WHAT NO ONE TELLS YOU ABOUT DATING AND SEDUCTION!

Countless males around the world are clueless when it comes to approaching a lady. Some of them even have a kind of "fright" when they're alone with ladies, especially pretty ones! This affects both young guys and even older men. It is, to them, a relatable scene, where an attractive lady walks past and they feel tensed up. As a lady, I'll tell you the truth: we love confident men and there's no magic other guys use in getting our attention, other than that. While that's very basic, this guide would be exploring in details how to easily start conversations with any lady, sail through the "talking stage" and move on to "other things". This isn't some random guide, rather, it is a carefully crafted piece, from a woman's perspective. For instance, unlike popular belief, we are not very much enticed by what we see - athletic build, bling and others - rather, we believe more in what we hear. And that's why you've gotta learn how to start a conversation, hold it down and then project your interests. I'll be so glad to give you the female's perspective on flirting, dating and seduction, thereby turning you into a Casanova no lady can intimidate in no time, with your permission though. Ready? Then let's get on to work!
