Being Mary Bennet J. C. Peterson 2022-03-15 It is a truth universally acknowledged that every bookworm secretly wishes to be Lizzy Bennet from *Pride and Prejudice*. A less acknowledged truth is that Mary Bennet might be a better fit. For Marnie Barnes, realizing she’s a Mary Bennet is devastating. But she’s determined to reinvent herself, so she enlists the help of her bubbly roommate and opens up to the world. And between new friends, a very cute boy, and a rescue pup

named Sir Pat, Marnie finds herself on a path to becoming a new person entirely. But she's no Lizzy, or even Mary—instead, she's someone even better: just plain Marnie. With a hilariously sharp voice, a sweet and fulfilling romance that features a meet-cute in an animal shelter, and a big family that revels in causing big problems, this charming comedy of errors about a girl who resolves to become the main character of her own story (at any and all costs), is perfect for fans of Jenny Han and Becky Albertalli...and Jane Austen, of course.

We Are the Light Matthew Quick 2022-11 From Matthew Quick, the New York Times bestselling author of *The Silver Linings Playbook*—made into the Academy Award-winning movie starring Jennifer Lawrence and Bradley Cooper—comes a poignant and hopeful novel about a widower who takes in a grieving teenager and inspires a magical revival in their small town. Lucas Goodgame lives in Majestic, Pennsylvania, a quaint suburb that has been torn apart by a recent tragedy. Everyone in Majestic sees Lucas as a hero—everyone, that is, except Lucas himself. Insisting that his deceased wife, Darcy, visits him every night in the form of an angel, Lucas spends his time writing letters to his former Jungian analyst, Karl. It is only when Eli, an eighteen-year-old young man whom the community has ostracized, begins camping out in Lucas's backyard that an unlikely alliance takes shape and the two embark on a journey to heal their neighbors and, most importantly, themselves. From Matthew Quick, whose work has been described by the Boston Herald as “like going to your favorite restaurant. You just know it is going to be good,” *We Are the Light* is an unforgettable novel about the quicksand of grief and the daily miracle of love. The humorous, soul-baring story of Lucas Goodgame offers an antidote to toxic masculinity and celebrates the healing power of art. In this tale that will stay with you long after the final page is turned, Quick reminds us that life is full of guardian angels.

Women in ichthyology: an anthology in honour of ET, Ro and Genie E.K. Balon 2012-12-06 This special volume is dedicated to the contributions of women ichthyologists. Three colleagues were selected to represent all women ichthyologists, Ethelwynn Trewavas (ET), Rosemary Lowe-McConnell (Ro) and Eugenie Clark (Genie). All have had distinguished professional careers and have contributed in their own ways to their science. The career of each is highlighted by a personal interview with one of the editors of the volume, a bibliography of their lifetime publications, and a biography of their careers. Questions of historical inequities and current controversies in the treatment of women ichthyologists by their peers are raised and addressed by the women themselves. The personal and professional influences of these three women, and other women ichthyologists, are highlighted. A survey article by Pat Brown brings a number of women ichthyologists to the attention of a broader audience, and points the way for a more comprehensive historical consideration of the accomplishments and contributions of women ichthyologists. The volume continues with 16 solicited and contributed papers. ET's studies of taxonomy and life history are echoed in papers on the taxonomy and systematics of marine angelfishes, and of freshwater bitterlings, a review of reproduction in the North Atlantic ichthyofauna, and a comparison of reproductive styles and systematics of African minnows. Ro's studies on ecology, life history and behaviour are paralleled by papers on growth and metabolism in piranha, the community structure in tide pool fishes, and the social system and reproductive patterns in groupers. Genie's pioneering work on sexual roles and sex change, and her field studies of the behaviour of marine fishes are reflected in papers on gonadal structure and environmental sex determination in brook lamprey, sexual patterns in hawkfish, reproduction and systematics in phallostethids, gonadal structure and

1776 Rewind Hassan Bartley (Sonny B.) 2022-08-18 Do you like where the United States of America is headed? If your answer is “yes,” it’s because the information war and cancel culture has kept you in the dark about the rampant corruption destroying our country. In this book, the author reveals how identity politics is destroying the foundation of our Constitution. He answers questions such as:

- How does the mainstream media trick so many people into believing falsehoods?
- What can our forefathers and the Constitution teach us about battling tyranny?
- Why have politicians been able to sell out the country to the highest bidders?
- What steps must we take to fix the corrupt deep state system?

The author once thought elected officials were tending to our nation honestly, but careful observation showed him that they are doing the opposite. Take a stand for freedom, ask the right questions, and consider how to change the trajectory of our nation with the letters, poems, and insights in 1776 Rewind. Look to a Nation By Sonny B. Of Black on Black blood cryin out from the ground Why no outrage when we kill each other? Is it because the media sees it as ok to kill your brother? Naw that just don't fit the bill A black man taken down by a white man Yeah that's more of a thrill So you censor my voice and agree with another While you recklessly divide a nation of all colors All lives do matter, black, white, yellow and red We are all God's children so can we put this issue to bed? We say the justice system is broken And Blacks get more time The fix is simple Just don't do the crime Am I the only Black man that can see this? We getting sold out by Judas' kiss Will somebody define racism PLEASE!!! Media tryin to infect our minds with a sick disease Are you tellin me we're worse off in the future? And our pain compares to Dr. Luther? Wake up my brother before it's too late, Before we destroy the whole human race Can we admit there are issues on all sides? Let's band together so this nation can truly thrive Take a slave out of chains and out of the cotton fields Tell a man he's a victim and watch what it yields Anger, rage now he's back in a cage Imprisoned in his mind only to be enslaved Kaepernick, LeBron James oh yeah and Kyrie too, We pander to these three And dare me to disagree If I disagree I will have to pay Or give an apology on the very next day I used to get away from fake news by watching ESPN Now politics in sports have become the new trend Is that equality? Seems one sided to me And this is what we callin free speech? You kneel to the flag You disrespect the Anthem White lives died, black lives died We all had a loss And before you made your millions It came at a cost If we could remain as a child So innocent, so mild Pure in heart without ever being defiled Go ahead ask a child what do you see? I only see a person that's a friend of me Look again don't you see his color? No I see a person that's like a brother The Good Book tells us There's nothing new under the sun Everything we see today

Rock Solid Living in A Quicksand World - Rewind Alfred McGowen 2018-08-16 Rock-Solid Living in a Quicksand World is an extremely critical conversation Jesus is having with twenty-first century nations and people regarding the importance of looking back in order to actually have a future. At the end of the Sermon on the Mount, we hear Him teaching us to look backward in Matthew's Gospel (chapters 7 through 5,) and He says, "Embrace these teachings of mine, and actually live by them. Then, when the CAT-5 hurricanes of life pummel you, you will bear up under them! Choose otherwise, and you will collapse in a melodramatic way!" The USA and Western culture are on the path of Rome and Greece. Our foundations are crumbling in much the same way the foundations of these ancient superpowers turned to dust and ruin. These once-great historical titans now stand as crumbling ruins, viewed by today's tourists. They are seen as once great mighty nations that once were but never more shall be. Likewise, our foundations are turning into quicksand. Within the pages of this book, Jesus is calling us back to his teachings, which served us so well. Yes, it is in these teachings that we find personal, national, and cultural salvation and hope for a future. Here in his teachings, we will find the rock-solid foundation for our ever-increasingly crumbling quicksand world.

Tongerlongeter Henry Reynolds 2022-11-01 Henry Reynolds and Nicholas Clements uncover the extraordinary story of one of Australia's greatest military leaders. Tongerlongeter is an epic story of resistance, sorrow and survival. Leader of the Oyster Bay nation of south-east Tasmania in the 1820s and '30s, Tongerlongeter and his allies prosecuted the most effective frontier resistance ever mounted on Australian soil, inflicting some 354 casualties. His brilliant campaign inspired terror throughout the colony, forcing Governor George Arthur to counter with a massive military operation in 1830. Tongerlongeter escaped but the cumulative losses had taken their toll. On New Year's Eve 1831, having lost his arm, his country, and all but 25 of his people, the chief agreed to an armistice. In exile on Flinders Island, Tongerlongeter united remnant tribes and became the settlement's 'King' — a beacon of hope in a hopeless situation. 'A masterpiece of military history' — Michael McKernan, The Canberra Times 'The astonishing story of Tongerlongeter's valiant struggle to defend his Country, whatever the cost.' — Mark McKenna, Sydney Morning Herald 'Henry Reynolds and Nicholas Clements have worked some powerful historical magic to conjure out of a dark and foggy Tasmanian past the image of a tall, handsome, noble warrior named Tongerlongeter...' — Charles Wooley, The Weekend Australian

the power of vision in Spain between the 1830s and the 1950s. The photographic lens, laboratory microscope, “retinal vision” of philosopher José Ortega y Gasset, and the topographical studies of Manuel de Terán are woven together in and around a European cultural milieu that gave observation primacy. For once, Spain—now bereft of its empire—was not on the outside of such debates. Whether in the laboratory, family home, darkroom, art gallery, or on the road, in Cuba or Zaragoza, Madrid or Massachusetts, Spanish artists and scientists were engaged with the social and economic power of observation at a time when the speed of modern life made observing a challenge. Claudia Schaefer brings the technologies of the eye—photograph, microscope, lens, tools for land surveying—to light as markers on the nation’s touted path to modernity. Claudia Schaefer is Rush Rhees Chair, Professor of Spanish and Comparative Literature, and Professor of Film and Media Studies at the University of Rochester. She is the author of several books, including *Bored to Distraction: Cinema of Excess in End-of-the-Century Mexico and Spain*, also published by SUNY Press.

The EXODUS Incident Peter Schattschneider 2021-05-21 In the near future, Earth is suffering from climate change, famines, and fundamentalism. A global nuclear war is imminent. Interstellar probes from the Breakthrough Starshot project initiated by J. Milner and S. Hawking have discovered a habitable planet in the stellar system Proxima Centauri, just in time for the exodus of the elites. On board the EXODUS starship, the crew starts to experience strange things. The voyage to Atlantis, the new home for mankind, enters a mysterious and disquieting territory, where conspiracy theories about what is real and what is virtual emerge. THE EXODUS INCIDENT is a novel about an interstellar journey, which connects science to virtual realities and epistemology. In the guise of a final investigative report, a scientific treatise discusses the physics and mathematics behind the story: the starship, the fusion thruster, the target planet, and the journey, addressing anomalous effects which involve relativistic speed and deep space environments.

Falling Into Matter Elizabeth R. Napier 2012-01-01 *Falling into Matter* examines the complex role of the body in the development of the English novel in the eighteenth century. Elizabeth R. Napier argues that despite an increasing emphasis on the need to present ideas in corporeal terms, early fiction writers continued to register spiritual and moral reservations about the centrality of the body to human and imaginative experience. Drawing on six works of early English fiction -- Daniel Defoe's *Robinson Crusoe*, Jonathan Swift's *Gulliver's Travels*, Samuel Richardson's *Clarissa*, Henry Fielding's *Tom Jones*, Elizabeth Inchbald's *A Simple Story*, and Mary Shelley's *Frankenstein* - Napier examines how authors grappled with technical and philosophical issues of the body, questioning its capacity for moral action, its relationship to individual freedom and dignity, and its role in the creation of art. *Falling into Matter* charts the course of the early novel as its authors engaged formally, stylistically, and thematically with the increasingly insistent role of the body in the new genre.

far more fascinating figures that appear before, after, and within the letters. The letters repeat ancient stereotypes about women, eunuchs, slaves, and barbarians--in their Roman imperial setting, each of these overlapping groups were cast as debased, dangerous, and complicated. Joseph Marchal presents new ways for us to think about these dangers and complications with the help of queer theory. *Appalling Bodies* juxtaposes these ancient figures against recent figures of gender and sexual variation, in order to defamiliarize and reorient what can be known about both. The connections between the marginalization and stigmatization of these figures troubles the history, ethics, and politics of biblical interpretation. Ultimately, Marchal assembles and reintroduces us to *Appalling Bodies* from then and now, and the study of Paul's letters may never be the same.
