The Charisma Myth Olivia Fox Cabane 2013-03-26 What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.

Building Communities of Engaged Readers Teresa Cremin 2014-06-20 Reading for pleasure urgently requires a higher profile to raise attainment and increase children's engagement as self-motivated and socially interactive readers. *Building Communities of Engaged Readers* highlights the concept of 'Reading Teachers' who are not only knowledgeable about texts for children, but are aware of their own reading identities and prepared to share their enthusiasm and understanding of what being a reader means. Sharing the processes of reading with young readers is an innovative approach to developing new generations of readers. Examining the interplay between the 'will and the skill' to read, the book distinctively details a reading for pleasure pedagogy and demonstrates that reader engagement is strongly influenced by relationships between children, teachers, families and communities. Importantly it provides compelling evidence that reciprocal reading communities in school encompass: a shared concept of what it means to be a reader in the 21st century; considerable teacher and child knowledge of children's literature and other texts; pedagogic practices which acknowledge and develop diverse reader identities; spontaneous 'inside-text talk' on the part of all members; a shift in the focus of control and new social spaces that encourage choice and children's rights as readers. Written by experts in the literacy field and illustrated throughout with examples from the project schools, it is essential reading for all those concerned with improving young people's enjoyment of and attainment in reading.

you might even start feeling like a disaster, wishing you had the ability to know what she was thinking. It's happened to all of us some time or another that we don't know what to say when entering into a conversation or that there are some uncomfortable silences. The truth is that it is not as difficult as many think, and yet many men end up in boring conversations and girls rarely have unforgettable nights with them. Why? Because they end up doing the same boring, predictable, and tedious things that the last 100 previous guys did and they simply don't work. Imagine that one girl is on a date with a random guy she doesn't know and he starts asking her the same questions she always hears. "So where do you come from?", "What is your job?", "What do you study?", "Why did you choose that university?", "Where would you like to live?", "Where would you like to go on vacations?", or even talk about the WEATHER! Yes! That last one, definitely, is the topic of conversation of an unforgettable night ... The worst thing is that there is a belief that the solution to this is "openers" or pre-set phrases and I have to admit that I used to think that way too. Once a guy wrote to me: "If I just had a perfect phrase to start a conversation everything else would just flow." In the same way many men also look for that perfect phrase, that all-encompassing opener, in order to get attention instantly and make any girl attracted towards us ... but I'm sorry to say that it doesn't work this way.

Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.”

—Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and,

after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

The Millionaire Fastlane MJ DeMarco 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth:

Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Conversational Style Deborah Tannen 2005-07-21 This revised edition of Deborah Tannen's first discourse analysis book, *Conversational Style*--first published in 1984--presents an approach to analyzing conversation that later became the hallmark and foundation of her extensive body of work in discourse analysis, including the monograph *Talking Voices*, as well as her well-known popular books *You Just Don't Understand*, *That's Not What I Meant!*, and *Talking from 9 to 5*, among others. Carefully examining the discourse of six speakers over the course of a two-and-a-half hour Thanksgiving dinner conversation, Tannen analyzes the features that make up the speakers' conversational styles, and in particular how aspects of what she calls a 'high-involvement style' have a positive effect when used with others who share the style, but a negative effect with those whose styles differ. This revised edition includes a new preface and an afterword in which Tannen discusses the book's place in the evolution of her work. *Conversational Style* is written in an accessible and non-technical style that should appeal to scholars and students of discourse analysis (in fields like linguistics, anthropology, communication, sociology, and psychology) as well as general readers fascinated by Tannen's popular work. This book is an ideal text for use in

The Lonely Hunter Aimée Lutkin 2022-02-03 A COSMOPOLITAN BEST NON-FICTION BOOK OF 2022 More people are single today than ever before. Yet in a world where romantic love still reigns, the stories we tell ourselves haven't kept up. *The Lonely Hunter* explores the rise of singledom, the realities of loneliness, and whether it is possible to live contentedly alone. 'So what's going on in your love life?'. An innocent question at a dinner party prompted Aimée Lutkin to finally tell the truth: it was six years since her last relationship, and she suspected it would be better to accept the life she had — a life she liked very much — rather than keep searching. But Lutkin's answer was met with uproar; surely she couldn't give up on love? So she threw herself into dating, going on two dates every week. Documenting her experiences, Lutkin explores the reality of sexual relationships today and reveals how the cultural messages we receive shape our expectations of love. From weird Tinder hookups to the way the 'self care' industry capitalises on our fear of being alone, to the complexities of queer dating and the truth about the 'loneliness epidemic', she uses her experiences to fearlessly tell a wider story about how we love now.
