

Re Making Love The Feminization Of Sex

Intimate Matters - John D'Emilio 1997

The first full length study of the history of sexuality in America, *Intimate Matters* offers trenchant insights into the sexual behavior of Americans, from colonial times to today. D'Emilio and Freedman give us a deeper understanding of how sexuality has dramatically influenced politics and culture throughout our history. "The book John D'Emilio co-wrote with Estelle B. Freedman, *Intimate Matters*, was cited by Supreme Court Justice Anthony Kennedy when, writing for a majority of court on July 26, he and his colleagues struck down a Texas law criminalizing sodomy. The decision was widely hailed as a victory for gay rights—and it derived in part, according to Kennedy's written comments, from the information he gleaned from D'Emilio's book, which traces the history of American perspectives on sexual relationships from the nation's founding through the present day. The justice mentioned *Intimate Matters* specifically in the court's decision."—Julia Keller, *Chicago Tribune* "Fascinating. . . . [D'Emilio and Freedman] marshal their material to chart a gradual but decisive shift in the way Americans have understood sex and its meaning in their lives." —Barbara Ehrenreich, *New York Times Book Review* "With comprehensiveness and care . . . D'Emilio and Freedman have surveyed the sexual patterns for an entire nation across four centuries." —Martin Bauml Duberman, *Nation* "Intimate Matters is comprehensive, meticulous and intelligent." —Jonathan Yardley, *Washington Post Book World* "This book is remarkable. . . . [Intimate Matters] is bound to become the definitive survey of American sexual history for years to come." —Roy Porter, *Journal of the History of the Behavioral Sciences*

Woman of Valor - Ellen Chesler 2007-10-16

Ellen Chesler's 1992 biography of Margaret Sanger is acclaimed as definitive and is widely used and cited by scholars and activists alike in the fields of women's health and reproductive rights. Chesler's substantive new Afterword considers how Sanger's life and work hold up in light of subsequent developments, such as U.S. Supreme Court cases challenging the constitutional doctrine of privacy and international definitions of reproductive health as an essential human right.

Recreating Sexual Politics - Victor J. Seidler 2009-10-23

First published in 1991, this title examines sexual politics in a world which is being radically changed by the challenges of feminism. Seidler explores how men have responded to feminism, and the contradictory feelings men have towards dominant forms of masculinity.

[A New View of Women's Sexual Problems](#) - Ellyn Kaschak 2014-02-25

Take a new look at women's sexuality! This fascinating book looks at the wide-ranging therapeutic, social, and political implications of the new paradigm of women's sexuality. International in scope and multidisciplinary in approach, *A New View of Women's Sexual Problems* examines the theoretical and practical effects of the landmark document produced by the Working Group on a New View of Women's Sexuality. The book brings together gender theory, psychology, social science, and medicine in a powerful cultural critique of the reigning medical approach to women's sexual health. International experts from India, Costa Rica, Israel, the US, and many other cultures place this revolutionary idea in cultural and political context, as well as extrapolating fresh new treatment options for dealing with women's sexual problems. *A New View of Women's Sexual Problems* analyzes the new paradigm's implications in many fields, including: family medicine couples counseling for straight and lesbian partners STD prevention and sexual health issues sex therapy sex education feminist theory developmental psychology

Human Sexuality - Vern L. Bullough 2014-01-14

First Published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

[Those Girls](#) - Katherine J. Lehman 2011-09-27

Long before Carrie Bradshaw in *Sex and the City*, there was Mary Richards in *The Mary Tyler Moore Show*. Every week, as Mary flung her beret into the air while the theme song proclaimed, "You're gonna make it

after all," it seemed that young, independent women like herself had finally arrived. But as Katherine Lehman reveals, the struggle to create accurate portrayals of successful single women for American TV and cinema during the 1960s and 1970s wasn't as simple as the toss of a hat. *Those Girls* is the first book to focus exclusively on struggles to define the "single girl" character in TV and film during a transformative period in American society. Lehman has scoured a wide range of source materials—unstudied film and television scripts, magazines, novels, and advertisements—to demonstrate how controversial female characters pitted fears of societal breakdown against the growing momentum of the women's rights movement. Lehman's book focuses on the "single girl"—an unmarried career woman in her 20s or 30s—to show how this character type symbolized sweeping changes in women's roles. Analyzing films and programs against broader conceptions of women's sexual and social roles, she uncovers deep-seated fears in a nation accustomed to depictions of single women yearning for matrimony. Yet, as television began to reflect public acceptance of career women, series such as *Police Woman* and *Wonder Woman* proved that heroines could wield both strength and femininity—while movies like *Looking for Mr. Goodbar* cautioned viewers against carrying new-found freedom too far. Lehman takes us behind the scenes in Hollywood to show us the production decisions and censorship negotiations that shaped these characters before they even made it to the screen. She includes often-overlooked sources such as the TV series *Get Christie Love* and *Ebony* magazine to give us a richer understanding of how women of color negotiated urban singles life. And she reveals how trailblazing characters continue to influence portrayals of single women in shows like *Mad Men*. This entertaining and insightful study examines familiar characters caught between the competing fears and aspirations of a society rethinking its understanding of social and sexual mores. *Those Girls* reassesses feminine genres that are often marginalized in media scholarship and contributes to a greater valuation of the unmarried, independent woman in America.

The Female Body and the Law - Zillah R. Eisenstein 2018-04-20

The Female Body and the Law provides an original and incisive reexamination of the dynamics of sexual equality. Eisenstein contends that sexual inequality is fostered both by the law and by the insistence that men and women are biologically different. Through a fascinating discussion of a series of issues including affirmative action, AIDS, Baby M, pornography, and abortion, Eisenstein shows how the law operates as a political language that establishes and curtails choices and actions. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1990.

On the Pill - Elizabeth Siegel Watkins 2001-09-14

"In 1968, a popular writer ranked the pill's importance with the discovery of fire and the developments of tool-making, hunting, agriculture, urbanism, scientific medicine, and nuclear energy. Twenty-five years later, the leading British weekly, the *Economist*, listed the pill as one of the seven wonders of the modern world. The image of the oral contraceptive as revolutionary persists in popular culture, yet the nature of the changes it supposedly brought about has not been fully investigated. After more than thirty-five years on the market, the role of the pill is due for a thorough examination."—from the Introduction In this fresh look at the pill's cultural and medical history, Elizabeth Siegel Watkins re-examines the scientific and ideological forces that led to its development, the part women played in debates over its application, and the role of the media, medical profession, and pharmaceutical industry in deciding issues of its safety and meaning. Her study helps us not only to understand the contraceptive revolution as such but also to appreciate the misinterpretations that surround it.

Re-making Love - Barbara Ehrenreich 1986

This provocative book reveals how the real sexual revolution was initiated by women -- not men -- and how it transformed both our behavior and our understanding of what sex means in our lives. Copyright © Libri GmbH. All rights reserved.

U.S. History as Women's History - Linda K. Kerber 1995

This outstanding collection of fifteen original essays represents innovative work by some of the most influential scholars in the field of women's history. Covering a broad sweep of history from colonial to contemporary times and ranging over the fields of

Talk about Sex - Janice M. Irvine 2002-09-02

Examining a range of issues played out in living rooms and schools since the 1960s, she shows how a newly emerging Christian Right chose sex education as one of its first battlegrounds, then went on to dominate the public conversation on the subject. *Talk about Sex* is a rich and fascinating consideration of American sex education's strategic place in the long history of efforts to regulate sexual morality by controlling sexual speech."--BOOK JACKET.

Fatherhood and Love - Alexandra Macht 2019-09-26

This book explores how contemporary men understand love in the realm of family life and how they integrate it into their identity. Drawing from Ian Burkitt's aesthetic theory of emotions, Macht presents rich data from qualitative interviews and observations with Scottish and Romanian involved fathers, to reveal how they maintain closeness to their children, their partners and their own family of origin. Reflecting on distances, separations, power, worry and intergenerational experiences of love *Fatherhood and Love* hypothesizes that fathers' identities and emotionality rely on a variety of social relationships in their intimate environment. A new concept, 'emotional bordering', is introduced, to portray the tensions inherent in fathers' identities and illuminate why gender progress happens slowly. Engaging with literature on love, masculinity, culture and father's involvement from a unique perspective, this book will be of interest to students and scholars across a range of social science disciplines.

A Woman Scorned - Peggy Reeves Sanday 1997-01-01

In this bracing study of American sexual culture and the politics of acquaintance rape, esteemed anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women. Beginning with a harrowing account of the St. John's rape case, Sanday reaches back through British and American landmark rape cases to explain how, with the exception of earliest Colonial times, rape has been a crime notable for placing the woman on trial. A ground-breaking work of scholarship, *A Woman Scorned* brings a broader perspective to our understanding of acquaintance rape and envisions, finally, a new paradigm for female sexual equality.

Make Love, Not War - David Allyn 2016-05-23

First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Sex and the Office - Julie Berebitsky 2012-04-17

In this engaging book—the first to historicize our understanding of sexual harassment in the workplace—Julie Berebitsky explores how Americans' attitudes toward sexuality and gender in the office have changed since the 1860s, when women first took jobs as clerks in the U.S. Treasury office. Berebitsky recounts the actual experiences of female and male office workers; draws on archival sources ranging from the records of investigators looking for waste in government offices during World War II to the personal papers of *Cosmopolitan* editor Helen Gurley Brown and *Ms.* magazine founder Gloria Steinem; and explores how popular sources—including cartoons, advertisements, advice guides, and a wide array of fictional accounts—have represented wanted and unwelcome romantic and sexual advances. This range of evidence and the study's long scope expose both notable transformations and startling continuities in the interplay of gender, power and desire at work.

Investigating Young People's Sexual Cultures - Feona Attwood 2023-04-14

This book examines ways of developing research on young people's sexual cultures in the context of a media-saturated and technology-focused contemporary culture, an area of study that remains relatively unexplored despite heightened concern about young people, sex and culture. Unlike the widespread sensationalist reporting about the 'pornification' of young people's lives and the policy documents which have emerged on 'sexualization', the book foregrounds the need for a critical approach which recognizes the complexity of culture and is able to unpack what is at stake in the construction of particular views and practices. It emphasizes how concerns about 'harm' and 'risk', however well-intentioned, can work against young people's interests and argues that education will only be effective if it engages with young people and is based on a commitment to young people's rights and to the broader notion of sexual rights. Drawing together key researchers in the area the book examines health policy, sex and relationships education, sex abuse therapy, television production, sport, internet use, and the production and consumption of commercial goods and media. This book will be of interest to the many academics and groups who are concerned with young people's sexual cultures and their place within society. This book was originally published as a special issue of *Sex Education*.

Radical Happiness - Lynne Segal 2018-11-13

A passionate call to rediscover the political and emotional joy that emerges when we share our lives In an era of increasing individualism, we have never been more isolated and dispirited. A paradox confronts us. While research and technology find new ways to measure contentment and popular culture encourages us to think of happiness as a human right, misery is abundant. Segal believes we have lost the art of "radical happiness"—the liberation that comes with transformative, collective joy. She argues that instead of obsessing about our own well-being we should seek fulfilment in the lives of others. Examining her own experience in the women's movement, Segal looks at the relationship between love and sex, and the scope for utopian thinking as a means to a better future. She also shows how the gaps in care that come from the diminishing role of the welfare state must be replaced by alternative ways of living together and looking after one another. In this brilliant and provocative book, Segal proposes that the power of true happiness can only be discovered collectively.

Sex, Love, and Marriage in the 21st Century - Robert T. Francoeur 1999

Love, sex, and marriage are changing faster than ever before in human history. The current tidal wave of social changes will continue into the next century, and we will have to adapt our sexual values and relationships to these accelerating changes. These 22 honest, authentic stories tell of the unconventional paths pioneering church leaders and spiritually-aware women and men have taken in their quest to link their sexuality with their spiritual needs. Some might see in these unorthodox explorations only tales of promiscuous couplings. But these are not stories of wild thrill-seekers. These are tales told from the core of their being about their deeply felt need for genuine, responsible love and intimacy within a spiritual context. Their journeys do not promise paradise or instant happiness, as popular magazines do with recipes for lifelong marital bliss and fiery passion. These sojourners have much to teach us, even when we decide that this or that path is not for us. Their individual paths are not nearly as important as the simple message of God and Eros being inseparable that underlies journey. God and Eros can come together in many different relationships. And they must come together if we want to nourish and fulfill the divine spark at the core of our being. These women and men challenge our assumptions and our willingness to adapt to our radically changing world.

Telling Sexual Stories - Ken Plummer 2002-11-01

This book explores the rites of a sexual story-telling culture and examines the nature of these newly emerging narratives and the socio-historical conditions that have given rise to them.

The Politics of Sex - Barbara Sullivan 1997-09-07

This political history of the sex industry in Australia since World War II cogently presents all sides of a complex and changing debate.
