Reading the Absurd Joanna Gavins 2013-06-27 What is the literary absurd? What are its key textual features? How can it be analysed? How do different readers respond to absurdist literature? Taking the theories and methodologies of stylistics as its underlying analytical framework, *Reading the Absurd* tackles each of these questions. Selected key works in English literature are examined in depth to reveal significant aspects of absurd style. Its analytical approach combines stylistic inquiry with a cognitive perspective on language, literature and reading which sheds new light on the human experience of literary reading. storyteller as well as a scholar” (Washington Times). In *The Rise and Decline of the Redneck Riviera*, Southern historian Harvey H. Jackson presents a cultural history of the coastal region stretching from Mobile Bay and Gulf Shores, Alabama, to Panama City, Florida—an area known as the “Redneck Riviera.” Jackson chronicles the evolution of the area from the late 1920s, when it was sparsely populated with small fishing villages, through to the devastating BP/Deepwater Horizon oil spill of 2010. With both personal and historical perspectives, Jackson explores the area’s development as a middle- and working-class vacation destination following World War II, the building boom of the fifties and sixties, and the emergence of the Spring Break “season.” He tracks the hurricanes that destroyed historic construction, the building boom that brought high-rise condos, and the effects of the 2008 housing market crash. While his major focus is on the social, cultural, and economic development, he also documents the environmental and financial impacts of natural disasters and the politics of beach access and dune and sea turtle protection.

Lester Bangs—within a narrative that brings to mind *All the President's Men* and *Fast Times at Ridgemont High*—Judge tells us the truth, in all of its brutality and beauty. May this book open the way for a spate of similar memoirs, whose honesty will lead this once-great nation out of the fetid triangular swamp of lies that is this brave book's eponymous Devil's Triangle^{3/4} and toward a new sunlit frontier, in which genuine liberty and unvarnished truth once more become our beacons and our hope." —Eric Metaxas, #1 New York Times Bestselling author of *Fish Out of Water: A Search for the Meaning of Life* and *Host of Socrates in the City* In 2018, in the midst of a contentious Supreme Court confirmation battle, Christine Blasey Ford named Mark Judge as a witness to her alleged attempted rape over thirty years earlier at the hands of a teenaged Brett Kavanaugh. Overnight, the unassuming writer, critic, videographer, and recovering alcoholic was unwillingly thrust into the national media spotlight. Reporters combed through Judge's writings, pored over his high school yearbook, hounded him with emails and phone calls, and invaded the privacy of his relatives, friends, and former girlfriends. He was mauled in the press, denounced in the Senate, received threatening late-night calls, became the target of a classic honey trap, and was even called out by Matt Damon on *Saturday Night Live*. As the lunacy reached its crescendo, Judge began to fear for his sanity and even his life. A year later, still traumatized by this Kafkaesque experience, Judge found himself washing dishes in a Maryland restaurant, trying to piece his shattered life back together. Even at the time, it was clear that Judge himself was not the target of this campaign of vilification. Instead, it was an attempt to use his spotty record as a teenage alcoholic, and later, a political and cultural conservative, to destroy Brett Kavanaugh by proxy. The actors in this malicious and cynical plot were an informal cabal of partisan reporters, Democrats in Congress, and shadowy opposition researchers: a "Devil's Triangle" whom Judge aptly compares to the Stasi, the dreaded East German

secret police who terrorized citizens during the Cold War. Now, in a frank, confessional, and deeply moving book that stands comparison to Arthur Koestler's Cold War classic *Darkness at Noon*, Judge rips the mask from the new American Stasi. Using pop culture, politics, the story of his friendship with Kavanaugh, and the fun, wild, and misunderstood 1980s, Judge celebrates sex, art, and freedom while issuing a timely warning to the rest of us about our own endangered freedoms.

Becoming the Beach Boys, 1961-1963 James B. Murphy 2015-06-08 They were almost The Pendletones--after the Pendleton wool shirts favored on chilly nights at the beach--then The Surfers, before being named The Beach Boys. But what separated them from every other teenage garage band with no musical training? They had raw talent, persistence and a wellspring of creativity that launched them on a legendary career now in its sixth decade. Following the musical vision of Brian Wilson, the Beach Boys blended ethereal vocal harmonies, searing electric guitars and lush arrangements into one of the most distinctive sounds in the history of popular music. Drawing on original interviews and newly uncovered documents, this book untangles the band's convoluted early history and tells the story of how five boys from California formed America's greatest rock 'n' roll band.

The Seven Year-Old Pilot Steven Archille 2012-03-23 Flying has been my dream since before I can remember... literally. My Aunt Odette tells me that when I was three years old, she took me with her to the Port-au-Prince International Airport to pick someone up, and when I saw an airliner up close for the first time, I excitedly yelled out, "I want to drive that!" I don't recall that event, but it serves as evidence that my fascination with flying began at a remarkably young age. My first memory of wanting to fly came a few years later at the age of seven. I was on my very first flight, from Port-au-Prince to New York City, where I was going to start a new life in a new country. I remember looking

at all the people boarding the airplane and wondering how that "big silver bird" was going to get us into the air (that silver bird was an American Airlines Boeing 727). To this day, the whole experience is vivid in my mind: being greeted with a smile by the captain at the aircraft entry door, the funny feeling in my stomach as the plane accelerated down the runway, leaping into the air, and my utter disbelief that we didn't drop out of the sky! I was mesmerized by it all, and by the time the plane came to a stop at our gate, my dream had been born... I wanted to become an airline pilot. I have been blessed to be living that dream since 1999. It's a dream from which I hope never to awaken. This is the story of the lifelong journey I have taken in realizing that dream. I invite you to come along with me as we go from my birth in Haiti to the present day, as I live my dream every day. You will come with me as I move to America at the age of seven, a country I knew nothing about and whose language I didn't speak, a land that would truly prove to be "the land of opportunity." You will feel my sense of wonder and bewilderment growing up in New York City, trying to understand my new world. You will face my struggles to fit in with the kids in the housing project where my family lived for a decade as Mom and Dad saved money to buy a house. You will meet my parents, who encouraged my dream of flying, and my fifth grade teacher who helped me to see that it was possible not only to dream it, but also to achieve it. It's a story of potential fulfilled, and my family's sacrifices to get me through college and flight school. You will fly with me from my first lesson to my first airline job as a copilot, to the day I earned my four-stripes and first heard someone call me "Captain." You will sit with me in the captain's seat as I fly an airline jet over Haiti for the first time, looking down from thirty-eight thousand feet onto the land of my birth where my dream had been born. You will soar with me over the majestic Amazon jungle in Brazil, over the desert-flanked Nile River in Egypt, and the sparkling Mediterranean Sea. You will fly with me through New York City

You will travel with me on adventures to Europe, South America, the Middle East, South Asia, the Caribbean, and other parts of the world I used to dream of going to as a child; places that have affected me profoundly and where I left a little part of myself. I have seen all these things through the eyes of the seven year-old boy from Haiti that I was and in many ways, still am; the little boy who had a sense of just how incredible the world and life are, who dreamt of a life of worldwide adventure, and was blessed to have his dream come true. My Life is a Rock and Roll Song ... ready to be sung! Ray Mack 2023-07-09 Born to a Slovenian Mom and an Irish Dad, I grew up in a small Ohio town in the 40's and 50's with many memories of my family struggling during and after World War II. Studies came easy for me, graduating with honors in College Preparatory Classes in 1959. I spent the last years in high school having overcome a "Meatball" weight problem and hanging out with buddies that were "cool." Although I was accepted and had a college scholarship waiting for me, there was this stronger urge to accompany my buddies and join the Marines — promising my parents college would come later. While serving 4 years in the Marine Corps (Univac Computers), I followed one of my "cool" buddies to a local Albany, GA radio station in search of a part-time job and fell in love with the thought of being a DJ with hundreds of girls admiring me and my now Mr. Bronze America muscular body! I did make it with an on-air gig but only got there because of my Sales/Marketing skills. With a few delays, my parents were elated when I graduated from Kent State University with a Bachelor's Degree in Telecommunications and a Master's Degree in Broadcast Management. The road to success has taken me on a lot of twists and turns, some right turns — while making my share of boo-boos along the way. There has been more than 50 years invested in writing this book ... some parts based on life — others based on my vivid imagination!
