Quality and Competition - Lawrence Abbott 1973

The Grammar of English Grammars, with an Introduction, Historical and Critical ... - Gould Brown 1851

From Bloodshed to Hope in Burundi - Ambassador Robert Krueger 2009-03-06

In 1994, while nations everywhere stood idly by, 800,000 people were slaughtered in eight weeks in Rwanda. Arriving as U.S. Ambassador to neighboring Burundi a few weeks later, Bob Krueger began drawing international attention to the genocide also proceeding in Burundi, where he sought to minimize the killing and to preserve its fledgling democratic government from destruction by its own army. From Bloodshed to Hope in Burundi is a compelling eyewitness account of both a horrific and persistent genocide and of the ongoing efforts of many courageous individuals to build a more just society. Krueger and his wife Kathleen graphically document the slaughter occurring all around them, as well as their repeated efforts to get the U.S. government and the international community to take notice and take action. Bob Krueger reconstructs the events of the military coup that precipitated the Burundi genocide and describes his efforts to uncover the truth by digging up graves and interviewing survivors. In straightforward and powerful language, Kathleen Krueger recounts her family's experience living amid civil war, including when she faced down a dozen AK-47-wielding African soldiers to save the life of a household worker. From Bloodshed to Hope in Burundi shines a piercing light on a genocide that has gone largely unreported, and identifies those responsible for it. It also offers hope that as the truth emerges and the perpetrators are brought to account, the people of Burundi will at last achieve peace and reconciliation.

The English Constitution - Walter Bagehot 1867

There is a great difficulty in the way of a writer who attempts to sketch a living Constitution—a Constitution that is in actual work and power. The difficulty is that the object is in constant change. An historical writer does not feel this difficulty: he deals only with the past; he can say definitely, the Constitution worked in such and such a manner in the year at which he begins, and in a manner in such and such respects different in the year at which he ends; he begins with a definite point of time and ends with one also. But a contemporary writer who tries to paint what is before him is puzzled and perplexed: what he sees is changing daily. He must paint it as it stood at some one time, or else he will be putting side by side in his representations things which never were contemporaneous in reality.

Travels in China - Sir John Barrow 1804

The Works and Correspondence of David Ricardo;; 11 - David 1772-1823 Ricardo 2021-09-09

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

From Goods to a Good Life - Madhavi Sunder 2012-06-26

A law professor draws from social and cultural theory to defend her idea that that intellectual property law affects the ability of citizens to live a good life and prohibits people from making and sharing culture.

Democracy and Education - John Dewey 2013-05-31

This antiquarian volume contains a comprehensive treatise on democracy and education, being an introduction to the 'philosophy of education'.

Written in clear, concise language and full of interesting expositions and

thought-provoking assertions, this volume will appeal to those with an interest in the role of education in society, and it would make for a great addition to collections of allied literature. The chapters of this book include: 'Education as a Necessity of Life'; 'Education as a Social Function'; 'Education as Direction'; 'Education as Growth'; 'Preparation, Unfolding, and Formal Discipline'; 'Education as Conservative and Progressive'; 'The Democratic Conception in Education'; 'Aims in Education', etcetera. We are republishing this vintage book now complete with a new prefatory biography of the author.

Fashion, Work, and Politics in Modern France - S. Zdatny 2006-05-13

This history of coiffure in modern France illuminates a host of important twentieth-century issues: the course of fashion, the travails of small business in a modern economy, the complexities of labour reform, the failure of the Popular Front, the temptations of Pétainism, all accompanied by a parade of waves, chignons, and curls.

Social Innovations in the Urban Context - Taco Brandsen 2016-04-05

This book addresses the practice of social innovation, which is currently very much in the public eye. New ideas and approaches are needed to tackle the severe and wicked problems with which contemporary societies are struggling. Especially in times of economic crisis, social innovation is regarded as one of the crucial elements needed to move forward. Our knowledge of its dynamics has significantly progressed, thanks to an abundance of studies on social innovation both general and sector-specific. However, despite the valuable research conducted over the past years, the systematic analysis of social innovation is still contested and incomplete. The questions asked in the book will be the following: 1. What is the nature of social innovations? 2. What patterns can be identified in social innovations emerging at the local level? 3. How is the emergence and spread of social innovations related to urban governance? More precisely, which conditions and arrangements facilitate and hinder social innovation? We explore these questions using different types of data and methods, and studying different contexts. In particular, we focus on innovations that aim at solving problems of the young unemployed, single parents and migrants. This analysis is based on original research carried out in the period 2010-2013 in the framework of a European project with a specific empirical research strategy. Research was carried out in 20 cities in 10 different European countries.

The Sounds of Early Cinema - Richard Abel 2001-10-03

The Sounds of Early Cinema is devoted exclusively to a little-known, yet absolutely crucial phenomenon: the ubiquitous presence of sound in early cinema. "Silent cinema" may rarely have been silent, but the sheer diversity of sound(s) and sound/image relations characterizing the first 20 years of moving picture exhibition can still astonish us. Whether instrumental, vocal, or mechanical, sound ranged from the improvised to the pre-arranged (as in scripts, scores, and cue sheets). The practice of mixing sounds with images differed widely, depending on the venue (the nickelodeon in Chicago versus the summer Chautauqua in rural Iowa, the music hall in London or Paris versus the newest palace cinema in New York City) as well as on the historical moment (a single venue might change radically, and many times, from 1906 to 1910). Contributors include Richard Abel, Rick Altman, Edouard Arnoldy, Mats Björkin, Stephen Bottomore, Marta Braun, Jean Châteauevert, Ian Christie, Richard Crangle, Helen Day-Mayer, John Fullerton, Jane Gaines, André Gaudreault, Tom Gunning, François Jost, Charlie Keil, Jeff Klenotic, Germain Lacasse, Neil Lerner, Patrick Loughney, David Mayer, Dominique Nasta, Bernard Perron, Jacques Polet, Lauren Rabinovitz, Isabelle Raynauld, Herbert Reynolds, Gregory A. Waller, and Rashit M. Yangirov.

Challenger Accident - DIANE Publishing Company 1995-07

Bullshit Jobs - David Graeber 2019-05-07

From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled

“On the Phenomenon of Bullshit Jobs.” It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society’s most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. “Clever and charismatic” (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and “a thought-provoking examination of our working lives” (Financial Times).

The Art of Italy in the Royal Collection - Lucy Whitaker 2007

This richly illustrated publication brings together 93 paintings and 85 drawings from the Royal Collection, and accompanies an exhibition of international importance.

Voices of Eighteenth-century Bath - 1995

On Murder Considered as One of the Fine Arts - Thomas De Quincey 2015-02-26

'People begin to see that something more goes to the composition of a fine murder than two blockheads to kill and be killed - a knife - a purse - and a dark lane...' In this provocative and blackly funny essay, Thomas de Quincey considers murder in a purely aesthetic light and explains how practically every philosopher over the past two hundred years has been murdered - 'insomuch, that if a man calls himself a philosopher, and never had his life attempted, rest assured there is nothing in him'. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Thomas de Quincey (1785-1859). Thomas de Quincey's Confessions and an English Opium-Eater and Other Writings is

available in Penguin Classics.

Arthur Young's Travels in France During the Years 1787, 1788, 1789 - Arthur Young 2022-10-26

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

One-Dimensional Man - Herbert Marcuse 2013-10-11

One of the most important texts of modern times, Herbert Marcuse's analysis and image of a one-dimensional man in a one-dimensional society has shaped many young radicals' way of seeing and experiencing life. Published in 1964, it fast became an ideological bible for the emergent New Left. As Douglas Kellner notes in his introduction, Marcuse's greatest work was a 'damning indictment of contemporary Western societies, capitalist and communist.' Yet it also expressed the hopes of a radical philosopher that human freedom and happiness could be greatly expanded beyond the regimented thought and behaviour prevalent in established society. For those who held the reigns of power Marcuse's call to arms threatened civilization to its very core. For many others however, it represented a freedom hitherto unimaginable.

Beauvoir in Time - Meryl Altman 2020

"Beauvoir in Time situates Simone de Beauvoir's The Second Sex in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: "bad sex," "dated" views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today"--
