**Martín Rivas** Alberto Blest Gana 2000-01-13 Widely acknowledged as the first Chilean novel, *Martin Rivas* (1862) by Alberto Blest Gana (1830-1920) is at once a passionate love story and an optimistic representation of Chilean nationhood. Written shortly after a decade of civil conflict, it is an indispensable source for understanding politics and society in nineteenth-century Chile. The hero of the story is Martin Rivas, an impoverished but ambitious youngster from the northern mining region of Chile, who is entrusted by his late father to the household of a wealthy and influential member of the Santiago elite. While living there, he falls in love with his guardian's daughter. The tale of their tortuous but ultimately successful love affair represents the author's desire for reconciliation between Chile's antagonistic regional and class interests. Indeed, many critics have interpreted Martin Rivas as a blueprint for national unity that emphasizes consensus over conflict. In addition to providing commentary about the mores of Chilean society, Blest Gana documents the enormous gap that existed between the rich and poor classes. An invaluable text for its portrayal of contemporary social, political, and class conditions, *Martin Rivas* illustrates the enriching influence that romanticism had on nineteenth-century Chilean literature.

*What Is All This?* Stephen Dixon 2012-06-11 A massive tome from one of America's greatest living writers. Stephen Dixon's work has earned him a Guggenheim Fellowship, the American Academy Institute of Arts and Letters Prize for Fiction, the O. Henry Award, and the Pushcart Prize.

Fantagraphics Books is proud to re-present his 2010 hardcover collection of short stories, *What Is All This?*, in paperback form. Dixon's finely chiseled sentences cut to the quick of people's lives. None of these stories have been collected in any book before; they have appeared in a wide variety of literary journals over almost 40 years and Dixon has entirely rewritten all of them. Dixon admirers will be cheered to learn that these stories comprise a wholly original work. Centrally concerning himself with the American condition, Dixon explores obsessions of body image, the increasingly polarized political landscape, sex — in all its incarnations — and the gloriously pointless minutiae of modern life, from bus rides to tying shoelaces. Using the canvas of his native New York he astutely captures the edgy madness that infects the city through the neuroses of his narrators with a style that owes as much to Neo-Realist cinema as it does to modern literature.

*The Vengeance of Luther: The Complete Trilogy* Ember Michaels 2022-02-14 My vengeance was determined to destroy the woman I held responsible for the death of my sister. In the end, she may be the only person who can save my life. Our romance was doomed from the start, tearing two families apart when tragedy strikes. As the danger heats up around us, so does the remnants of old emotions. Once my enemy, I'd do whatever it took to ensure she made it out of this alive. Even if it meant spilling the blood of those I held close. The Vengeance of Luther boxed set contains the books The Destruction of Sevnyn, The Sins of Luther, and The Rebirth of Us. This trilogy is complete.

**The Tao of Dating** Ali Binazir 2012-06-13 The #1-Rated Dating Book by Readers on Amazon for 3+ Years Running This is what readers say: 'I have read many books about relationships and dating, but The Tao of Dating is one of a kind, so different and mind-blowing in its common sense and simplicity that it is impossible to put it down once you start reading.' 'Well, where shall I start? Mind blowing? Life-changing? Truly opened my eyes? No words can express how much I love this book. I wish I had read it much earlier.' 'I keep this book in a small, carefully chosen, boxed collection of 'indispensable advice I wish I had written' that I will pass along to my children as they navigate through teens, twenties, early adulthood and beyond.' 'This turned out to be one of the most transformative books I have ever read much more so than I thought it possibly could be.' 'The content is intelligent and compassionate and enriching far beyond anything to do with dating. In essence, this book somehow, magically, alchemically, brings you back to yourself. Everyday TV and other media specialize in portraying women as cheap and disposable. This book is the antidote. Just by reading it, one is restored to one's own heart. I can think of no better praise.' '1.5 reads of the book in and I can honestly say that I not only have a clear sense of the basic things that I was doing that were completely throwing off the dynamic with these men, but that I now have simple, quite beautiful little tools in mind when I'm interacting with men that make me properly excited to date. I'll admit that I bought a few books in this vein in one lump...but 'The Tao of Dating' just completely blew them out of the water.' 'This is the most helpful dating book that I have experienced! At the time of my purchase I also downloaded two other books and after reading this I can't even get through the first chapter of the other ones.' 'Thanks to this specific book, I went from having a nonexistent dating life, with empty weeks stretching ahead to being booked every night of the week and in some cases, having two or three dates per evening... the results, for me, were dramatic: I now feel like I have my pick of the litter a slew of fabulous guys who all clamor for my attention.' Can You Have it All? Hell Yeah! I believe that smart, successful women CAN have it all -- both a great career AND a rich, warm, fulfilling love life. Do read on if you agree. See -- smart women like yourself were having unfulfilling love lives on an epidemic scale when I was an advisor at Harvard. They either couldn't find the right guy, were with the wrong guy, had relationships that didn't last, or had given up on dating entirely. So I wrote this book to remedy the situation. This is not your grandma's dating guide. Partially because I'm not your grandma, and partially because the 21st century poses unprecedented challenges to the modern woman. With a high-powered career, it may seem that there just isn't time for love. And nowadays, lots of guys are less educated & affluent than you. What to do? Ancient Wisdom + Modern Science = Lasting Love

& Happiness for You This book combines ancient wisdom with modern science to give smart, successful women like yourself a heart-centered, science-based, practical guide to finding fulfillment in your love lives -- and far beyond. I give it all to you in a progression of small, easy steps that put the fun back in dating, plus the science and reasoning behind it so you can trust where it all comes from.
