*Couple Therapy with Gay Men - David E. Greenan 2003-01-01*

"Written in an accessible, empathic style, and filled with evocative case material, this book belongs on the desks of family therapists, clinical and counseling psychologists, psychiatrists, and clinical social workers.

Graduate-level students and residents in these areas will find it a timely and informative text."--BOOK JACKET.

*Lesbian Couples - D. Merilee Clunis 2004-12-21*

Written by two experienced lesbian therapists, *Lesbian Couples* covers a range of topics—commitment ceremonies and marriage, living arrangements, work, money, togetherness and separate identities, coming out to family and friends, resolving conflict and understanding each other—and uses a variety of helpful examples and problem-solving techniques, drawing from research done on lesbian couples over the past decade. The book pays special attention to differences of race, class, age and physical ability, and addresses the issues raised when one or both partners are recovering from alcohol, substance, or sexual abuse. The book also addresses differences that lesbians may encounter in their relationships regarding such issues as butch-femme, transgender identity, bisexuality, monogamy, and s/m. Thoroughly readable and extremely helpful, with an updated resource guide, *Lesbian Couples* is a book that every lesbian will want to own.

*Intimacy Between Men - John H. Driggs 1991-11-28*

"A wonderful and wise book that has been needed for a long time."—Patrick J. Carnes.

*Gay and Lesbian Couples - Richard Mackey 1997-11-30*

The voices in this book come from the stories of gay and lesbian partners who talk about their struggles over the years in building a life together. The stories reach beyond the obvious realities of sexual orientation to speak to the joys, sorrows, hopes, and fears of human beings who are committed to making their relationships work. Based on a life-span perspective, in-depth interviews of people whose relationships have lasted more than 15 years explored how partners adapted over the years. Each interview consisted of questions that focused upon dimensions of these relationships over time from the unique perspective of each partner. They were asked about conflict over the years, decision-making styles, ways of working out roles, the importance of social supports, and sexual and psychological intimacy. The research upon which the book is based has continuity with the authors' earlier work on lasting relationships among heterosexual couples, including *Lasting Marriages: Men and Women Growing Together* (Praeger, 1995). Compared to marriages, relatively little research has been done on the development of same sex relationships. This book will be of great interest to all researchers and students of gender differences, marriage and family therapy, human sexuality, and interpersonal relationships.

*Permanent Partners - Betty Berzon 2004*

*Permanent Partners*, for a decade and a half, has been the authoritative guide to gay and lesbian relationships. In this updated and revised edition, Dr. Betty Berzon offers up-to-the-minute advice on emotional, financial, and legal issues that two men or two women face as they

create a life together. She draws on thirty-five years of experience counseling gay couples to help readers improve communication, resolve conflicts, and make their love and commitment last. Book jacket.

*Finding a Lover for Life - David Price 2013-11-12*

Develop healthy, lasting relationships! Here is a terrific dating guide for single gay and bisexual men. This insightful book provides a proven strategy for creating a satisfying dating life and finding a partner who is right for you! It integrates theory and practice to help you create and develop healthy relationships, guiding you through the process of dating and relationship formation. *Finding a Lover for Life* comes complete with thought-provoking worksheets that challenge myths, false beliefs, and incorrect assumptions about gay/bi men, dating, and relationships.

*Finding a Lover for Life* will save you a great deal of time and frustration in developing dating skills. Its rational, skills-based strategic approach to dating will help you plan, organize, and focus your efforts in that part of your life. *Finding a Lover for Life* is the tool you need to plan and implement strategies that will: attract available dating partners eliminate problems by identifying compatible and noncompatible partners create a healthy relationship It also takes you through an individual preparation routine for dating that will help you to: challenge societal views of romance uncover self-defeating beliefs resolve past conflicts create affirming and self-enabling beliefs This book will help you learn to date in a healthy and efficient way. But more than that, *Finding a Lover for Life* will help you develop a more positive self-concept, create a healthy community of friends, and help you move your life in a new, more constructive direction.

*The Phenomenology of Long-term, Gay-male Relationships - Mark Burton 2001*

*Love Between Men - Rik Isensee 1992-11*

*Relationship Therapy with Same-Sex Couples - Jerry Bigner 2014-01-14*

Use new knowledge of the LGBT culture to ably counsel same-sex couples! *Relationship Therapy with Same-Sex Couples* provides psychologists, therapists, social workers, and counselors with an overview of the array of treatment issues they may face when working with couples from the LGBT community. This book highlights the experiences of therapists who have encountered concerns particular to LGBT clients—especially those in intimate relationships. This intriguing resource covers clinical issues, sex therapy, special situations, and training issues for helping therapists successfully counsel same-sex couples. *Relationship Therapy with Same-Sex Couples* explores the therapist's role in working through universal issues in couples therapy—such as communication problems, infidelity, and decision-making—with a focus on how therapy should differ for same-sex couples. This important guide also identifies which problems are unique to couples as an aspect of their sexual orientation, including gender role socialization and societal oppression. With this book, you will be able

provide appropriate therapy without over- or under-attributing a couple's problems to their LGBT status. This book shows how experienced therapists have developed methods for working with: gay and lesbian parents heterosexual spouses and ex-spouses couples in HIV serodiscordant relationships "lesbian bed death" couple and family dynamics supporting transgender and sexual reassignment issues and more! Relationship Therapy with Same-Sex Couples contains several features for you to utilize in your own practice, including the Sexual Orientation Matrix for Supervision (SOMS) to assist supervisors and trainers in preparing supervisees to work with lesbian, gay, and bisexual clients. The book also offers guidelines for heterosexual therapists who plan to work with same-sex couples and how to overcome any residual homophobia or heterosexual guilt. Lastly, this essential sourcebook reviews several articles, book chapters, books, and Web sites that are relevant to same-sex couples and the therapists who work with them.

When It's Time to Leave Your Lover - Neil Kaminsky 2014-04-04

When It's Time to Leave Your Lover: A Guide for Gay Men is for people who need help ending a gay male relationship that is no longer viable or for friends and family who want to support a gay man experiencing a breakup. This book provides tips on how to successfully cope with the post-breakup period and how to grow emotionally from the experience. You will discover how to tell a lover good-bye while learning about the psychological and social changes to be anticipated in this situation. When It's Time to Leave Your Lover gives you helpful, practical advice on how to cope with ending a relationship in a positive and constructive manner. This unique book contains actual interviews with gay men and vignettes that clearly illustrate the topics. They provide you with a deeper understanding of all aspects of the break-up period. When It's Time to Leave Your Lover is a unique how-to book that gives you helpful and practical advice on such important issues as: making an assessment of your relationship to determine if it is no longer viable constructively leaving your partner and making it a positive experience coping with the uncoupling experience by using specific techniques to avoid common mistakes such as the rebound relationship growing from your uncoupling experience so you can enjoy more fulfilling relationships in the future managing the social and psychological effects of a breakup through use of your support system of family and friends seeking support through specific organizations available in several different cities that help gay men deal with breakups Sincere and full of knowledgeable advice, When It's Time to Leave Your Lover offers proven suggestions that will help you revisit the mistakes you made during your relationship, preparing you for more satisfying relationships in the future that are based on compatibility, respect, and trust. A valuable and reader-friendly book, When It's Time to Leave Your Lover will enhance your understanding of the break-up experience and will help you understand, learn from, and get past the heartache of ending a relationship.

Couple Resilience - Karen Skerrett 2015-07-08

This distinctive volume expands our understanding of couple resilience by identifying and exploring specific mechanisms unique to intimate relationships that facilitate positive adaptation to life challenges. Committed partnerships represent a unique form of relational alliance that offers an opportunity and challenge to go beyond the self - to develop as individuals and as a relationship. The contributors to this volume represent a range of perspectives that integrate conventional relationship science and innovative empirical and theoretical work on the importance of meaning-making, narrative construction, intersubjectivity, forgiveness, and positive emotion in couple life. The volume also offers a unique anchor point - 'We-ness' as it relates to the intersection between shared, personal identity and well-being. Under-examined relational contexts such as resilience among LGBT partners and sexual resilience during illness adds further refinement of thought and application.

Gay and Lesbian Couples - Richard Mackey 1997-11-25

The voices in this book come from the stories of gay and lesbian partners who talk about their struggles over the years in building a life together. The stories reach beyond the obvious realities of sexual orientation to speak to the joys, sorrows, hopes, and fears of human beings who are committed to making their relationships work. Based on a life-span perspective, in-depth interviews of people whose relationships have lasted more than 15 years explored how partners adapted over the years. Each interview consisted of questions that focused upon dimensions of these relationships over time from the unique perspective of each partner. They were asked about conflict over the years, decision-making styles, ways of working out roles, the importance of social supports, and sexual and psychological intimacy. The research upon which the book is based has continuity with the authors' earlier work on lasting

relationships among heterosexual couples, including Lasting Marriages: Men and Women Growing Together (Praeger, 1995). Compared to marriages, relatively little research has been done on the development of same sex relationships. This book will be of great interest to all researchers and students of gender differences, marriage and family therapy, human sexuality, and interpersonal relationships.

Gay Relationships for Men and Women - Tina B. Tessina 1989

Here is a step-by-step guide to making relationships work for America's more than twenty million gay men and women. Written in a warm, direct style, this book is leavened with humor and filled with anecdotes and examples drawn from the lives of the author's clients and friends.

Lesbians and Gays in Couples and Families - Joan Laird 1996

The first book to focus on clinical work with lesbians and gays in family relationships This groundbreaking resource provides you with a wealth of fascinating research and case examples, as well as recommendations and suggestions for working with gay couples and families. Joan Laird and Robert-Jay Green have gathered a distinguished panel of practitioners to create this comprehensive collection. The contributors address the experiences of lesbians and gay men as couples and as parents?and examine their relationships with the families in which they were raised.

The Gay Man's Guide to Open and Monogamous Marriage - Michael Dale Kimmel 2017-06-09

Legal gay marriage is still a relatively new phenomenon. As gay men who are now able to get married, we find ourselves in a bit of a quandary: for many male couples, sex is a lot more important for us than it is for heterosexuals. Two married men often have a stronger desire for sex - wanting more of it and with a wider variety of partners - than married opposite-sex couples. How does this work within the structure of a monogamous marriage? Is an open relationship a better structure for gay marriage? Assuming that gay marriages will emulate heterosexual marriages is neither a valid nor a helpful assumption. But, as gay men, where does that leave us? There are currently no "rule books" for how a marriage between two men could or should work. While there are lots of books about how to plan your gay wedding, there are virtually none that address what to do after the honeymoon is over (literally and figuratively). This book fills that void. It offers married gay couples (and gay men considering marriage) an easy-to-follow, practical framework that they can use to help create, adjust and structure their marriages. Using helpful examples and first-hand quotes throughout, Openly-gay psychotherapist Michael Dale Kimmel offers a roadmap for gay men who want to be married but have questions and concerns about monogamy and monotony.

Parenting and Couple Relationships Among LGBTQ+ People in Diverse Contexts - Normanda Araujo de Moraes 2022-01-03

This book analyzes how the increasing number of same-sex couples is changing the traditional concepts of family and parenthood, and how these changes affect the psychological studies of family, couple relationships and human development. The majority of chapters included in this contributed volume present results of research conducted with LGBTQ+ people in Brazil, a country where same-sex couples have been recognized by the national legislation since 2011, but is currently facing a conservative wave which threatens much of the victories gained by the LGBTQ+ movement in recent years. That's why this book aims to provide both updated theoretical and methodological contributions as well as ethically and political engaged reflections to the field of psychological studies of LGBTQ+ parenting and couple relationships. Chapters in this volume analyze different aspects of LGBTQ+ parenting and couple relationships, such as changes in the concept of family; the role of the family of origin in the coming out process of young adults; risk and protective factors in couple relationships between lesbians and gay men; vulnerabilities experienced by trans couples during the COVID-19 pandemic; how lesbians, gays, trans and non-binaries are approaching parenting and raising their families; factors that shape the reproductive decisions of LGBTQ+ individuals; adoption and coparenting in families composed of gay and lesbian couples, among other topics. Parenting and Couple Relationships Among LGBTQ+ People in Diverse Contexts will be of interest to social, developmental and family psychologists and social workers researching and working with same-sex couples and families, and with the LGBTQ+ population in general.

Man Talk - Neil Kaminsky 2013-04-03

Learn to recognize and resolve communication problems common to gay male relationships Man Talk presents effective techniques to help gay couples communicate better on the way to enjoying a fulfilling relationship. This practical guide from the author of Affirmative Gay

Relationships examines common problems that create communication difficulties and offers straightforward, easy-to-use strategies for understanding feelings, resolving arguments, expressing anger, understanding nonverbal communication, improving listening skills, expressing love and appreciation, and dealing with issues specific to interracial and intercultural relationships. *Man Talk* explores areas very well known to gay men, such as competition, the need to “win” arguments, and uncertainty about how to handle anger. Written by a licensed clinical social worker, this unique book avoids clinical jargon in presenting the thoughts of gay men in multiple, detailed vignettes that illustrate effective—and ineffective—communication. This practical guide provides proven methods of avoiding communication “destroyers,” hidden agendas, the need to be “right,” and disagreements that become “courtroom” battles, and offers effective ways of saying what you really mean, listening to your partner, dealing with uncomfortable subjects (like sex and money), and recognizing that there are many levels of communication (body movement, silence, voice inflection, etc.) that will significantly impact the quality of interaction between two men. Topics examined in *Man Talk* include: understanding what effective communication is—and why it’s so important how major misunderstandings can develop—and how to avoid them how communication can be destroyed—and how to prevent it from happening understanding the nature of anger and learning how to manage it understanding male socialization that teaches men to be “in control” learning how to relinquish the need to be in control all of the time how men can “let go” and become aware of, accept, and communicate their feelings learning how to listen—and not preach how to identify and deal with a relationship that’s in trouble how to communicate appreciation, care and love and much more! *Man Talk* is a must-read for all gay men interested in relationships—past, present, and future. It’s also an essential professional guide for therapists who work with gay men and for concerned friends of gay men who want to help.

**The Male Couple** - David P. McWhirter 1984

For five years, Psychiatrist David McWhirter and psychologist Andrew Mattison conducted in-depth interviews with male couples whose relationships have lasted from one to thirty-seven years. The study

documents how the relationships between two men develop and are sustained. While conducted as an objective study, the book is written in an engagingly anecdotal style. Men talk about their loves, hates, fears, and dreams. They also discuss their family lives, early relationships (in some cases, marriage), hiding one's sexual identity, and coming out. *Gender and Couple Relationships* - Susan M. McHale 2015-10-27 This provocative volume is comprised of psychological, socioeconomic, and cultural perspectives on couple dynamics, particularly gender dynamics, and the future of marriage. Featuring data on married, cohabitating, male/female, and same-sex couples, the authors of the book's chapters analyze the changing impacts of work, parenting, and the health benefits of marriage for men and women. Trajectories in the evolution toward gender equality provide the backdrop for discussions of women and men as partners, parents, and workers in contemporary society. Contributors also keep a sharp focus on the complexities of gender issues as they intersect with crucial contexts of cohort, class, race/ethnicity, and sexual orientation. Among the topics covered: Gender equality and economic inequality: impacts on marriage. Expansionist theory expanded: integrating sociological and psychological perspectives on gender, work, and family change. Gender, work, and family: action in the interactions. Changes in U.S. mothers' and fathers' time use: causes and consequences. A case for gay fathers. Gender, marriage, and health for same-sex and different-sex couples *Gender and Couple Relationships* documents social roles and social change with fascinating insight to advance research in fields of psychology, sociology, demography and economics and to the benefit of work organizations, policy makers, family and couple therapists and other mental health professionals.

*Keeping Mr. Right* - Dr. Kenneth D. George 2004

In this comprehensive follow-up to his bestselling *Mr. Right is Out There*, Kenneth George offers, in the same warm and wise manner, guidelines for gay men on forming successful male couples. Known for his commonsense and honest approach to relationships, Dr. George explores the issues facing gay couples and offers advice on working through them rather than letting them become insurmountable. Included in the book are tips on: negotiating changes rather than living with annoying differences; defining your relationship with a 'job description'; and having great sex!
