Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In

cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations that might cause her distress or jeopardize her future happiness. This book was designed to show women how men appraise female behavior in order to determine a woman's level of self-respect and therefore, her value as a romantic partner. In it, you'll discover the timeless seduction secrets and dating rules

for women that will help you avoid those dating mistakes that make could make a woman appear desperate, needy, commonplace, or even "unqualified" for a serious commitment to a great guy. Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to "rebuff" undesirable male behavior and get the guy you want to either take you seriously or take a HIKE! A simple "Ego-Popping" phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. A dangerous and common dating mistake that FORCES a man to disappear or "log out" of a relationship...for GOOD. Foolproof dating rules for women (the "Nice Girls") who feel that men CONSTANTLY take advantage of their love and kindness. And much, much more... Would You Like to Know More? Get started right away and discover how to get the guy and keep him interested in you without playing games. Scroll to the top of the page and select the "buy button" now.

She's never done what was expected of her... Laila Sood has always resisted tradition and her parents' wishes, from leaving her small town in India and moving to Seattle to start a rock band, to rejecting the groom her parents chose for her arranged marriage. Now twenty-nine, Laila's band has critical acclaim on the indie scene, but she hasn't attained her goal that will cement her rock star status—signing with a major L.A. label. Marriage is the last thing on Laila's mind when she meets Hari Singh. He's an Indian mama's dream—a handsome pediatrician from a rich,

well-connected Indian family—and everything Laila's rejected her entire life. Even worse, sparks fly between them like Diwali fireworks, and though Laila's aunt is hoping to match Hari with her daughter, Hari is fascinated by Laila. She thinks a few dates will prove that he's too boring and traditional for her, except Laila only falls harder. Does Laila still chase her rock star dream, or has Hari shown her a new way to fly her rebel flag that just might be anchored in tradition?

If you've lost your ex, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal. If you have a goal, then the next thing you need is a plan and a strategy. That means planning, considering the pros and cons, and carefully weighing your options. However, with this book you're in the best position to get your ex back - and it starts the very moment you start reading and implementing what I teach you. This book will explain some very simple tactics that can give your ex a completely different view of the person you are and get her to fall in love with you all over again. But more importantly, I will help you determine exactly why you lost her in the first place, how to shift your focus from her onto you to break the energy attachment, and show you how to keep her this time by actually becoming a better man and being her best option. While it may seem completely counter-intuitive but focusing on yourself is the critical first step in getting your ex back and keeping her. This book will start from square one and lead you through all the steps to getting the woman you've been after, whether it's your ex or someone even better. We cover the essentials to developing yourself so that you are attractive to women. How to determine what type of woman is best for you. How to pull off the romance she so desperately wants. And most importantly to your success, how to build your own self-confidence so that you are comfortable doing anything. If

you master the techniques presented in this book, you will have all of the tools necessary to make women find you irresistible. I titled the book "Men Are Stupid" because so many men spend so much time and energy trying to play games and manipulate women all in an effort to "trick" her and get her into bed. I said men are stupid because they fail to realize that women are incredible creatures and are just as, if not more, sexual and sensual than men. They want sex just as much as we do. You don't need to play games or tricks. You just simply need to understand that women get turned on from the inside out. You must seduce her mind first, then everything else will open. The best way to find and maintain a relationship with a woman is to first understand how she operates, what turns her on, and how to keep her interested. Once you understand these key points you will unlock the secrets of seducing a woman. The first thing to do is to get inside her mind, and determine her inner workings. Once you truly understand how she works, everything else will fall into place. Good Luck in your journey!

Learn why men seem interested at first but then lose it suddenly. If you're in a relationship, you've definitely been caught off guard and left feeling completely dissatisfied after a terrific guy abruptly lost interest in you after initially being quite enthusiastic. Perhaps a long-term lover suddenly started drifting away from you, leaving you terribly distraught. Unfortunately, despite how awful these moments are in a relationship, most women have a tendency to react in ways that are ineffective and only serve to alienate their partner further-possibly permanently. How to Respond When Men Distance Themselves from You or Try to Ignore You No woman can change the fact that every male, no matter how receptive or involved he may seem initially, has the capacity to distance himself and lose interest in her at some point. Even if this is the case in reality, a woman has the power to alter how she responds to these circumstances. Although you might not be able to influence a man's actions, you can. Being in control of your feelings will make it simpler for you to win a man's heart and make him regard you as an irreplaceable, high-value woman, particularly when his actions endanger your future with him. But in order to successfully win over a man's heart, a woman needs to have a thorough grasp of how men think, including the reasons why they lose interest and the things that scare them off from a developing relationship. How to Understand Men and Understand Male Dating Behavior The truth is that a woman may dramatically improve her odds of finding love by doing one straightforward thing: knowing men. When a woman genuinely comprehends male dating behavior, she is better equipped to deal with guys when they withdraw or try to ghost her, instead of reacting in desperation and frantic worry. Fortunately, you'll get a peek into how men perceive women and romantic relationships in this perceptive little dating guide for women.
