[The Shepherd's Wife \(Jerusalem Road Book #2\) - Angela Hunt](#)

2020-10-06

Yeshua of Nazareth has two sisters: Damaris, married to a wealthy merchant's son, and Pheodora, married to a simple shepherd from Bethlehem. When Pheodora's husband suffers an unexpected reversal of fortune and is thrown into debtor's prison, she returns to Nazareth, where she pins her hopes on two she-goats who should give birth to spotless white kids that would be perfect for the upcoming Yom Kippur sacrifice. In the eighteen months between the kids' birth and the opportunity to sell them and redeem her husband from prison, Pheodora must call on her wits, her family, and her God in order to provide for her daughters and survive. But when every prayer and ritual she knows is about God's care for Israel, how can she trust that God will hear and help a lowly shepherd's wife?

**The Colonel Who Would Not Repent - Salil Tripathi 2016-04-26**

Bangladesh was once East Pakistan, the Muslim nation carved out of the Indian Subcontinent when it gained independence from Britain in 1947.

As religion alone could not keep East Pakistan and West Pakistan

together, Bengali-speaking East Pakistan fought for and achieved liberation in 1971. Coups and assassinations followed, and two decades later it completed its long, tumultuous transition to parliamentary government. Its history is complex and tragic—one of war, natural disaster, starvation, corruption, and political instability. First published in India by the Aleph Book Company, Salil Tripathi's lyrical, beautifully wrought tale of the difficult birth and conflict-ridden politics of this haunted land has received international critical acclaim, and his reporting has been honored with a Mumbai Press Club Red Ink Award for Excellence in Journalism. The Colonel Who Would Not Repent is an insightful study of a nation struggling to survive and define itself.

*'Bad' Women of Bombay Films* - Saswati Sengupta 2019-12-06

This book presents a feminist mapping of the articulation and suppression of female desire in Hindi films, which comprise one of modern India's most popular cultural narratives. It explores the lineament of evil and the corresponding closure of chastisement or domesticity that appear as necessary conditions for the representation of subversive female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the 1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate.

**Passionate Modernity** - Sanjay Srivastava 2020-11-29

Combining historical and ethnographic analysis, this book deals with the

making of the heterosexual imagination from the beginning of the twentieth century to the present in the Indian context. This unique book uses methods from anthropology, cultural studies and history to explore the making of modern cultures of sexuality in India. It provides an analysis of the sexual and domestic politics of the period by focusing on the vast corpus of publications and journals on sexology from the 1920s to the 1940s, and links Indian activities with those in other parts of the world. The author analyzes material that has thus far been outside the purview of scholarly studies, namely, 'footpath pornography', magazines such as Sexology Mirror (in Hindi), women's magazines dealing explicitly with sex and sexuality.

*The Rumor of Globalization* - Bhāskara Mukhopādhyāya 2012

Drawing from recent theories of virtuality, performativity, and governmentality, and on post-colonial activist scholarship from the global south, this book presents a series of ethnographic and archival studies of what Mukhopadhyay terms 'vernacular globalisation' in India. The book's six provocative but substantive chapters of the book engage a wide range of events, objects, histories, narratives and episodes with the intent of interrogating what Franz Fanon called the 'zone of occult instability where the people dwell.' these chapters recount tales of quotidian commodity fetishism of rural cargo cults thriving on bazaar rumours about Chinese dumping in communist Calcutta, signpost desi cyberporn showcasing 'fat aunties' and Gandhi, dig deep into Indo-Persian travelogues about england and women's travel narratives to Japan embodying local traditions of cosmopolitanism, interrogate folk scroll paintings about 9/11 in the art historical mode and seek to uncover vernacular civic traditions of urbanism through an analysis of grotty slum photographs. The Rumour of Globlization presents facades of vernacular india negotiating globalising forces through a distinctive style of ethnography (fabulation) which is sensitive to subaltern political aspirations while maintaining a broad commitment to Marxist theory,

Subaltern Studies scholarship and post-structuralist theory.

Prime Time Soap Operas on Indian Television - Shoma Munshi  
2020-02-18

This book examines the phenomenon of prime time soap operas on Indian television. An anthropological insight into social issues and practices of contemporary India through the television, this volume analyzes the production of soaps within India's cultural fabric. It deconstructs themes and issues surrounding the "everyday" and the "middle class" through the fiction of the "popular". In its second edition, this still remains the only book to examine prime time soap operas on Indian television. Without in any way changing the central arguments of the first edition, it adds an essential introductory chapter tracking the tectonic shifts in the Indian "mediascape" over the past decade - including how the explosion of regional language channels and an era of multiple screens have

changed soap viewing forever. Meticulously researched and persuasively argued, the book traces how prime time soaps in India still grab the maximum eyeballs and remain the biggest earners for TV channels. The book will be of interest to students of anthropology and sociology, media and cultural studies, visual culture studies, gender and family studies, and also Asian studies in general. It is also an important resource for media producers, both in content production and television channels, as well as for the general reader.
