

Sex Workers Legal In Nyc

Trans Bodies, Trans Selves -
Laura Erickson-Schroth 2014

This is a groundbreaking, personal, and informative guide for the transgender population, covering health, legal issues, cultural and social questions, history, theory, and more. It is a place for transgender and gender-questioning people, their partners and families, students, professors, and guidance counselors, to look for up-to-date information on transgender life.

HIV Plus - 2003-10

HIV Plus offers the latest stories on research, economics, and treatment. The magazine raises awareness of HIV-related cultural and policy developments in the United States and throughout the world.

Revolting Prostitutes - Molly
Smith 2018-11-06

How the law harms sex

workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

Agenda for Social Justice -
Muschert, Glenn W.

2016-08-03

The Agenda for Social Justice:
Solutions 2016 provides

accessible insights into some of

the most pressing social problems in the United States and proposes public policy responses to those problems. It offers recommendations for action around key issues for social justice.

HIV Plus - 2001-04

HIV Plus offers the latest stories on research, economics, and treatment. The magazine raises awareness of HIV-related cultural and policy developments in the United States and throughout the world.

Queer Sex Work - Mary Laing
2015-03-05

Sex work is a subject of significant contestation across academic disciplines, as well as within legal, medical, moral, feminist, political and socio-cultural discourses. A large body of research exists, but much of this focuses on the sale of sex by women to men and ignores other performances, practices, meanings and embodiments in the contemporary sex industry. A queer agenda is important in order to challenge hetero-centric gender norms and to

develop new insights into how gender, sex, power, crime, work, migration, space/place, health and intimacy are understood in the context of commercial sexual encounters. Queer Sex Work explores what it might mean to 'be', 'do' and 'think' queer(ly) in the study and practice of commercial sex. It brings together a multiplicity of empirical case studies - including erotic dance venues, online sex working, pornography, grey sexual economies, and BDSM - and offers a variety of perspectives from academic scholars, policy practitioners, activists and sex workers themselves. In so doing, the book advances a queer politics of sex work that aims to disrupt heteronormative logics whilst also making space for different voices in academic and political debates about commercial sex. This unique and multidisciplinary volume will be indispensable for scholars and students of the global sex trade and of gender, sexuality, feminism and queer theory more broadly, as well as

on 2019-01-13 by guest*

policymakers, activists and practitioners interested in the politics and practice of sex work in local, national and international contexts.

Crimes Against Children - Stephen Murray Robertson 2005

In the first half of the twentieth century, Americans' intense concern with sex crimes against children led to a wave of public discussion, legislative action, and criminal prosecution. Stephen

Robertson provides the first large-scale, long-term study of **Legalizing Prostitution** -

Ronald Weitzer 2012

While sex work has long been controversial, it has become even more contested over the past decade as laws, policies, and enforcement practices have become more repressive in many nations, partly as a result of the ascendancy of interest groups committed to the total abolition of the sex industry. At the same time, however, several other nations have recently decriminalized prostitution. *Legalizing Prostitution* maps out the

current terrain. Using America as a backdrop, Weitzer draws on extensive field research in the Netherlands, Belgium, and Germany to illustrate alternatives to American-style criminalization of sex workers. These cases are then used to develop a roster of "best practices" that can serve as a model for other nations considering legalization.

Legalizing Prostitution provides a theoretically grounded comparative analysis of political dynamics, policy outcomes, and red-light landscapes in nations where prostitution has been legalized and regulated by the government, presenting a rich and novel portrait of the multifaceted world of legal sex for sale.

Sex Workers, Psychics, and Numbers Runners - LaShawn Harris 2016-06-15

During the early twentieth century, a diverse group of African American women carved out unique niches for themselves within New York City's expansive informal economy. LaShawn Harris

*Downloaded from
legacy.opendemocracy.net
on 2019-01-13 by guest*

illuminates the labor patterns and economic activity of three perennials within this kaleidoscope of underground industry: sex work, numbers running for gambling enterprises, and the supernatural consulting business. Mining police and prison records, newspaper accounts, and period literature, Harris teases out answers to essential questions about these women and their working lives. She also offers a surprising revelation, arguing that the burgeoning underground economy served as a catalyst in working-class black women TMs creation of the employment opportunities, occupational identities, and survival strategies that provided them with financial stability and a sense of labor autonomy and mobility. At the same time, urban black women, all striving for economic and social prospects and pleasures, experienced the conspicuous and hidden dangers associated with newfound labor opportunities. The Murder of Helen Jewett -

Patricia Cline Cohen
2010-11-17

In 1836, the murder of a young prostitute made headlines in New York City and around the country, inaugurating a sex-and-death sensationalism in news reporting that haunts us today. Patricia Cline Cohen goes behind these first lurid accounts to reconstruct the story of the mysterious victim, Helen Jewett. From her beginnings as a servant girl in Maine, Helen Jewett refashioned herself, using four successive aliases, into a highly paid courtesan. She invented life stories for herself that helped her build a sympathetic clientele among New York City's elite, and she further captivated her customers through her seductive letters, which mixed elements of traditional feminine demureness with sexual boldness. But she was to meet her match--and her nemesis--in a youth called Richard

Robinson. He was one of an unprecedented number of young men who flooded into America's burgeoning cities in

Downloaded from
legacy.opendemocracy.net
on 2019-01-13 by guest

the 1830s to satisfy the new business society's seemingly infinite need for clerks. The son of an established Connecticut family, he was intense, arrogant, and given to posturing. He became Helen Jewett's lover in a tempestuous affair and ten months later was arrested for her murder. He stood trial in a five-day courtroom drama that ended with his acquittal amid the cheers of hundreds of fellow clerks and other spectators. With no conviction for murder, nor closure of any sort, the case continued to tantalize the public, even though Richard Robinson disappeared from view. Through the Erie Canal, down the Ohio and the Mississippi, and by way of New Orleans, he reached the wilds of Texas and a new life under a new name. Through her meticulous and ingenious research, Patricia Cline Cohen traces his life there and the many twists and turns of the lingering mystery of the murder. Her stunning portrayals of Helen Jewett, Robinson, and their raffish,

colorful nineteenth-century world make vivid a frenetic city life and sexual morality whose complexities, contradictions, and concerns resonate with those of our own time.

Prostitution, Trafficking and Traumatic Stress - Melissa Farley 2003

Prostitution, Trafficking, and Traumatic Stress documents the violence that runs like a constant thread throughout all types of prostitution, including escort, brothel, trafficking, strip club, and street prostitution. The book presents clinical examples, analysis, and original research, counteracting common myths about the harmlessness of prostitution. It explores the connections between prostitution, incest, sexual harassment, rape, and battering; looks at peer support programs for women escaping prostitution; examines clinical symptoms common among prostitutes; and much more.

Laws Relating to Sex Morality in New York City (Classic Reprint) - Arthur B. Spingarn 2017-12-09

Excerpt from Laws Relating to Sex Morality in New York City This Manual contains the Federal, State and local laws relating to sex morality in so far as they apply in the City of New York. It is intended primarily for the SO cial worker, and the endeavor throughout has been to state the law in such a way that it can be readily under stood and used by persons without legal training. It is hoped that the assembling under one cover of a body of law which is scattered throughout numberless statutes and decisions may be helpful also

to lawyers and magis trates. The primary purpose, however, has never been lost sight of in its compilation; the Manual does not pro fess, nor indeed aim, to be a complete compendium, and everything has been rigidly excluded that does not bear' more or less directly on the laws relating to the con tributing causes and suppression of prostitution, the care Of its victims, and the punishment of those persons who foster or benefit by its existence. Some of the topics treated may perhaps seem remote from the principal subject, but experience in allied work justifies the belief that nothing has been included which is not material, and it is hoped that the desire to keep the Manual Within the limits of a hand-book has resulted in no serious omissions. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.

the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Prostitution Narratives - Melinda Tankard Reist 2016
For too long the global sex industry and its vested interests have dominated the prostitution debate repeating the same old line that sex work is just like any job. In large sections of the media, academia, public policy, government and the law, the sex industry has had its way. Little is said of the damage, violation, suffering, and torment of prostitution on the bodies and minds of mostly women and children, nor of the deaths, suicides and murders that are routine in the sex

industry. This book refutes the lies and debunks the myths spread by the industry through the lived experiences of women who have survived prostitution. These disturbing stories give voice to formerly prostituted women who explain why they entered the sex trade. They bravely and courageously recount their intimate experiences of harm and humiliation at the hands of sex buyers, pimps and traffickers and reveal their escape and emergence as survivors. Edited by Caroline Norma and Melinda Tankard Reist, the book documents the reality of prostitution revealing the cost to the lives of women and girls. This book will strengthen and support the global campaign to abolish prostitution, provide solidarity and solace to those who bear its scars, and hopefully help women and girls exit this dehumanising industry.

Forensic Victimology - Brent E. Turvey 2013-08-08

Published in 2009, the first edition of *Forensic Victimology* introduced criminologists and

Downloaded from
legacy.opendemocracy.net
on 2019-01-13 by guest

criminal investigators to the idea of systematically gathering and examining victim information for the purposes of addressing investigative and forensic issues. The concepts presented within immediately proved vital to social scientists researching victims-offender relationships; investigators and forensic scientists seeking to reconstruct events and establish the elements of a crime; and criminal profilers seeking to link pattern crimes. This is because the principles and guidelines in *Forensic Victimology* were written to serve criminal investigation and anticipate courtroom testimony. As with the first, this second edition of *Forensic Victimology* is an applied presentation of a traditionally theoretical subject written by criminal justice practitioners with years of experience-both in the field and in the classroom. It distinguishes the investigative and forensic aspects of applied victim study as necessary adjuncts to what has often been considered a theoretical field. It then

identifies the benefits of forensic victimology to casework, providing clearly defined methods and those standards of practice necessary for effectively serving the criminal justice system. 30% new content, with new chapters on Emergency Services, False Confessions, and Human Trafficking Use of up-to-date references and case examples to demonstrate the application of forensic victimology Provides context and scope for both the investigative and forensic aspects of case examination and evidence interpretation Approaches the study of victimology from a realistic standpoint, moving away from stereotypes and archetypes Useful for students and professionals working in relation to behavioral science, criminology, criminal justice, forensic science, and criminal investigation

Global Lessons from the AIDS Pandemic - Bradly J. Condon
2008-07-22

We began to research for this book in 2000, with the idea

Downloaded from
legacy.opendemocracy.net
on 2019-01-13 by guest

that we might contribute to the search for solutions to the global HIV/AIDS pandemic by combining perspectives from different disciplines. Much has happened in the intervening years. First, the severity of the HIV/AIDS pandemic in sub-Saharan Africa - and the threat it posed for many other regions of the world - led to a movement among several countries to correct the imbalance between producers and users of pharmaceutical products. This effort produced a clarification of the right of governments to produce generic medicine under compulsory licenses and an amendment of the World Trade Organization's TRIPS Agreement to allow exports of generic medicines from one WTO Member to another. In 2007, the amended rules were put into practice, with Canada authorizing the export of generic antiretroviral drugs to Rwanda. However, at the same time, global patent laws have been undermined due to regulatory capture, most notably in free trade agreements and through

political pressure on countries like Thailand to not to exercise their right to issue compulsory licenses for pharmaceutical products. Second, the amount of money available for the treatment and prevention of HIV/AIDS has increased dramatically, with the establishment of the World Bank Multi-Country HIV/AIDS Program for Africa (MAP), the Global Fund to Fight AIDS, Tuberculosis and Malaria and the US President's Emergency Plan for AIDS Relief (PEPFAR), among other funding initiatives.

The Sexual Politics of Border Control - Billy Holzberg

2022-03-16

The Sexual Politics of Border Control conceptualises sexuality as a method of bordering and uncovers how sexuality operates as a key site for the containment, capture and regulation of movement. By bringing together queer scholarship on borders and migration with the rich archive of feminist, Black, Indigenous and critical border perspectives, it highlights how

*Downloaded from
legacy.opendemocracy.net
on 2019-01-13 by guest*

the heteronormativity of the border intersects with the larger dynamics of racial capitalism, imperialism and settler colonialism; reproductive inequalities; and the containment of contagion, disease and virality. Transnational in focus, this book includes contributions from and about different geopolitical contexts including histories of HIV in Turkey; the politics of reproduction in Palestine/Israel; settler colonialism and anti-Blackness in the United States; the sexual geographies of the Balkan and Southern Europe; the intimate politics of marriage migration between Vietnam and Canada; and sex work in Australia, the United States, France and New Zealand. This collection constitutes a key intervention in the study of border and migration that highlights the crucial role that sexual politics play in the reproduction and contestation of national border regimes. The chapters in this book were originally published as a special issue of *Ethnic and Racial Studies*.

Deviant Street Networks - Bernard Cohen 1980
Prostitution, one of the most visible and widespread of street crimes, surfaces in neighbourhoods of diverse social, economic and geographic characters. Based on observation in varying locations in Manhattan, the author discusses the differences and similarities in patterns of activity and relates them to the physical layout and socioeconomic makeup of the neighbourhoods, the actions of the police, the time of day, the area traffic, the race of the participants, and the social hierarchy of the prostitutes. The work reveals an ordered structure to the subcultural values and style of the prostitutes, describes uneven arrest patterns and the ineffective methods of dispersal that often cause deviance to spread.

Internet Sex Work - Teela Sanders 2017-09-18

This book takes readers behind the screen to uncover how digital technologies have affected the UK sex industry.

*Downloaded from
legacy.opendemocracy.net
on 2019-01-13 by guest*

The authors use extensive new datasets to explore the working practices, safety and regulation of the sex industry, for female, male and trans sex workers primarily working in the UK. Insights are given as to how sex workers use the internet in their everyday working lives, appropriating social media, private online spaces and marketing strategies to manage their profiles, businesses and careers. *Internet Sex Work* also explores safety strategies in response to new forms of crimes experienced by sex workers, as well as policing responses. The book will be of interest to students and scholars across a range of social science disciplines,

including gender studies, socio-legal studies, criminology and sociology.

Laws Relating to Sex Morality in New York City (1916) - Arthur Barnett

Spingarn 2009-08

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.
