Northern Harvest - Emita Brady Hill 2020-05-05

Northern Harvest: Twenty Michigan Women in Food and Farming looks at the female culinary pioneers who have put northern Michigan on the map for food, drink, and farming. Emita Brady Hill interviews women who share their own stories of becoming the cooks, bakers, chefs, and farmers that they are today—each even sharing a delicious recipe or two. These stories are as important to tracing the gastronomic landscape in America as they are to honoring the history, agriculture, and community of Michigan. Divided into six sections, Northern Harvest celebrates very different women who converged in an important region of Michigan and helped transform it into the flourishing culinary Eden it is today. Hill speaks with orchardists and farmers about planting their own fruit trees and making the decision to transition their farms over to organic. She hears from growers who have been challenged by the northern climate and have made exclusive use of fair trade products in their business. Readers are introduced to the first-ever cheesemaker in the Leelanau area and a pastry chef who is doing it all from scratch. Readers also get a sneak peek into the origins of Traverse City institutions such as Folgarelli's Market and Wine Shop and Trattoria Stella. Hill catches up with local cookbook authors and nationally known food writers. She interviews the founder of two historic homesteads that introduce visitors to a way of living many of us only know from history books. These oral histories allow each woman to tell her story as she chooses, in her own words, with her own emphasis, and her own discretion or indiscretions. Northern Harvest is a celebration of northern Michigan's rich culinary tradition and the women who made it so. Hungry readers will swallow this book whole.

Welcome to Replica Dodge - Natalie Ruth Joynton 2019-03-11

Not long after stumbling into Mason County, Natalie Ruth Joynton finds herself the owner of four acres, a big red barn, and a white farmhouse set among the picturesque rolling hills of Northern Michigan. But there's a catch. Right in her front lawn stands a life-size tribute to the Old West—specifically, Dodge City, Kansas. Replica Dodge boasts a one-room schoolhouse, a general store, a bank, a saloon, a bunkhouse, a jail, and a church. Who built Replica Dodge and why? What was this person hoping to do or attract? And what's stranger: a person who builds such a spectacle or the people who buy it? Welcome to Replica Dodge follows Joynton, a newly converted Jew with strong city roots, as she begins a new life with her fiancé in Michigan's Bible Belt. The irony of the situation is not lost on her. Jews are notorious city-dwellers. Even secular Jews tend to stay within urban Jewish communities. And yet, here she is: almost a hundred miles from the closest synagogue and marrying—despite the guidance of several rabbis—a partner outside the Jewish faith. Can that faith (and marriage) survive roadkill and rifle season and Replica Dodge? As Joynton toils to build her own version of home in the heartland, she begins to discover that rural America is not one thing. It is many stories, and as varied as her experiences and hopes are, so too are those of her neighbors. Welcome to Replica Dodge suggests that we move slowly through the new spaces in our lives—removing tape and Bubble Wrap, working with your partner to find a place for that weird chair, and wiping away the cobwebs to start fresh. Anybody who has ever felt like they didn't belong will take comfort in this enchanting memoir.

Off to the Side - Jim Harrison 2007-12-01

A New York Times Notable Book: A memoir of the writing life of Jim Harrison, from hardscrabble years to high-profile Hollywood friendships, "as engaging as it is eccentric" (The Washington Post Book World). In this "sprawling, impressionistic memoir", which was selected as a New York Times Notable Book of the Year, Jim Harrison chronicles his coming-of-age, from a boy drunk with books to a young man making his way among fellow writers he deeply admires—including Peter Matthiessen, Robert Lowell, W.H. Auden,

Truman Capote, Tennessee Williams, and Allen Ginsberg (The New York Times Book Review). Harrison discusses forthrightly the life-changing experience of becoming a father, and the minor cognitive dissonance that ensued when this boy from the heartland somehow ended up a highly paid Hollywood screenwriter. He gives free rein to his seven obsessions—alcohol, food, stripping, hunting and fishing (and the dogs who have accompanied him in both), religion, the road, and our place in the natural world—which he elucidates with earthy wisdom and an elegant sense of connectedness. *Off to the Side* is a work of great beauty and importance, a triumphant achievement that captures the writing life and brings all of us clues for living. A true masterpiece of memoir from an author whose "writing bears earthy whiffs of wild morels and morals and of booze and botany, as well as hints of William Faulkner, Louise Erdrich, Herman Melville, and Norman Maclean." (San Francisco Chronicle) "This fine memoir is a worthy capstone to a fascinating career." —Publishers Weekly

Love, Sex, and 4-H - Anne-Marie Oomen 2015-04-01

As the 1960s dawned in small-town Michigan, Anne-Marie Oomen was a naive farm girl whose mother was determined to keep her out of trouble—by keeping her in 4-H. In *Love, Sex, and 4-H*, Oomen sets the wholesomeness of her domestic lessons in 4-H club from 1959 to 1969 against the political and sexual revolution of the time. Between sewing her first dish towel and finishing the yellow dress she wears to senior prom, Oomen brings readers along as she falls in and out of love, wins her first prize, learns to kiss, survives her first heartbreak, and makes almost all of her clothes. *Love, Sex, and 4-H* begins as Oomen struggles to sew a straight seam and works hard to embody the 4-H pledge of loyalty, service, and better living. But even as she wins her first modeling competition and masters more difficult stitches and patterns, Oomen finds that she is not immune to the chaos of the outside world. After the Kennedy assassination, the Cuban Missile Crisis, and her own short stay in a convent, Oomen encounters the biggest change of all—public school. In this new world of school dances, short skirts, and raging hormones, Oomen's orderly life will be complicated by her first kiss, first boyfriend, first store-bought dress, and finally, first love. All the while, she must negotiate her mother's expectations, her identity as a good 4-H girl, and her awareness of growing social and political unrest. Oomen brings an insightful and humorous eye to her evolving sexuality, religious beliefs, and sense of self. Fans of memoir will appreciate the honest portrayal of growing up between rebellion and tradition in *Love, Sex, and 4-H*.

The Art of Touch - Joan Schweighardt 2023-11

In *The Art of Touch: Prose and Poetry from the Pandemic and Beyond*, the unique voices of thirty-nine of some of the most creative thinkers of our times have been brought together to consider the profound impact of one of our five main senses: touch. Psychologists, healers, massage therapists, academics, creative writers, and others reflect on or tell personal stories about what it means to be able to touch or experience touch, or to have to go without it—as so many did and still do because of the COVID-19 pandemic. They explore how transmissions such as texting may impede opportunities for touch, while those like Zoom may make it possible for people who otherwise might be left behind to stay "in touch." From the experience of touching beloved animals to the life-changing ways in which books and performances can touch us, virtually all aspects of touch are acknowledged in these pages.

Unending Devotion - Jody Hedlund 2012-09-01

High-Stakes Drama Meets High-Tension Romance In 1883 Michigan, Lily Young is on a mission to save her lost sister, or die trying. Heedless of the danger, her searches of logging camps lead her to Harrison and into the sights of Connell McCormick, a man doing his best to add to the hard-earned fortunes of his lumber

baron father. Posing during the day as a photographer's assistant, Lily can't understand why any God-fearing citizen would allow evil to persist and why men like Connell McCormick turn a blind eye to the crime rampant in the town. But Connell is boss-man of three of his father's lumber camps in the area, and like most of the other men, he's interested in clearing the pine and earning a profit. He figures as long as he's living an upright life, that's what matters. Lily challenges everything he thought he knew, and together they work not only to save her sister but to put an end to the corruption that's dominated Harrison for so long.

The Long Fields - Anne-Marie Oomen 2023-04-15

Anne-Marie Oomen's sixth essay collection, *The Long Fields*, celebrates rural life as she experienced it growing up on a farm and then into an adulthood marked by both wandering and homing. The three parts cover three phases of the author's life: moments of early farm life in "Childhood's Lamplight," building her own home (complete with Estwing hammer) in "The Heart of Place," and finally "Kuieren" (Dutch for "amble"), which delves into the wide swath of daily life. These three parts build a world that offers the vitality of living country. At its heart, *The Long Fields* voices the best of Midwestern rural living: a relationship to land, stewarding a place, and honoring the sacred quotidian.

Meet Behind Mars - Renee Simms 2018-05-01

"I feel like I can't tell one story about a giant mustard penis because it's not about a mustard penis only, but about all of these incidents together, in context, and through time." So begins the title story in Renee Simms's debut short story collection, *Meet Behind Mars*—a revealing look at how geography, memory, ancestry, and desire influence our personal relationships. In many of her stories, Simms exposes her own interest in issues concerning time and space. For example, in "Rebel Airplanes," an L.A. engineer works by day on city sewers and by night on R-C planes that she yearns to launch into the cosmos. The character-driven stories in *Meet Behind Mars* offer beautiful insight into the emotional lives of caretakers, auto workers, dancers, and pawn shop employees. In "High Country," a frustrated would-be novelist considers ditching her family in the middle of the desert. In "Dive," an adoptee returns to her adoptive home, still haunted by histories she does not know. Simms writes from the voice of women and girls who struggle under structural oppression and draws from the storytelling tradition best represented by writers like Edward P. Jones, whose characters have experiences that are specific to black Americans living in the late twentieth and twenty-first centuries. One instance of this is in "The Art of Heroine Worship," in which black families integrate into a white suburb of Detroit in the 1970s. The stories in this collection span forty years and two continents and range in structure from epistolary to traditionally structured realism, with touches of absurdity, humor, and magic. *Meet Behind Mars* will appeal to readers interested in contemporary literary fiction.

Uncoded Woman - Anne-Marie Oomen 2006

Coding and decoding are the themes of Anne-Marie Oomen's collection of poems, which together tell the story of a woman named Bead and her search for a safe harbor. The maritime International Code of Signals becomes a symbolic guide to Bead's journey, lending weightier meaning to boating phrases such as "You should proceed with caution" and "I am continuing to search." The beautiful terrain near Lake Michigan forms a powerful backdrop to the exploration of the life of a woman and her Native American lover, whose poverty and desperation are in stark contrast to the wealthy resort community around them. As an essayist and playwright, Oomen is known for her ability to convey the inner landscape of a woman's mind; this is her first book of poetry.

The Lake Michigan Mermaid - Anne-Marie Oomen 2018-03-05

The Lake Michigan Mermaid is a new tale that feels familiar. The breeze off the lake, the sand underfoot, the supreme sadness of being young and not in control—these sensations come rushing back page by page, bringing to life an ancient myth of coming of age in a troubled world. Freed from the minds of Linda Nemeč Foster and Anne-Marie Oomen, the Lake Michigan mermaid serves as a voice of reason for when we're caught in the riptide. This is a gripping tale in poems of a young girl's desperate search for guidance in a world turned upside down by family and economic upheaval. Raised in a ramshackle cottage on the shores of Lake Michigan, Lykretia takes refuge in her beloved lake in the face of her grandmother's illness and her mother's eager attempts to sell their home following her recent divorce. One day Lykretia spots a creature in the water, something beautiful and inexplicable. Is it the mythical Lake Michigan mermaid, or an embodiment of the stories her grandmother told as dementia ravaged her mind? Thus begins a telepathic conversation between a lost young girl and Phylidellacia, the mermaid who saves her in more ways than one. Accompanied by haunting illustrations, The Lake Michigan Mermaid offers a tender tale of friendship, redemption, and the life-giving power of water. As it explores family relationships and generational bonds,

this book is an unforgettable experience that aims to connect readers of all ages.

As Long as I Know You - Anne-Marie Oomen 2022-09-15

Writer Pam Houston once summed it up: "Nice mother-daughter stories are a dime a dozen; pain-in-the-ass mother-daughter stories are the ones that grab us." As Long as I Know You is a compelling read for any adult grappling with a living elder who might also be a pain in the ass, particularly, any reader who wants a tender take on the lethal combination of dementia and defiance. As Long as I Know You narrates Anne-Marie Oomen's journey to finally knowing her mother as well as the heartbreaking loss of her mother's immense capacities. It explores how humor and compassion grow belatedly between a mother and daughter who don't much like each other. It's a personal map to find a mother who may have been there all along, then losing her again in the time of Covid. As the millions of women like Oomen's mother reach their elder years and become the "oldest of the old," their millions of daughters (and sometimes sons) must come on board, involved in care they may welcome the way they'd welcome hitting a pothole the size of a semi. How a family makes decisions about that pothole, how care continues or does not, how possessions are addressed—really, no one wants the crockpot—and how the relationship shifts and evolves (or not), that story is universal.
