The Sex Trap - Obarinemi Paul Obelley 2020-10

HELP ANYBODY STRUGGLING WITH SEXUAL ISSUES RECOVER BY READING THIS BOOK! The Sex Trap by Obarinemi Paul-Obelley has been a great tool in overcoming challenges posed by sexual activities. The book boldly explains the origin of sex and how to overcome sexual perversions also known as the sex trap. Obarinemi is now counted an authority in this area because of his burning passion to reach out to youths in a bid to raise a brand of youths free from sexual vices in this sexually polluted world. In this book The Sex Trap which was originally published and circulated in Newspapers in 2009 Obarinemi draws on proven methods that have been used to overcome sexual vices such as lesbianism, incest, bestiality, adultery, sodomy, homosexuality, fornication and so on. This book has transformed the lives of so many people especially youths since it was first released as articles in newspapers. This book contains the secrets gleaned from the practical experiences of great characters in the Bible, contemporary authors as well as the author's practical experience from over 15 years in counselling and youth ministry. It is Obarinemi's idea that the formula that has helped him and many others he has mentored in the issues discussed in the book ought to be placed within the reach of as many people as possible especially those who do not have time to study the mistakes of some great leaders of old that fell into the sex trap and others who were able to successfully overcome sexual traps that were set before them to cut short their assignments on planet earth. The reader has the opportunity to verify the soundness of these time tested secrets through the experience of men and women in various walks of life. He believes the formula should be taught in all public schools, churches, and colleges, and expresses the opinion that if it is properly taught, it would so revolutionize the minds of a lot of people about the subject matter and make our world a better place. If you know anyone struggling with any of the following sex related issues then you need to get this book for them: Adultery Fornication Incest Bestiality Pornography Sodomy Homosexuality Another wonderful feature about the book is that it does not only identify problems associated with the sex trap but also proffers practical solutions to them. The following are the problems the book solves: Chapter 1 THE REALITY OF THE SEX TRAP Chapter 2 SEXUAL PERVERSIONS Chapter 3 HORRORS OF THE SEX TRAP Chapter 4 WHY PEOPLE STILL FALL INTO THE SEX TRAP Chapter 5 THE WAY OUT OF THE SEX TRAP Scroll up and click the buy button.

Sex in God's Temple - Monday Ogwuajo Ogbe 2019-12-05

Sex in God's Temple - 15 Easy Ways to Understand, Identify and Overcome Sexual Immorality and Emotional Traps in Your Life was written as a practical "how to" book to help you end sexual and emotional entanglement forever. What is my motivation for writing this book, why would you want to read it and apply it to your life? The Motivation: The incidence of believers becoming trapped in destructive entanglements seems to have increased and continues to be a source of pain and heartache for singles and families alike. Sexual immorality knows no boundaries. Its insidious influence has spread into institutions and homes of well-intended people who seek to live moral, Christian lives. The internet with all its goodies does not help matters at all. The internet has made the private consumption of illicit material possible through one's home computer or mobile device (Phone). Young and old alike can access not only pornography but also engage in virtual emotional relationship with complete strangers on the other side of the world. Even if physical contact never occurs, the damage to a marriage can be devastating when the online relationship becomes enticingly important to one of the spouses. Children, Young and old, missionaries, pastors, or lay members are not immune to the invasion of pornographic content on devices that leaves images which usually lingers to the point of getting entrapped. I have been called to advise on types of software that could help prevent these invaders from taking in more casualties. The television and movies continue to expose viewers to ever more tantalizing images and content that can draw us further into compromising lifestyles. We have engaged Christian authors that have proven scriptural practical solutions to avoid the pitfalls of sexual immorality. There are also real life stories that we can learn from in charting our own course. I have also realized from my own experiences after over 25 years of my Christian journey that rarely do we teach about sexual matters from our pulpit. Yet our homes, which is the bedrock of society have suffered untold consequences as a result of the issue of sexual and emotional entrapment and entanglement either in marriages, outside marriages, in schools, in our offices or our marketplaces and in the environment giving birth to Me Too Movements, Gender Inequality struggles, Sex for Marks in our Universities, Sex for promotions in the workplace, Sex for Transfer, Sex for privileges, Sex for Contracts etc. These developments come as a shock to many believers who are ill-prepared to handle such enormous temptations they have to endure which has led them to become victims of workplace pressures. There is a need for mentorship on this subject matter. I also hope and pray that church leaders will equip their members with more of these types of topic that has become so prevalent in our day and age, especially with the advent of the digital world. The book, Sex in God's Temple - came from a 4 month long articles via our blog on Otakada.org which is now combined and redacted in one piece for your use. The Why you would want to read it: It is written to help anyone, especially Christians struggling secretly or publicly with any form of sexual immorality and emotional traps. None of us are immune from the temptations surrounding us. But all of us are able, with God's help, to make positive changes in our lives that bring fulfillment far beyond the temporarily satisfaction that sexual immorality offers. You would want to read this because it provides practical true story scenarios of people who are going through exactly what you are going through and have been able to overcome and get out of the trap. The content covers all demographics - kids, teens, young adult, married, single, single parents, divorced, amongst the clergy and others.

Honey Trapped - Henry R. Schlesinger 2022-06-14

While the so-called 'honey trap' is a Hollywood cliché, it is also an enduring piece of tradecraft in the real-life world of spy versus spy. Employed by virtually every intelligence service in times of war and peace, the work of femme fatales and Romeo spies have shaped policy and history through seduction, betrayal and scandal. Perhaps the most well known though least understood element of espionage, the use of honey traps can be found throughout history in religious texts, lurid headlines and pop culture mythology. Honey Trapped is the first book to fully examine the oldest and consistently effective piece of tradecraft, from the ancient world to cyber seductions. Honey Trapped tells the stories of those spies, both famous and obscure, who used sex and leveraged love to acquire sensitive information. From Greek mythology

to recent investigations, the potent mix of sex and espionage is sure to enthrall and entertain.

Sex And Traps - Chisom Akukwe 2023-09-09

Scarlet came back to Beijing with her son after five years for a fashion job. To her shock, it was her one night stand man that owned the company that invited her. In the journey of escaping Tony's wrath, she discovered the dirty secrets in the company and the flaws against her Ex. In order to help him save the company, she gathered some allies to help her stop the enemies but she was too late as before.

Dopamine Trap - Prasenjeet Dhage 2020-12-19

The first sex manual 'Kama Sutra' was written by Vatsyayana, which not only talks about eroticism but also regulates the sexual behaviour of human beings, this was a breakthrough as it set standards for sexuality in the ancient Indian society. On the other side of the world, polyandry was seen as normal in Greek and Persian society. Fast forward to 21st century, now pornography is setting the standards for sexuality, but how many of these standards are morally right to today's society who is usually 'hush-hush' around topics of sex? Is porn liberating? Is it empowering? The answers to these questions will determine what the nature of eroticism and love is in the 21st century.

Saigon Sex Trap - Gus Murdoch 1967

Handbook of Insect Pheromones and Sex Attractants - Marion S. Mayer 2019-08-22

This book focuses on chemicals that effect aggregation for mating and elicit sexual behavior in insects, mites, and ticks, mainly on "sex pheromonal" or "mating" activity. These pheromones are useful to both agriculture science and industry because of their potential as detection and control agents.

Trap Responses of Flying Insects - R. C. Muirhead-Thompson 2012-12-02
Insect trapping is a basic field research tool for many biologists, whether they are studying insect pests, disease vectors or insect ecology for its own sake. Any field entomologist contemplating a new insect trapping program or looking to improve or develop an existing scheme will benefit from this broad review of flying insect traps, in which the author draws on a wide variety of methods used by different research projects from all over the world. Over the years a great many traps have been developed and endlessly modified to suit particular species, habitats, and research requirements. In virtually every case the design of the trap interacts with the specific behavior of the insects involved to bias trap efficiency. In addition, the limited dialogue between workers in different subject disciplines and habitats has caused a shortage of new information available to field entomologists as a whole. Key Features * Describes and evaluates the main methods of trapping flying insects * Brings together results from agricultural/forest/pest studies and those from medical entomology
