Reith 2016-11-19 *The Guyde* is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. *The Guyde* is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
