What Makes Love Last? - John Gottman 2013-09-10

"One of the foremost relationship experts at work today applies the

insights of science toward understanding the real meaning of trust between a couple. He decodes the "why" behind betrayal and shows how

partners can avoid or recover from unfaithfulness and maintain a loving relationship. Dr. John Gottman, the country's pre-eminent researcher on marriage, is famous for his Love Lab at the University of Washington in Seattle where he deciphers the mysteries of human relationships through scientific research. His thirty-five years of exploration have earned him numerous major awards, including from the National Institute of Mental Health, the American Psychological Association, and the American Association for Marriage and Family Therapy. Now, Dr. Gottman offers surprising findings and advice on the characteristic that is at the heart of all relationships: Trust. Dr. Gottman has developed a formula that precisely calculates any couple's loyalty level. The results determine a relationship's likely future, including the potential for one or both partners to stray. A Love You Can Trust shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Roach Motel for Lovers." He describes how the outcome of—"sliding door moments," small pivotal points between a couple, can lead either to more emotional connection or to discontent. He suggests a new approach to handling adultery and reveals the varied and unexpected non-sexual ways that couples often betray each other. A Love You Can Trust guides couples through an empirically tested, trust-building program that will let them repair and maintain a long-term, intimate, and romantic relationship"--

The Power of Trust - Sandra J. Sucher 2021-07-06

A ground-breaking exploration of the changing nature of trust and how to bridge the gap from where you are to where you need to be. Trust is the most powerful force underlying the success of every business. Yet it can be shattered in an instant, with a devastating impact on a company's market cap and reputation. How to build and sustain trust requires fresh insight into why customers, employees, community members, and investors decide whether an organization can be trusted. Based on two decades of research and illustrated through vivid storytelling, Sandra J. Sucher and Shalene Gupta examine the economic impact of trust and the science behind it, and conclusively prove that trust is built from the inside out. Trust emerges from a company being the "real deal": creating products and services that work, having good intentions, treating people fairly, and taking responsibility for all the impacts an organization creates, whether intended or not. When trust is in the room, great things can happen. Sucher and Gupta's innovative foundation for executing the elements of trust—competence, motives, means, impact—explains how trust can be woven into the day-to-day and the long term. Most importantly, even when lost, trust can be regained, as illustrated through their accounts of companies across the globe that pull themselves out of scandal and corruption by rebuilding the vital elements of trust.

Detox Your Thoughts - Andrea Bonior, PhD 2020-05-05

In Detox Your Thoughts, popular psychologist Andrea Bonior, PhD, identifies the 10 most prevalent mental traps that make people feel anxious, insecure, and generally just bad. Clinical psychologist Andrea

Bonior has spent over twenty years studying, teaching, and practicing the science of thoughts, emotions, and behavior. In *Detox Your Thoughts*, she uses the latest research into mindfulness, Acceptance and Commitment Therapy (ACT), and Cognitive-Behavioral Therapy (CBT) to teach you to understand your thoughts—and your body—in a completely different way. To challenge negative self-talk, you must change the way you relate to your thoughts altogether. Bonior shows us how to create new mental pathways that truly stick. For each of the ten mental traps, Bonior offers a new habit to practice, including:

- leaning in to your feelings
- recognizing and counteracting your blind spots to gain insight
- valuing the present moment, and immersing yourself in it.

Bonior deciphers the latest research in psychology and neuroscience to help disempower and conquer self-sabotaging thoughts with specific and actionable steps. You're not erasing negative thoughts, but rather growing bigger than they are—and improving your mental and emotional life along the way.

[What Women Want When They Test Men](#) - Bruce Bryans 2015-08-13

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think.

Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. Trust Exercise - Susan Choi 2019-05-02

At their performing arts school, the rules are made by their magnetic drama instructor Mr Kingsley, who initiates them into a dangerous game. Women Who Run with the Wolves - Clarissa Pinkola Estés Phd
1995-08-22

NEW YORK TIMES BESTSELLER • One million copies sold! “A deeply spiritual book [that] honors what is tough, smart and untamed in women.”—The Washington Post Book World Book club pick for Emma Watson’s Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

Professor Kelli's Guide to Finding a Husband - M. S. W. Kelli Miller
2010-05-22

I know what you're thinking. You hate me. You got a glimpse of my ring and you're pissed. I know your kind because I was once your kind. Every time I saw a happy couple I could feel last night's dinner coming up. When I saw wedding magazines I wanted to take a blowtorch to each one of them. Engagement rings? The only way you could talk to me about Okarats was if you were going to feed one to your pet rabbit. Yes, I was sick. Sick of set-ups, match-ups, and break-ups. I've been on blind dates and I've been on dates where I wish I were blind. But I finally did find Mr. Right. And I'm going to show you how. Through humor, empowerment, and basic common sense clinical social worker "Professor Kelli" instills confidence in women, makes them laugh at their situation (or the men they've dated), and teaches them the process of letting go and staying present. Sure, it's about finding a husband but it's more about finding you first.

50 ways to make her trust you - Celine Claire 2022-02-14

This e-book helps men get the tactics of gaining trust from the ladies they adore in their lives. Tip number one. PUT YOURSELF IN HER SHOES You may have already heard of this. However, empathy is not an overrated thing at all. We are different, at least in some ways. So, if you're not ready to see a situation from another perspective too, how can you really understand what's going on? There is truly no doubt that men and women see relationships from varying angles, but a desire for trustful behavior isn't reserved for one gender. Indeed, you'll find that if you look at the situation from her perspective, there are similarities to what you're thinking yourself. Do you want her to be honest and trustworthy with you? Do you want to actively plan activities you'll do together? Do you want to know her circle of friends and see that she's letting you into her life? Do you want to know that she's showing trust? See, it all comes full circle! Your lady is in a similar situation. She wants you to show her that she's an essential component of your life, not that you want to keep her at arm's length. This involves restraining yourself without explaining why, not asking for "freedom" aggressively, not ghosting or gaslighting her (at all). After all, don't you want the same things? Tip number two. BE HONEST WITH HER Honesty is the

foundation that keeps everything else together in your relationship. If you don't reinforce honesty daily, it'll slowly disappear. Note that being sincere doesn't imply being utterly frank. There's a big difference between "you look better in other skirts, sweetie" and "that skirt looks absolutely miserable on you." You don't desire to be ruthlessly transparent unless you and your lady agree that it's an essential part of your relationship. Otherwise, share your thoughts and opinions, although respectfully and neutrally. You want to formulate quality conversations without appearing like you're set on arguing. In other words, don't treat her like she's a fragile person who can't recognize the truth, but you shouldn't be downright mean with her either. Translator: Celine Claire PUBLISHER: TEKTIME

Talk to her about the future; let her know you're serious about her. Tip number two. MAKE HER FEEL SECURE Your girl should feel loved and cared for. Be a good listener. She should feel comfortable sharing her secrets and insecurities with you. And, never take her for granted. Make her think she can always count on you. When she is feeling low or wants to share something, be present. Translator: Celine Claire PUBLISHER: TEKTIME
