During her entire time in college she was engaged, her and her fiancé Josh decided to give a long distance relationship a go. From the beginning of her college career throughout the completion and still to this day they are together. With nearly

Bethany and Josh had to find new things to keep their relationship interesting. At first they started using webcam communications but that was short lived because the college cut the bandwidth that was allowed to the students making it almost impossible to webcam one another. They tried almost all of the techniques that are mentioned in this book. There were many different things that was brought up by other people trying to make them break up, but that never worked because Bethany and Josh have a bond stronger than words of others. Now that Bethany is out of college, she and Josh is no longer on a long distance relationship status because they are just a few minutes apart and are looking forward to their future and in the process of planning their wedding. Their long distance relationship helped them both mature and develop the ways that the communicate to the point that they both seem as if they are ten years older than they really are in the case of communication strategies. When things would seem dire within the relationship they would sit down and talk it out either on the internet, phone, or text messaging and get past the situation.
