[Love Her or Lose Her](#) - Tessa Bailey 2020-01-14

The #1 New York Times bestselling author of *It Happened One Summer* and *Hook, Line, and Sinker* returns with a unique, sexy rom-com about a young married couple whose rocky relationship needs a serious renovation... Rosie and Dominic Vega are the perfect couple: high school sweethearts, best friends, madly in love. Well, they used to be anyway. Now Rosie's lucky to get a caveman grunt from the ex-soldier every time she walks in the door. Dom is faithful and a great provider, but the man she fell in love with ten years ago is nowhere to be found. When her girlfriends encourage Rosie to demand more out of life and pursue her dream of opening a restaurant, she decides to demand more out of love, too. Three words: marriage boot camp. Never in a million years did Rosie believe her stoic, too-manly-to-emote husband would actually agree to relationship rehab with a weed-smoking hippie. Dom talking about feelings? Sitting on pillows? Communing with nature? Learning love languages? Nope. But to her surprise, he's all in, and it forces her to admit her own role in their cracked foundation. As they complete one ridiculous—yet surprisingly helpful—assignment after another, their remodeled relationship gets stronger than ever. Except just as they're getting back on track, Rosie discovers Dom has a secret... and it could demolish everything. "Her voice feels as fresh and contemporary as a Netflix rom-com." —Entertainment Weekly \*Named one of the Best Romances of 2020 by Insider and Oprah Magazine + Marie Claire's Best New Books of 2020\*

**Love Her Well** - Kari Kampakis 2020-08-18

Now an ECPA Best Seller—Kari Kampakis's *Love Her Well* gives moms ten practical tips for how to build strong and lasting relationships with their daughters. For many women, having a baby girl is a dream come true. But as girls grow up, the narrative of innocence and joy changes to one of dread as moms are told, "Just wait until she's a teenager!" and handed a disheartening and too-often-true script about a daughter's teenage season of life. Author, blogger, and mom to four daughters Kari Kampakis thinks it's time to change the narrative and mind-set that leads moms to parent teen girls with a spirit of defeat instead of strength. *Love Her Well* isn't a guide to help mothers "fix" their daughters or make them behave. It's about a mom's journey, doing the heart-work necessary to love a teenager while still being a steady, supportive parent. Kari offers wisdom about how moms can: Choose their words and timing carefully. Listen and empathize with her teen's world. See the good, and love her for who she is. Take care of themselves and find a support system in the process. By working on the foundation, habits, and dynamics of the

relationship; mothers can connect with their teen daughters and earn a voice in their lives that allows moms to offer guidance, love, wisdom, and emotional support. Kari gives mothers hope, wisdom, and a reminder that all things are possible through God, who is the source of the guidance and clarity they need in order to grow strong relationships with their daughters at every age—especially during the critical teen years.

**Augmented** - Brett King 2016-05-15

The Internet and smartphone are just the latest in a 250-year-long cycle of disruption that has continuously changed the way we live, the way we work and the way we interact. The coming Augmented Age, however, promises a level of disruption, behavioural shifts and changes that are unparalleled. While consumers today are camping outside of an Apple store waiting to be one of the first to score a new Apple Watch or iPhone, the next generation of wearables will be able to predict if we're likely to have a heart attack and recommend a course of action. We watch news of Google's self-driving cars, but don't likely realise this means progressive cities will have to ban human drivers in the next decade because us humans are too risky. Following on from the Industrial or machine age, the space age and the digital age, the Augmented Age will be based on four key disruptive themes—Artificial Intelligence, Experience Design, Smart

Infrastructure, and HealthTech. Historically the previous 'ages' brought significant disruption and changes, but on a net basis jobs were created, wealth was enhanced, and the health and security of society improved. What will the Augmented Age bring? Will robots take our jobs, and AI's subsume us as inferior intelligences, or will this usher in a new age of abundance? Augmented is a book on future history, but more than that, it is a story about how you will live your life in a world that will change more in the next 20 years than it has in the last 250 years. Are you ready to adapt? Because if history proves anything, you don't have much of a choice.

Professor Kelli's Guide to Finding a Husband - M. S. W. Kelli Miller 2010-05-22

I know what you're thinking. You hate me. You got a glimpse of my ring and you're pissed. I know your kind because I was once your kind. Every time I saw a happy couple I could feel last night's dinner coming up. When I saw wedding magazines I wanted to take a blowtorch to each one of them. Engagement rings? The only way you could talk to me about Okarats was if you were going to feed one to your pet rabbit. Yes, I was sick. Sick of set-ups, match-ups, and break-ups. I've been on blind dates and I've been on dates where I wish I were blind. But I finally did find Mr. Right. And I'm going to show you how. Through humor, empowerment, and basic common sense clinical social worker "Professor Kelli" instills confidence in women, makes them laugh at their situation (or the men they've dated), and teaches them the process of letting go and staying present. Sure, it's about finding a husband but it's more about finding you first.
