**How to Get Your Ex Back - Use Your Head to Fix Your Heart** - Robert Faulkner 2018-11-08

This book helps you to get your ex back, using the Heart-To-Head Method. Coach Robert Faulkner found out that his background was very helpful: he was able to compare business to

personal situations, using tools that had helped him much in his work. To analyze first, for example, how to negotiate well and communicate effectively: how to deal with miscommunication, pride, cultural difference, and so on. He found out that if you want to fix a broken relationship it is best to let the heart and head cooperate. A year ago he wrote down his experiences, so you too can benefit from his powerful method.

**Better Love Next Time** - J. M. Kearns

2010-03-16

Better Love Next Time offers help in coping with the pain and heartache of a bad breakup, but more than that, it reveals how to overcome the lingering damage that a broken relationship can leave behind – how to heal your romantic soul. J.M. Kearns presents a simple (and entertaining) way to diagnose what went wrong, so history won't have to repeat itself, and explains how to decode the "guide to compatibility" written in your own past. Witty, frank, and full of real-life stories, Better Love Next Time ensures that when you do find a new love, you will arrive whole, renewed, and empowered to make it the one that lasts. In Better Love Next Time, J.M. Kearns discusses: how to deal with the "wall of pain" that is a broken heart, and what is waiting beyond the wall why "falling in love" too often

doesn't lead to love; and how to change that how our attempts to avoid being cheated on again can make us choose exactly the wrong partners the real key to faithfulness in a partner the surprising toll that cheating takes on the cheater how a mismatch can trick you into feeling inadequate how to replace what you've lost after a breakup how good matches go bad – the ultimate scoop on how to make your next (good) match last. "Read it, people. J.M. Kearns's new book called Better Love Next Time... The book's main premise is that people often repeat the same mistakes in successive relationships, but if you can diagnose what really went wrong with your exes, you can have better relationships in the future." — Erin Meanley, Glamour.com "If you're searching for love, then you should start with this refreshingly intelligent and insightful dating guide." —Shari Low, Daily Record "Self-help books often make me skittish - but not this one. Kearns's advice is sound and good: he tells us to look inward, to be honest with ourselves, to

stay the course. A chapter called How Good Matches Go Bad is, alone, worth the book's price...He says our demons will invariably rise up and try to disrupt ...It's important to learn to step back when you sense trouble 'and ask yourself, who is talking here?' Are there old grudges in play? Old hurts stinging? False lessons echoing that have nothing to do with the two of you?" —Susan Schwartz, Montreal Gazette

**Doctor Love** - Pankaj Gupta 2020-07-07

I wish there could be no problem in love. I wish there would be no broken hearts. I wish all the love stories would have happy ending. I wish no one would die or kill on the name of love. I wish there would be a Doctor Love to help people if at all there are problems due to broken love affairs or sad end of love stories. I had imagined this situation and then I had tried to understand the possible problems arising out of love affairs. Further, I tried to analyze the cause of break ups and arrive on some conclusions based on the

experiences and experiments. Thus, I have created the character of Doctor Love who is trying to help people to handle the break ups and patch up with their beloved ones if at all that is destined to happen in this universe. This book is dedicated to all those who broke their hearts in love and looked for a shoulder to cry upon in any stage of life. It is also dedicated to those who offered their shoulder to support them. This book is not a love story but it's a story of love; i.e. about break-ups and attempted patch-ups of love relationship. It's a story of broken hearts who had to live a lonely life after breaking up in their love relationship due to individual reasons. As per Doctor Love, there is a theory of initial resistance and followed by law of acceptance. Our human psychology is such that we resist to new things initially but when we observe it for over a period then it becomes part of our routine and we accept it usually. Aryan, running in his 25th years of life, an average looking middle class guy, claimed to fall

through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. Chapter List:

Better Love Next Time - J. M. Kearns 2009 When you figure out how love went wrong, you can figure out how to make it go right, what adjustments you may need to make and what sort of man you can be happy with. In his inimitable sensitive style, J M Kearns shows you not just how to cope with failed love, but how to

uncover the clues in a failed relationship that can help you find a better one. Better Love Next Time deals with the problems of relationships and the pain of break-ups, the constructive lessons that can be learned and the new course that can be charted. This isn't a quick fix that doesn't work, or a patronising tirade against single women, or written by a self-righteous expert. This book, by contrast, is witty, well-written, practical and grounded in common sense.

The Bright Side of a Broken Heart - Michelle D'Avella 2017-08-20

heartbreak and the wisdom gathered along the way. A book for anyone who has loved and lost, fallen into the dark hole of depression, grieved deeply, or is ready to heal.

*How to Fix a Broken Heart* - Guy Winch

2018-02-13

'HOW TO FIX A BROKEN HEART PROVIDES THE VALIDATION, COMFORT AND HOPE ANYONE WHO IS HEARTBROKEN DESPERATELY NEEDS.' ESTHER PEREL, BESTSELLING AUTHOR OF THE STATE OF AFFAIRS AND MATING IN CAPTIVITY Every one of us has or will have our heart broken at some point in our lives. Heartbreak, whether it comes in the form of romantic love or through loss, is universal, yet we know so little about how to deal with it. Psychologist Dr Guy Winch imagines how different our lives and our society would be if we paid more attention to this unique emotional pain. Heartbreak can last for days, weeks, months and even years. Yet while we wouldn't expect someone to go to work or

function well with a broken limb, heartbroken people are expected to function in their lives, despite the emotional pain they feel. How to Fix a Broken Heart argues that if we don't understand how heartbreak works, we won't be able to heal it and we are likely to make it worse, which we do, and regularly. Dr Winch reveals how and why heartbreak impacts our brain and our behaviour in dramatic and unexpected ways, regardless of our age. Emotional pain lowers our ability to reason, to think creatively, to problem solve and to function. Recovering from heartbreak always starts with a decision, a determination to move on when our mind is fighting to keep us stuck. We can take control of our lives and our minds and put ourselves on the path to healing. Dr Winch offers a toolkit on how to handle and cope with a broken heart and how to, eventually, move on. 'A great read for anyone going through heartbreak, anyone trying to help someone go through heartbreak, or anyone who simply wants to understand humans better' Tim

Urban, creator of Wait But Why?

*Break Up, Don't Break Down* - D. Ivan Young

Your relationship may be 'breaking up.' but you will not be 'breaking down.' If anything, you're correcting a mistake that was hurting four people, you and the person you're with not to mention the two people who you were destined to meet.

'It should be on every bookshelf.' John Gottman, author of *The Seven Principles for Making Marriage Work* \_\_\_\_\_ What if everything you thought you knew about your relationship was wrong? We all have faulty thinking when it comes to our closest relationships. Our default ways of thinking about love can blind us to what is good (and bad), lead us to find problems where they don't exist, and potentially sabotage even a great relationship. To prove it, and because it's fun, here's a pop quiz. True or False:

- It's wrong to be selfish in a relationship. - If we're not having a lot of sex, we're not in love. - Men aren't as romantic as women. - It's better to hold back and not argue about it. - You should never give up looking for your soulmate.

Stronger Than You Think presents a refreshing and eye-opening new take on the relationship genre and gives readers a guided tour of the most common blind spots that plague relationships at all the major friction points. Blind spots are the key questions you aren't asking, the signals you're missing, the signs you aren't seeing, qualities that you're overvaluing, or the indicators you're misinterpreting. Award-winning professor, psychologist, and relationship scientist Dr Gary Lewandowski leverages his 20 years of experience to provide readers with a way out of this self-sabotage in this eye-opening look at their relationship's good side.
