

What Every Wife Wants Her Husband To Know Sex

What Wives Wish their Husbands Knew about Sex - Richard Rupp 2007-04-01

It's an unfortunate reality that many men grow up in churches that suppress their God-given sexual urges. As a result, many Christian men, single and married, are frustrated with their love lives and their sex lives. The authors of this book claim that Christian men should be the greatest lovers in the world and then work to show men how to do it. They help men: -learn what the Bible says about a healthy sex life -discover how to relate to women as men instead of as boys -address psychological and spiritual issues that interfere with healthy sexuality -learn specific techniques that create a strong relationship, great foreplay, and passionate sex Solidly based in Scripture and informed by the experiences of the authors, all respected sex therapists, *What Wives Wish Their Husbands Knew about Sex* dispels the myths that keep good Christian men from experiencing sex as God meant it to be. Perfect for any man, it is also a great book for counselors and pastors who work with men.

Is My Husband Gay, Straight, or Bi? - Joe Kort 2014-09-11

Jennifer can't believe it. Just married and pregnant, she discovers that her husband has been meeting Brad for sex. When confronted, Tom doesn't deny it, but he insists it's just "a thing" and he isn't gay. Elsewhere, John's wife, Karen, discovers that her husband likes to watch gay porn. John doesn't understand his wife's reaction. Why does she care what he watches if he's not unfaithful? In couple's therapy, Karen and Jennifer raise the same questions: Does this mean my husband is gay? Can my marriage survive? These and other stories illustrate the difficulties inherent when a wife or girlfriend finds out her man has had or wants to have sexual contact with other men. But many times, the man is not gay or even bisexual. Of course, some men with gay sexual interests are gay men in a process of self-discovery; they are "coming out." These desires may only reflect a different side of a man's sexuality or some response to childhood trauma or experiences they have not fully processed. Here Joe Kort and Alexander P. Morgan make the distinction between gay men and "straight men with gay interests" clearer to women who want to know how they can overcome these revelations. The authors explain the many reasons why straight men may be drawn to gay sex; how to tell whether a man is gay, straight, or bisexual; and what the various options are for these couples, who can often go on to have very fulfilling marriages. *Is My Husband Gay, Straight or Bi?* is intended to help couples understand how male sexuality can express itself in ways that may be difficult to understand. Many marriages have been hurriedly terminated when couples (and their therapists) have lacked the information they needed to understand their current situations. This book provides the clarity, describes the choices, and (in many cases) offers hope for relationships and marriages that have been brushed off as doomed.

Marriage Confidential - Josie Brown 2003-05-11

"Marriage Confidential shares its insights with heart and humor. Here you'll find the perfect answers to the most important relationship questions. A perfect guide for loving couples."-- John Gray, *Men Are from Mars, Women Are from Venus* Wise words from Marriage Confidential: Husbands, here's what she's thinking:...about lying: "Does she know when you're lying? You better believe she does. Each man pulsates microscopic hints that signal his thoughts and actions to the woman whose goal it is to stay first and foremost in his mind. God help him if he's a lousy liar to begin with."...about orgasms: Don't end the evening by asking her, 'Did you come?' It's akin to taking a trip with a kid who asks every five minutes, 'Are we there yet?' Since you don't know unless we tell you otherwise, your wife will say, 'Yes honey, thanks for rockin' my world!'-- just to get you off her back (front, or whatever.) Believe me, you'll know when she enjoys sex with you; because she won't be able to shut up about it." Wives, here's what he's thinking.....about whether he turns you on: "Most men do care about how they look in a pair of jeans. Sure, a guy might look like a sack of spuds in his Levis, but that doesn't mean he's okay with that. And, if he is okay with that, I'll guarantee you that he has convinced himself that there are a lot of women out there who

are really turned on by potatoes."...about the dangers of having affairs: "Affairs are like skiing with a blindfold, wildly exhilarating at first, but almost certain to end badly." In *This Book, You'll Find 102 Honest Answers to the Questions Every Husband Wants to Ask, and Every Wife Needs to Know*

What do you do when the other woman is your husband? A wife's memoir of her husband's sex change Christine Benvenuto had been married for more than twenty years—with three young children—when her husband turned to her one night in bed and said "I'm thinking constantly about my gender." He was unhappy in his body and wanted to become a woman. Part memoir, part voyeur's look into a marriage, Sex Changes is a journey through the end of a marriage and out the other side. We see a woman, desperate to save her family and shelter her children, discover a well of strength and resilience she never knew she had. We learn what to tell the neighbors when your husband starts wearing heels with his shirts and ties. We see a woman open herself to a group of friends who travel with her through her darkest times, provide light and levity throughout—and who offer the opportunity to learn how to give as well as receive the love and support of true friendship. When she lost her husband to skirts and hormones, life made Chris a better woman. Sex Changes is the story of what one woman discovered about herself in the midst of the conflagration of her family. Fiercely funny, self-lacerating, and not entirely politically correct, Sex Changes is a journey of love and anguish told with hilarity, heartbreak and a lot of soul searching. It is about the mysteries in every marriage, the secrets we chose to keep, and the freedom that the truth can bring.

Women experience themselves very differently to men. You cannot understand women by using your typical male way of thinking. When a husband doesn't relate to his wife in the right way she closes down. Sex for a woman is a result of certain conditions. Sex doesn't happen out of convenience or 'just because' you are married. By understanding women you gain the knowledge and power to make her feel like a woman, to feel loved and appreciated, sexy and desirable. But you have to move first, consistently and persistently. And when this happens everyone wins.
