

# The V Zone A Womans Guide To Intimate Health Care

Maternity and Women's Health Care E-Book - Deitra Leonard Lowdermilk 2023-03-09  
NEW! Case studies for the Next Generation NCLEX®. NEW! Content on COVID-19 includes current recommendations from professional organizations related to vaccines and the care of pregnant women and newborns. UPDATED! Increased coverage of the needs of nontraditional families. UPDATED! Coverage of legislative changes that affect health care delivery in the United States. UPDATED! Current recommendations and practice changes from professional organizations, such as the American College of Obstetricians and Gynecologists (ACOG), the Association for Women's Health, Obstetric and Neonatal Nurses (AWHONN), and the American Academy of Pediatrics (AAP). UPDATED! Enhanced content on client- and family-centered care focuses on diversity and cultural assessment. UPDATED! Added emphasis on racial disparities in relation to women's health and childbearing. UPDATED! Cutting-edge content on treatments for breast cancer.

*Contemporary Authors* - Lisa Kumar 2004-04  
A biographical and bibliographical guide to current writers in all fields including poetry, fiction and nonfiction, journalism, drama, television and movies. Information is provided by the authors themselves or drawn from published interviews, feature stories, book reviews and other materials provided by the authors/publishers.

**The Complete A to Z for Your V** - Dr. Alyssa Dweck 2017-06  
Breaking the mold on women's health guides, 'The Complete A to Z for your V' tells women of all ages what they need to know about their own unique health.

**School Library Journal** - 2003

**American Book Publishing Record** - 2001

*Caring for the Military* - Joan Beder 2016-07-22  
With overseas deployment scaling down in recent years, helping professionals need practical tools for working with servicemen and women returning from deployment. *Caring for the Military*, with its case studies and clinical discussions, is indispensable for social workers and other helping professionals working with these populations. Leading experts contribute chapters on the challenges faced by reintegrating members of the military, including returning to a family, entering the workforce, and caring for those with PTSD, TBI, and moral injury. This text also features unique chapters on telemental health, multidisciplinary settings, and caregiver resiliency.

Bibliografia națională a României - 2007

**Body Evidence** - Shamita Das Dasgupta 2007  
When South Asians immigrated to the United States in great numbers in the 1970s, they were passionately driven to achieve economic stability and socialize the next generation to retain the traditions of their home culture. During these years, the immigrant community went to great lengths to project an impeccable public image by denying the existence of social problems such as domestic violence, sexual assault, child sexual abuse, mental illness, racism, and intergenerational conflict. It was not until recently that activist groups have worked to bring these issues out into the open. In *Body Evidence*, more than twenty scholars and public health professionals uncover the unique challenges faced by victims of violence in intimate spaces . . . within families, communities and trusted relationships in South Asian American communities. Topics include cultural obsession with women's chastity and virginity; the continued silence surrounding intimate violence among women who identify themselves as lesbian, bisexual, or transgender; the consequences of refusing marriage proposals or

failing to meet dowry demands; and, ultimately, the ways in which the United States courts often confuse and exacerbate the plights of these women.

**Communities in Action** - National Academies of Sciences, Engineering, and Medicine  
2017-04-27

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

**A Woman's Guide to Sexual Health** - Mary Jane Minkin 2005-01-01

A prominent gynecologist explains how to make the best choices for female reproductive health in this authoritative, easy-to-read guide. This book is for every woman who has wished for an unhurried, personal conversation with a sympathetic doctor who will answer her questions about reproductive health. Dr. Mary Jane Minkin, a gynecologist practicing for more than 25 years, presents a complete and up-to-date guide to a healthy reproductive system for women in their teens through middle age. With warmth and understanding, Dr. Minkin and coauthor Carol V. Wright respond to questions about the gynecological issues that concern

women today, including sexual activity, contraception, and family planning. Readers of The Yale Guide to Women's Reproductive Health will learn how the female body works, what problems may arise, and what solutions are available--in short, they will become better prepared to participate in their own health care and to make healthy decisions.

**Bibliografia națională română** - 2007-03

The V Zone - Colette Bouchez 2001-06-14

Everything You've Ever Wanted to Know About Intimate Health Care The V Zone answers those difficult and embarrassing questions women often are unable to ask their own doctor. Colette Bouchez, an award winning medical journalist, explains important health information in easy-to-understand language, and offers women a clear, concise plan for dealing with the most common gynecological complaints. In addition to describing currently available medical treatments, The V Zone reports on natural and alternative solutions, and helps navigate the wide array of over-the-counter products, including menstrual aids, home test kits, and feminine hygiene products. Know instantly what's safe to use, what's not, when it's okay to self-treat, and when it's time to seek professional care. Also included is the latest information on: vaginitis painful sex urinary tract infections yeast infections STDs and much more! With advice from over two dozen medical experts, The V Zone is the definitive guide women can turn to and rely on, today and for years to come.

**The Future of the Public's Health in the 21st Century** - Institute of Medicine 2003-02-01

The anthrax incidents following the 9/11 terrorist attacks put the spotlight on the nation's public health agencies, placing it under an unprecedented scrutiny that added new dimensions to the complex issues considered in this report. The Future of the Public's Health in the 21st Century reaffirms the vision of Healthy People 2010, and outlines a systems approach to assuring the nation's health in practice, research, and policy. This approach focuses on joining the unique resources and perspectives of diverse sectors and entities and challenges these groups to work in a concerted, strategic way to promote and protect the public's health. Focusing on diverse partnerships as the

framework for public health, the book discusses: The need for a shift from an individual to a population-based approach in practice, research, policy, and community engagement. The status of the governmental public health infrastructure and what needs to be improved, including its interface with the health care delivery system. The roles nongovernment actors, such as academia, business, local communities and the media can play in creating a healthy nation. Providing an accessible analysis, this book will be important to public health policy-makers and practitioners, business and community leaders, health advocates, educators and journalists.

**Library Journal** - 2001

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

*The Christian Woman's Complete Guide to Health* - Scott Farhart 2012-10-08

DIVWhen it comes to caring for their bodies, women want to know that the advice they get is medically sound AND in line with their values and their faith. This groundbreaking new reference offers guidance readers can trust as two Christian obstetrician/gynec/div

*The British National Bibliography* - Arthur James Wells 2007

*The Yale Guide to Women's Reproductive Health* - Mary Jane Minkin 2008-10-01

This book is for every woman who has wished for an unhurried, personal conversation with a sympathetic doctor who will answer her questions about reproductive health. Dr. Mary Jane Minkin, a gynecologist practicing for more than 25 years, presents a complete and up-to-date guide to a healthy reproductive system for women in their teens through middle age. With warmth and understanding, Dr. Minkin and coauthor Carol V. Wright respond to questions about the gynecological issues that concern women today, including sexual activity, contraception, and family planning. Readers of *The Yale Guide to Women's Reproductive Health* will learn how the female body works, what problems may arise, and what solutions are

available—in short, they will become better prepared to participate in their own health care and to make healthy decisions.

*Forthcoming Books* - Rose Army 2003-04

*The New Fertility Diet Guide* - Phd Niels H. Lauersen MD 2009-09

The best selling authors of "Getting Pregnant: What You Need To Know Now" share new secrets to using specific foods and food combinations to greatly enhance your chance of getting pregnant fast and easy. Tested on hundreds of couples, this unique new natural way to increase fertility can work regardless of your age or reproductive status. Studies show it can even increase your IVF success rate! Delicious, nutritious and easy to follow, this secret food plan works for both women and men to not only help increase fertility, but also improve overall health and encourage conception of a healthier baby!

*Your Perfectly Pampered Menopause* - Colette Bouchez 2005-04-05

A fun and fabulous health guide for living well at midlife—no prescription required! Menopause can be a difficult and confusing time—but it doesn't have to be. *Your Perfectly Pampered Menopause* has the answers that make the difference, with a clear-cut plan that shows you how to look and feel better now than ever before. Culling advice from leading medical experts, award-winning reporter Colette Bouchez dispenses the latest news on everything from hot flashes, insomnia, and dysfunctional bleeding to incontinence, bone health, weight control, and more. She explores the latest buzz on HRT, natural hormones, and the newest prescription drugs, as well as the latest in natural and traditional care for a truly comprehensive guide to midlife health. But she also brings you advice from top beauty and lifestyle experts and clues you in on everything from anti-aging skin and hair care to the hottest news in midlife nutrition (including an anti-hot-flash diet!), divine new relaxation techniques, optimal exercise and dieting secrets, and putting the kick back into your sex life! With this complete guide to taking care of yourself now and in the future you'll discover how midlife can be the best time of your life!
