Holy Matrimony - DeBorrah K. Ogans 2006-06-29

century has ushered in some extreme, strange, and disturbing beliefs about marriage. We're living in a day and time where the definition and purpose of marriage is being challenged, and in some areas of our country changed to meet the desires of our society. Laws have been passed in some states that sanction same sex marriage, men marrying men, and women marrying women. Men and women marrying animals may be just around the corner, and if we're not careful, we may see laws on the books that sanction and encourage this as well, particularly if the animal will be entitled to the medical or insurance benefits of its spouse. You may say this will never happen. Well, we're also living in a time where public display of the Ten Commandments is being challenged. It seems our society doesn't want to be faced with or reminded of what God has said and established for us to have an orderly society. It's almost as though what we want is for every man to be able to do what he feels is right in his own heart. We've been there before. Marriage is under attack from the outside as well as the inside. Husbands and wives are trying to manage marriage, while society is trying to re-define and re-shape marriage at the same time. We've been blinded by the enemy, unable to see the spiritual warfare launched on the marriage which is wounding families, businesses, and the church, resulting in serious casualties. However, all is not lost if we look to God's Word, embrace His principles, and apply them to our marriage and daily living. He has already said a number of things pertaining to both. Holy Matrimony will give you some things to think about, Now that You Are Married It addresses many of the current issues facing married couples today, such as: Who's Idea was marriage? Listening to one another Sex and Intimacy When you've been married before The down side of marriage It also provides understanding "Temperament"

Marriage, Divorce, Remarriage - CHARLES J. KRIESSMAN 2015-07-10

An extremely important subject as marriage is given a cogent examination in this book. A definition of marriage as given by God is presented as an inalienable institution not to be altered in any way. Yet today we see that marriage has been redefined and changed in a way as to nearly render it unrecognizable. The author presents a short walk through the secular history of traditional marriage as a practice many thousands of years old. Chapter 2 is God's intention for how marriage was intended to be and how it relates to the Church as being the Bride of Christ. Also included in the chapter is the lofty exposition of the marriage of Solomon and Naaman in the Song of Solomon. After an explanation of the difference between fornication and adultery, two examples are given of how sinful marriages can affect the Church of God and His preparation of a chaste Bride. In chapter 6 divorce and remarriage are dealt with in a Biblical way, and which should be being taught in a clear manner to our Church-going youth. A thorough understanding of the subject is not being taught to young Christians and much confusion about the subject reigns in the Church. The final chapter discusses the politically protected entity of same-sex marriage, God's rejection of it, His disdain for it, and coming judgment as a result of it. Some of its consequences are detailed and what's next is predicted by Scripture.

Marriage, Sex, and Procreation - Steven Schafer 2019-09-09

The contemporary church's debate on the inclusion of same-sex individuals and their relationships has devolved into diametrically opposed positions. Rather than resolving the argument, the conversation between the two sides reflects the impasse that is taking place in denominations across the West. It is clear that the dispute cannot be resolved while couched in these terms. In this timely work, Steven Schafer invites the reader to move beyond the terms of the current debate toward the underlying doctrinal concerns so often glossed over by that discussion. This book is a work of hermeneutics that engages the contemporary discussion on the legitimacy of same-sex relationships with the grand theological narrative handed down by the church. By placing four contemporary revisionists in dialogue with the work of Augustine, the book provides language and theological avenues to reframe the debate and contributes to

the church's ongoing discernment.

Erotic Coleridge - A. Taylor 2005-12-09

Erotic Coleridge charts Coleridge's prolific creation of love poems from early flirtatious verse to poems about marital incompatibility, the blank faces of young women fearing for their reputations, the obliterating seductions of young women, the exaltation of falling in love, the spoken and sung voices of women, the pain of jealousy, and late meditations on how to live with the waning of love. In his prose he responds to Parliamentary debates about punishing adulteresses and gives advice about how marriage can warp the soul. In his sensual exuberance and his ethics of reverencing the individuality of other persons, Coleridge attends closely to the lives of women.

Finally--a theology of love that will help you navigate the confusing waters of modern relationship. In the beginning, God created Adam. Then he made Eve. And ever since we've been picking up the pieces. And about what is wrong--the fallout in a post-Eden world. Loveology starts with marriage and works backward. Comer deals with sexuality, romance, singleness, and what it means to be male and female; ending with a raw, uncut, anything goes Q and A dealing with the most asked questions about sexuality and relationships. This is a book for singles, engaged couples, and the newly married--both inside and outside the church--who want to learn what the Scriptures have to say about sexuality and relationships. For those who are tired of Hollywood's propaganda, and the church's silence. And for people who want to ask the why questions and get intelligent, nuanced, grace-and-truth answers, rooted in the Scriptures.

Marriage, Family and Relationships - Thomas A. Noble 2017-06-15

Family life has undergone revolutionary changes in Western society in the last sixty years, posing both theological and ethical challenges for the contemporary church. This book responds with wide-ranging essays on sexuality, marriage, family life, singleness, same-sex relationships, violence against women, anthropology, gender and culture. These chapters are essential reading for anyone concerned with Christian teaching on marriage and the family. They balance a clear loyalty to the church's historic and biblical teaching with a recognition that all doctrine is contextualized. There is a growing gap between the ethics of many Christians and those of wider society. So Christians have to be counter-cultural. But the church also has to be self-critical, differentiating between biblical revelation and cultural development. And it must know how to present unchanging Christian convictions to a constantly changing society. The contributors are Andy Angel, Daniel Block, Rosalind Clarke, Barry Danylak, Andrew Goddard, Stephen Holmes, David Instone Brewer, A. T. B.
