**Astrology for Real Relationships** Jessica Lanyadoo 2019-12-31 A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

**Gemini** Liberty Phi 2023-05-30 From ancient times, people have wanted to understand the rhythms of life and looked to the skies for answers. The Ancient Greeks and Romans turned to the celestial bodies for inspiration and devised narratives to which they referred to make decisions and choices. Maybe the options have changed, but we are still seeking wisdom and guidance in life today. Whether it's working out your ideal career, your perfect partner or to understand more about how you communicate, Liberty Phi has the answers. A student of astrology for over 20 years, in her Planet Zodiac series, Liberty will take you on a deep dive into your star sign and birth chart. Only by understanding the meaning, nature and power of each planet and how that's relevant to your birth chart - which is relevant only to you - can you really harness the power of the zodiac. You can then use this knowledge to work out how planetary patterns might influence you and how they will affect your life in a rather profound way. You will learn, for instance, what sort of impression you are likely to make when you enter a room, how you function in a group, or how spontaneous you are likely to be. Whatever your star sign, these books will help you to take an in-depth and tailored exploration of your star sign and will give you the tools to harness the zodiac and take control of your life.

SignMates Bernie Ashman 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will

pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship. Super Horoscope Diamond 1994-08 The Bedside Astrologer tells all - personality traits, including quirks; how to advance in one's chosen field of work, how to enjoy yourself at home or on the road, and of course, advice about romance, sex and love. Each book is chock full of information that any astrology buff wants. Text is lively and beautifully illustrated.
