Powers - Ursula K. Le Guin 2010-09-09
'Le Guin's storytelling is sharp, magisterial, funny, thought-provoking and exciting, exhibiting all that science fiction can be' EMPIRE 'Told with shimmering lyricism, this coming-of-age saga will leave readers transformed' BOOKLIST 'Le Guin is a writer of phenomenal power' OBSERVER 'A tour de force' EVENING STANDARD The final part in the story that started with GIFTS, and the tale of Gry Barre of Roddmant and Orrec Caspro of Caspromant, two children with extraordinary

powers. They play a part in VOICES too, the sequel to GIFTS, in which Memer, a girl who has grown up in a captured city, is part of the people's fight for freedom. And now, in POWERS, we have the conclusion to Ursula Le Guin's beautifully written, powerful and moving story of the Western Isles, a tale that will leave every reader begging for more.

Ethnicity, Gender and the Border Economy -

Latife Akyüz 2017-02-24

For whom and why are borders drawn? What are the symbolic projections of these physical

*Downloaded from
legacy.opendemocracy.net on 2021-10-01
by guest*

realities? And what are the symbolic projections of these physical realities? Constituted by experience and memory, borders shape a "border image" in the minds and social memory of people beyond the lines of the state. In the case of the Turkey-Georgia border, the image of the border has often been constructed as an economic reality that creates "conditional permeabilities" rather than political emphases. This book puts forward the argument that participation in this economic life reshapes the relationship between the ethnic groups who live in the borderland as well as gender relations. By drawing on detailed ethnographic research at the Turkey-Georgia border, life at the border is explored in terms of family relations, work life, and intra- and inter-ethnic group relations. Using an intersectional approach, the book charts the perceptions and representations of how different ethnic and gendered groups experience interactions among themselves, with each other, and with the changing economic

context. This book offers a rich, empirically based account of the intersectional and multidimensional forms of economic activity in border regions. It will be of interest to students, researchers, and policy makers alike working in geography, economics, ethnic studies, gender studies, international relations, and political studies.

Judith Butler - Moya Lloyd 2013-05-03

With the publication of her highly acclaimed and much-cited book *Gender Trouble*, Judith Butler became one of the most influential feminist theorists of her generation. Her theory of gender performativity and her writings on corporeality, on the injurious capacity of language, on the vulnerability of human life to violence and on the impact of mourning on politics have, taken together, comprised a substantial and highly original body of work that has a wide and truly cross-disciplinary appeal. In this lively book, Moya Lloyd provides both a clear exposition and an original critique of Butler's work. She

*Downloaded from
legacy.opendemocracy.net on 2021-10-01
 by guest*

examines Butler's core ideas, traces the development of her thought from her first book to her most recent work, and assesses Butler's engagements with the philosophies of Hegel, Foucault, Derrida, Irigaray and de Beauvoir, as well as addressing the nature and impact of Butler's writing on feminist theory. Throughout Lloyd is particularly concerned to examine Butler's political theory, including her critical interventions in such contemporary political controversies as those surrounding gay marriage, hate-speech, human rights, and September 11 and its aftermath. Judith Butler offers an accessible and original contribution to existing debates that will be an invaluable resource for students and scholars alike.

Queer Studies - Brett Beemyn 1996

An anthology of expanded versions of papers presented at a November 1994 conference held at the University of Iowa, with sections on issues of identity and queer theory in practice. Essays are distinguished by their accessibility to

undergraduates and non-academic readers, and cover areas that have often been marginalized by queer studies in the past, such as race, transgender, bisexuality, and s/m. Subjects include recontextualizing butch in 20th-century lesbian culture, and scientific racism and the invention of the homosexual body. Annotation copyright by Book News, Inc., Portland, OR

Bisexual Spaces - Clare Hemmings 2013-11-12
First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

By the Open Sea - August Strindberg 1913

The Migration Conference 2017 Programme and Abstracts Book - Ibrahim Sirkeci 2017

The Migration Conference 2017 hosted by Harokopio University, Athens from 23 to 26 August. The 5th conference in our series, the 2017 Conference was probably the largest scholarly gathering on migration with a global scope. Human mobility, border management, integration and security, diversity and minorities

as well as spatial patterns, identity and economic implications have dominated the public agenda and gave an extra impetus for the study of movers and non-movers over the last decade or so. Throughout the program of the Migration Conference you will find various key thematic areas are covered in about 400 presentations by about 400 colleagues coming from all around the world from Australia to Canada, China to Mexico, South Africa to Finland. We are also proud to bring you opportunities to meet with some of the leading scholars in the field. Our line of keynote speakers include Saskia Sassen, Oded Stark, Giuseppe Sciortino, Neli Esipova, and Yüksel Pazarkaya.

A Life of One's Own - Marion Milner

2011-03-23

How often do we ask ourselves, 'What will make me happy? What do I really want from life?' In *A Life of One's Own* Marion Milner explores these questions and embarks on a seven year personal

journey to discover what it is that makes her happy. On its first publication, W. H. Auden found the book 'as exciting as a detective story' and, as Milner searches out clues, the reader quickly becomes involved in the chase. Using her own personal diaries, kept over many years, she analyses moments of everyday life and discovers ways of being, of looking, of moving, that bring surprising joy - ways which can be embraced by anyone. With a new introduction by Rachel Bowlby this classic remains a great adventure in thinking and living and will be essential reading for all those interested in reflecting on the nature of their own happiness - whether readers from a literary, an artistic, a historical, an educational or a psychoanalytic/psychotherapeutic background.

An Experiment With An Air Pump - Shelagh

Stephenson 2014-01-03

Shelagh Stephenson's daring and thoughtful new play *1799* - On the eve of a new century, the house buzzes with scientific experiments, furtive

*Downloaded from
legacy.opendemocracy.net on 2021-10-01
by guest*

romance and farcical amateur dramatics. 1999 - In a world of scientific chaos, cloning and genetic engineering, the cellar of the same house reveals a dark secret buried for 200 years. An Experiment with an Air Pump was joint recipient of the 1997 Margaret Ramsay Award and premiered at The Royal Exchange Theatre Company, Manchester in February 1997. Due for a major London production in autumn 1998. Her previous play The Memory of Water won the 1996 Writers' Guild Award for Best Original Radio Play and the 1997 Sony Award for Best Original Drama

The Socialist Feminist Project - Nancy Holmstrom 2002-08

Socialist Feminism brings together the most important recent socialist feminist writings on a wide range of topics: sex and reproduction, the family, wage labor, social welfare and public policy, the place of sex and gender in politics, and the philosophical foundations of socialist feminism.

A History of Bisexuality - Steven Angelides 2001-09-15

Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer theory, biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality.

His Dark Materials: Northern Lights (Gift Edition) - Philip Pullman 2019-10-17

The first volume in Philip Pullman's groundbreaking HIS DARK MATERIALS trilogy, now a thrilling, critically acclaimed BBC/HBO television series. First published in 1995, and acclaimed as a modern masterpiece, this first book in the series won the UK's top awards for children's literature. "Without this child, we shall all die." Lyra Belacqua and her animal daemon live half-wild and carefree among scholars of Jordan College, Oxford. The destiny that awaits

her will take her to the frozen lands of the Arctic, where witch-clans reign and ice-bears fight. Her extraordinary journey will have immeasurable consequences far beyond her own world... This gift edition has a beautiful cover from celebrated illustrator, Melissa Castrillon.

Wagnerism: Art and Politics in the Shadow of Music - Alex Ross 2020-09-15

'An absolutely masterly work' Stephen Fry Alex Ross, renowned author of the international bestseller *The Rest Is Noise*, reveals how Richard Wagner became the proving ground for modern art and politics—an aesthetic war zone where the Western world wrestled with its capacity for beauty and violence.

Contrastive Pragmatics - Karin Aijmer 2011

We have recently seen a broadening of pragmatics to new areas and to the study of more than one language. This is illustrated by the present volume on *Contrastive Pragmatics* which brings together a number of articles originally presented at the 10th International

Pragmatics Conference in Göteborg in 2007. The contributions deal with pragmatic phenomena such as speech acts, discourse markers and modality in different language pairs using theoretical approaches such as politeness theory, Conversation Analysis, Appraisal Theory, grammaticalization and cultural textology. Also discourse practices and genres may differ across cultures as illustrated by the study of TV news shows in different countries. Contrastive pragmatics also includes the comparative study of pragmatic phenomena from a foreign language perspective, a new area with implications for language teaching and intercultural communication. The contributions to this volume were originally published in *Languages in Contrast* 9:1 (2009).

Walk the Blue Fields - Claire Keegan 2016-03-29

“Seven perfect short stories” from the award-winning author of *Antarctica*—“a writer who is instinctively cherished and praised” (The

*Downloaded from
legacy.opendemocracy.net on 2021-10-01
by guest*

Guardian, UK). Claire Keegan’s brilliant debut collection, *Antarctica*, was named a Los Angeles Times Book of the Year and earned her resounding accolades on both sides of the Atlantic. She continues her outstanding work with this new collection of quietly wrenching stories of despair and desire in modern-day Ireland. In “The Long and Painful Death,” a writer awarded a stay to work in Heinrich Böll’s old cottage has her peace interrupted by an unwelcome intruder whose ulterior motives emerge as the night progresses. In the title story, a priest waits at the altar to perform a marriage—and battles his memories of a love affair that led him to question all to which he has dedicated his life. And in “Dark Horses,” a man seeks solace at the bottom of a bottle as he mourns both his empty life and his lost love. A masterful portrait of a country wrestling with its past and of individuals struggling toward their futures, *Walk the Blue Fields* is a breathtaking collection from “that rarest of writers—someone

I will always want to read,” and a resounding articulation of all the yearnings of the human heart (Irish Times).

[Representing Bisexualities](#) - Donald E. Hall
1996-07

Is bisexuality coming out in America? Bisexual characters are surfacing on popular television shows and in film. Newsweek proclaims that a new sexual identity is emerging. But amidst this burgeoning acknowledgment of bisexuality, is there an understanding of what it means to be bisexual in a monosexual culture? *RePresenting Bisexualities* seeks to answer these questions, integrating a recognition of bisexual desire with new theories of gender and sexuality. Despite the breakthroughs in gender studies and queer studies of recent years, bisexuality has remained largely unexamined. Problematic sexual images are usually attributed either to homosexual or heterosexual desire while bisexual readings remain unexplored. The essays found in *RePresenting Bisexualities* discuss fluid

Downloaded from
legacy.opendemocracy.net on 2021-10-01
by guest

sexualities through a variety of readings from the fence, covering texts from Emily Dickinson to Nine Inch Nails. Each author contributes to the collection a unique view of sexual fluidity and transgressive desire. Taken together, these essays provide the most comprehensive bisexual theory reader to date.

Becoming Visible - Beth A. Firestein 2007

Becoming Visible offers cutting-edge psychological perspectives on bisexual and queer identities and the cultural and mental health issues facing bisexual, lesbian, gay, queer, and questioning individuals and their partners. Essential for any professional seeking to provide "best practice" services to this population, Becoming Visible addresses the therapeutic needs of bisexuals at every stage of the life cycle. This volume explores why some people resist identity labels and what bisexual men and women consider exemplary and harmful in their therapeutic experiences. It also helps practitioners distinguish between the

stresses brought on by being part of a sexual minority and the clinical symptoms that indicate serious mental health issues. It includes research on ethnic minority bisexuals, youth, elders, gender-variant individuals, and bisexuals engaging in alternative lifestyles and sexual practices such as polyamory and BDSM. Edited by a psychologist who specializes in sexual-orientation and gender-identity issues and with contributions from scholars and professionals from multiple disciplines, the book embraces perspectives from the empirical to the phenomenological, and outlines both scientific and practice-based approaches to the subject while carefully considering the psychological, cultural, and spiritual dimensions of the issues confronting bisexual men and women. Becoming Visible is a crucial step in the improved mental health and well-being of bisexuals, transgender individuals, and other sexual minorities. This book offers a path toward awareness and compassion for those who seek to understand,
