Anatomica Joanna Ebenstein 2020-05-05 For centuries, humankind has sought to know itself through an understanding of the body, in sickness and in health, inside and out. This fascination left in its wake a rich body of artworks that demonstrate not only the facts of the human body, but also the ways in which our ideas about the body and its proper representation have changed over time. At times both beautiful and repulsive, illustrated anatomy continues to hold our interest today, and is

Art Out of Time Dan Nadel 2006-06 "Before the rise of underground comics in the late 1960s, there was no place for eccentric talent in the comics industry. Rather than creating super heroes like Superman and Spider-Man, comic strips like Peanuts and Krazy Kat, or graphic novels like Jimmy Corrigan: The Smartest Kid on Earth and Ghost World, the artists represented in Art Out of Time created their own "ingenious" versions of the super hero, western, romance, humor, and horror genres that dominated the comics of their day." "Their visions found a home, but were mostly obscured by the more accessible mainstream work of others. These artists have a distinct, fully formed visual sensibility, and their comics stray from the usual thematic and visual ideas of what we now consider the medium to be. All of them were under-recognized in their lifetimes, and all of them remain outside the usual narratives of comic book history." "Art Out of Time reprints complete comic book and comic strip stories, most of which are being reprinted here for the first time since their initial publication. In five thematic sections, this anthology is a "counter history" of comics, containing nearly thirty often-unknown visionary American cartoonists from 1900 to 1969. These artists foreshadowed and influenced the innovations within the comics medium of today. Together for the first time, these oddballs and obsessives truly constitute an underground that wasn't."--BOOK JACKET.

production of bestsellers at the Fair. Our investigation involved three consecutive years of fieldwork (2017-2019) including interviews and autoethnographic, arts-informed interventions. The Element argues that buzz at the Fair exists in two states: as market-ready media reports and partial, lived experiences linked to mood. The physical structures and absences of the Fair enact its power relations and direct the flow of books and buzz. Further, the Fair is not only a site for commercial exchange but a carnival of sorts, marked by disruptive historical events and problematic socio-political dynamics. Key themes emerging from the Element are the presence of excess, the pseudo(neo)liberal self-satisfaction of book culture, and the interplay of optimism and pessimism in contemporary publishing.

Library Michael Dumontier 2021-09-07 Two of Canada's most famous visual artists take on the book medium in their own hilarious way Library is a collection of paintings by two of Canada's most influential contemporary artists, Michael Dumontier and Neil Farber. From the simple premise of the book title comes a series of images that are laugh-out-loud funny. A collection of book covers adorned with titles painted in simple handwritten fonts are displayed on brightly colored hardboard. Each book forms part of an ongoing series Dumontier and Farber started in 2009. In Dumontier and Farber's Library, titles like I Lost the Human Race, Change Your Relationship to Your Unchangeable Past, and I Have a Medical Condition That Makes It So I Don't Have to Talk to You offer surprising and astute observations, all in the duo's characteristic deadpan style. The simplicity of the shapes and text evokes an immediate but lasting profundity, with each piece causing one to wonder about the thoughts that roam their consciousness, and the books that take up residence on their—and our—shelves. Dumontier and Farber are founding members of the influential art collective the Royal Art Lodge, and have been collaborating on art projects for more than fifteen years, exhibiting

Sade's Justine, K. H. Macha's May, and Murnau's Nosferatu as well as the form and language of the pulp serial novel, Nezval has constructed a lyrical, menacing dream of sexual awakening involving a vampire with a taste for chicken blood, changelings, a lecherous priest, a malicious grandmother desiring her lost youth, and an androgynous merging of brother with sister. Part fairy tale, part Gothic horror, the novel is a meditation on youth and age, sexuality and death - an exploration of the grotesque that juxtaposes high and low genres with shifting registers of language and moods, thus placing it squarely in the tradition of the Czech avant-garde."--BOOK JACKET.
