**The Luminaries** - Eleanor Catton 2013-09-05

WINNER OF THE BOOKER PRIZE FOR FICTION 2013 It is 1866, and Walter Moody has come to make his fortune upon the New Zealand goldfields. On arrival, he stumbles across a tense gathering of twelve local men, who have met in secret to discuss a series of unsolved crimes. A wealthy man has vanished, a whore has tried to end her life, and an enormous fortune has been discovered in the home of a luckless drunk. Moody is soon drawn into the mystery: a network of fates and fortunes that is as complex and exquisitely patterned as the night sky. The Luminaries is an extraordinary piece of fiction. It is full of narrative, linguistic and psychological pleasures, and has a fiendishly clever and original structuring device. Written in pitch-perfect historical register, richly evoking a mid-19th century world of shipping and banking and goldrush boom and bust, it is also a ghost story, and a gripping mystery. It is a thrilling achievement and will confirm for critics and readers that Catton is one of the brightest stars in the international writing firmament.

*Mademoiselle* - 2000

*Linda Goodman's Love Signs* - Linda Goodman 2014-01-09

The New York Times bestseller that helps you explore whether romance is in the stars. Linda Goodman's Love Signs addresses the question asked by everyone familiar with astrology: How do I relate to someone of another sign? Each sign is "related" to the twelve signs of the zodiac in a different and unique way. Each section addresses the differences for a male and a female with the same sign matches. This is an updated edition of Linda Goodman's lively bestseller, which has introduced millions to the concept of astrological compatibility. "What seems to set Goodman's books apart from other stargazing guides is their knowledgeable approach and comprehensive reach." —Newsweek

*Get Over Yourself!* - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf,

stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

*Stand Tall, Little Girl* - Hope Virgo 2021-11-25

For four years, Hope Virgo fought a gruelling internal battle, keeping her anorexia hidden from friends and family. Having pushed her health to breaking point, and with her skin turning yellow and her heart failing, it became impossible to hide. Barely recognisable, Hope was admitted to a mental health hospital in 2007. Twelve years on, Hope has been in recovery from anorexia for over a decade. But it hasn't always been an easy ride, and after a relapse in 2016 where she was refused help for 'not being thin enough', she knew she needed to raise awareness about the disease that almost took her life. And so, in August 2018, Hope launched the #DumpTheScales campaign, which calls on the government to review their guidance on support for eating disorders. Since then, with relentless campaigning, her petition has gained over 70,000 signatures

and counting. Stand Tall, Little Girl is the inspiring account of how Hope fought back from rock bottom, built a healthy life for herself, and used her story to effect real change for others suffering from the same devastating condition. 'Hope writes with incredible honesty and openness, her journey is truly inspirational' Jonny Benjamin, MBE. 'Both insightful and an inspirational story of recovery. This is a must read book' Dame Kelly Holmes.

*SignMates* - Bernie Ashman 2000

Dispelling the myth that only certain Sun signs are compatible with each other, this book shows how, by working through the strategies suggested for one's sign combination, differences can be turned into assets rather than liabilities.

*The Stepford Wives* - Ira Levin 2011-04-26

The internationally bestselling novel by the author of A Kiss Before Dying, The Boys from Brazil, and Rosemary's Baby With an Introduction by Peter Straub For Joanna, her husband, Walter, and their children, the move to beautiful Stepford seems almost too good to be true. It is. For behind the town's idyllic facade lies a terrible secret -- a secret so shattering that no one who encounters it will ever be the same. At once a masterpiece of psychological suspense and a savage commentary on a media-driven society that values the pursuit of youth and beauty at all costs, The Stepford Wives is a novel so frightening in its final implications that the title itself has earned a place in the American

lexicon.

**My Sweet Audrina** - V.C. Andrews 2015-12-29

Contains excerpt of Whitefern, sequel to My sweet Audrina.

*Scorpio Hates Virgo* - Anyta Sunday 2017-08-31

This year is all about healing the heart, Scorpio. It's time to leave negative attitudes and stoic facades at the door and let others see the real, more vulnerable you. Percy Freedman is not grieving. Absolutely not, take that back at once. No, he's entirely sure that selling his dead aunt's home and leaving the neighbors he's known for years is the sane thing to do. Who in their right mind would keep the house that smells like all the hugs he'll never have again? Nobody, that's who. Well, except his cul-de-sac neighbors. They all seem to think some paint and new furniture will clean the emotional slate. They all want him to stay. Even his nemesis, Callaghan Glover. Especially his nemesis, Callaghan Glover. Lured into a game of Sherlock Gnomes, Percy finds himself hanging out with his neighbors more than might be considered healthy. Along with juggling new and surprising verbal grenades from Cal, and his burgeoning friendship with Gnomber9, Percy is starting to wonder if selling might have been the grief talking after all . . . That's right, Scorpio. With a little patience, heartbreak might be a thing of the past . . . \* \* \* \* "Scorpio Hates Virgo" contains sarcasm, sexual content, a slightly sappy HEA, and an unhealthy obsession with dinosaurs. It can be read as a standalone. Themes: friends-to-lovers, slow burn Genre: New Adult, light-hearted contemporary gay romance If you've enjoyed "Leo Loves Aries," you can look forward to a slow burn, will-they-or-won't-they romance, full of sarcastic banter and a delicious slice of unresolved sexual tension.

**Linda Goodman's Sun Signs** - Linda Goodman 1972

Taking each of the 12 signs in turn, Linda Goodman explains the importance of the sun in astrology. She also covers the characteristics of men, women, children, bosses and employees of each sign.

Astrology for All - Alan Leo 1910

**Astrology for Real Relationships** - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars?

Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

**The Book of Negroes** - Lawrence Hill 2010

Abducted from her West African village at the age of eleven and sold as a slave in the American South, Aminata Diallo thinks only of freedom - and of finding her way home again. After escaping the plantation, torn from her husband and child, she passes through Manhattan in the chaos of the Revolutionary War, is shipped to Nova Scotia, and then joins a group of freed slaves on a harrowing return odyssey to Africa. Lawrence Hill's epic novel, winner of the Commonwealth Writers' Prize, spans three continents and six decades to bring to life a dark and shameful chapter in our history through the story of one brave and resourceful woman.

**Book Lovers** - Emily Henry 2022-05-03

“One of my favorite authors.”—Colleen Hoover An insightful, delightful, instant #1 New York Times bestseller from the author of *Beach Read* and *People We Meet on Vacation*. Named a Most Anticipated Book of 2022 by Oprah Daily • Today • Parade • Marie Claire • Bustle • PopSugar • Katie Couric Media • Book Bub • SheReads • Medium • The Washington Post • and more! One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves.

**Astrology** - Hans Holzer 2018-07-10

(Originally published in 1975) What is astrology really: science, art, craft—or fraud? In a work of extraordinary range, an informed observer, Hans Holzer, has attempted to evaluate astrology's contribution to our lives. In the last decade, astrology has moved from a casual topic of conversation at cocktail parties to a major subject for serious discussion and academic inquiry. It has become, at its best, an important facet of

human expression in the everyday life of millions and, at its worst, a vehicle for cold-blooded commercial exploitation. Astrology: What It Can Do for You includes: \* interviews with a score of nationally known cosmic, mathematic, commercial, and esoteric astrologers \* Gar Osten's remarkable chart of the United States, a sobering and challenging document that predicts the country's course through the year 2136 A.D. Soon to come: a thirty-year "period of trial," with the possibility of a major war or the beginning of the land breakup, \* a list of simplified, easily understood astrological terms \* a discussion of the possible influences of cosmic radiation on our lives \* a realistic look at newspaper astrology columns \* new, at-a-glance astrological charts showing the chief characteristics of the twelve birth signs of the zodiac and estimating their chances of getting along with each other While warning against excessive reliance on astrology, the author nevertheless sees it as a helpful tool in mapping the road ahead. And he tries to bring together the polarized camps of doubters and enthusiasts in a common quest: to grasp the nature of both the external and the internal universe.
