*Beyond the Breakup* Andrew Aitken 2015-04-21 Written by a man with extensive experience on the topic, *Beyond the Breakup* explains how men think about breakups, their ex-girlfriend, and how they perceive her behavior in the wake of a relationship's end. It also explains the implications this has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. Breakup Bootcamp can help anyone turn their greatest heartbreak into a powerful tool for growth

How I Got My Ex-Girlfriend Back in 40 Days K. Mani 2017-03-08 Heartbreak and the loss of a significant other is a daily thing, it happens even to the best of us. Most people invest everything that they have in a relationship for certain periods of time only to end up disappointed when their partner walks away. While ladies are more aggressive and strategic in terms of getting back what they have lost, men are rather clueless. Opting to wallow in self-pity and fill themselves with meaningless entities in an effort to numb the pain. Well, wallow no longer. I have been in this very same position before, and unlike all other books that give you useless strategies, my book is a tad different. Rather than empty words, I will give you a 40-day strategy to help you get back with your ex-girlfriend. This can also work for fiancés. I hope that my story proves inspirational and my tactics effective. Warning, this is not a book for the cold-hearted manipulators who only seek to control the women in their lives. This is a book for those that are genuinely hurt, and desire to get a second chance to make things work. It is so sad to see the love of your life in the arms of another. This book will help you to get your love back and keep her. It is written from my perspective, following the actions in my life, and has worked for me. I hope you find as much success with the strategy as I have. There are two very crucial parts of getting back your ex, and the first happens in the very first days after the official breakup. You may separate, but not be officially broken up even a month after. It is exactly after this period that your actions begin to matter. This is when you start going through the stages of a breakup, and everyone has their own process. Some go through depression and anger and the likes while others just bury everything deep and move on. What you need to realize is that while you are going through all of this, your ex is also going through the same. There is always the common advice that you need to give her time and space. This is completely wrong. Because, with time and space, then she will go through the whole process of grieving and emerge from the other end with no thoughts or feelings for you. What you need to do is to ensure that you are still on her mind. The time for you to give her time and space will come later on, but now you need to ensure that you remain relevant to her, that you still mean something to her even after she ends it. This book will take you to the journey of getting your ex-girlfriend back after heart shattering break-up.

**No Contact Rule** Jessie Parker 2016-08-30 Get your ex back by making them chase you! This book will teach you how! Introduction This book contains everything you need to know about how you can win your ex back by implementing one devastatingly simple technique. For years, people who have succeeded in getting back together with their exes and restoring their relationships have known about this rule. Follow it, and you will maximize your chances of reuniting with the one you love. It works whether you have been dating for a few weeks, a few months, a few years, or even if you have broken up after decades together. Neither does it matter exactly why you broke up. It doesn't matter whether you are a man or a woman, straight or gay. The underlying principles are still the same, and this guide will tell you everything you need to know in order to restore your relationship and make it even better than ever. If you are fresh out of a breakup, you will be hurting. Your mind may be racing a hundred miles per hour, trying to make sense of all the pain and confusion you are experiencing. You may be trying to fathom how and why your relationship has gone wrong, and how it can be repaired. However, your strongest emotion may well be hurt and loss. It is this combination of feelings that can cause you to run back to your ex or try and get back in touch with them. You may feel strongly tempted to visit them, call them, text them, check up on their social media or try and collaborate with their family and friends to win them back. If this describes your recent behavior, you need to slam on the brakes and STOP. This is the wrong approach entirely. Rather than clinging on to your ex, you need to let them go. You need to cut contact. You need to give them space. In this book, you will discover: What the No Contact Rule is, and why it is such an effective psychological tool to deploy in a breakup scenario. Why the No Contact Rule is so difficult to stick to in the modern world, and how you can overcome the temptation to check up on your ex or get back in contact. Exactly how to deal with the difficult feelings you will face whilst going No Contact, and how to remain strong. What to do when your ex starts to chase after you. What to do if the No Contact Rule isn't working, and how to move on if necessary. There's no doubt about it - implementing the No Contact Rule is difficult. You will have to fight every day to overcome the urge to get into contact with your ex. However, if you truly believe that your relationship could have a future and you know that they are the one you want, this approach is your best bet in making them come back to you. Get

the book now and get the love life you want!

*Magnetic Partners* Stephen Betchen 2010-05-18 Do you and your partner argue about the same things over and over again? Are you often confused about why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of

attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new terms with the conflict to save your relationship

As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience. **Partners How To Get Over A Breakup Fast** Am Michael 2020-05-11 Breakup sucks! **How to Get Your Ex Girlfriend Back** C. Powell 2012-01-24 The answer to the question 'can i get my girlfriend back?' is yes... probably. won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.
