Promiscuous Feminist

Methodologies in Education -

Sara M Childers 2016-04-14

The book marks the circulation

of the term "promiscuous feminist methodology" and registers its salience for

educational researchers who risk blundering feminist theories and methodologies in chaotic and unbridled ways.

The sexism embedded in language is what makes the notion of promiscuous "feminists gone wild"

tantalizing, though what the book puts forth is how the messy practice of inquiry transgresses any imposed boundaries or assumptions about what counts as research and feminism. What can researchers do when we realize that theories are not quite enough to respond to our material experiences with people, places, practices, and policies becoming data? As a collection, the book provides how various theories

researchers put to work "get dirty" as they are contaminated and re-appropriated by other ways of thinking and doing through (con)texts of messy practices. In this way, gender cannot simply be gender and promiscuous feminist methodologies are always in-the-making and already ahead of what we think they are. This book was originally published as a special issue of the International Journal of Qualitative Studies in Education.

Shattered But Not Destroyed -

Lady Tina Moore 2010-06

When she began walking according to His plan, her life completely turned

[An Expose on Teen Sex and Dating](#) - Andy Braner

2014-02-27

After interviewing thousands of teens, author Andy Braner put it all down on paper in a straight-talk approach to teen sex and dating. Revealing some startling statistics, he explains to parents and youth pastors what the current situation is with teens and sex, how we got here, and where the current out-of-control sex-driven culture is leading us. Readers will find out how to reach teens with a biblical message on

dating, sexual promiscuity, purity, and redemption.

The Promiscuous Woman -

Joanne B. Parrotta 2008-03

Sadly, for more and more women promiscuity has become a way of life. We live in a culture where having sex by the second or third date is the norm and where being promiscuous is not only accepted but even encouraged. This promiscuous culture has allowed women to exercise their sexual liberties in a way that would have been impossible in the earlier part of the 20th century, but there is a trade-off, says the author.

Joanne B. Parrotta believes that these relationships without commitment do come at a price. In *The Promiscuous Woman: Modern Attitudes about Love and Sex*, Parrotta explains why this hooking-up culture that we live in today can have many psychological consequences. Eyes Wide Open - Brienne Murk 2011-08-26

*Downloaded from
legacy.opendemocracy.net

In our postmodern world, we are so driven by our emotions that in "living for the moment" we've forgotten to guard our most precious treasure--our hearts. Young people may not realize it, but acts that appear innocent--such as email and instant messages--can entangle our emotions and lead the heart to places it should not go. Most people give their hearts away long before they give their bodies away, so it is imperative that young people learn the importance of emotional purity, how to avoid the steps that too often lead to a physical downfall, and how to live pure lives. Like talking to a big sister who's gone before them, reading *Eyes Wide Open* will give young people the necessary keys for making decisions about purity, love, and romance. She also shows them how to acquire a thirst for purity as they realize it is not just another rule, but a path that leads to a dimension of deep and fresh living where they can truly thrive.

The Bare Naked Truth -

Bekah Hamrick Martin

2013-05-07

The Truth About Sex and Waiting ... Uncovered and Revealed Purity. Sex. Boys. Waiting. Something about those words makes everything complex in a heartbeat. Is there something wrong with me if I don't kiss a boy after a date? Or am I doomed if I did? Is waiting a one-way trip to life as a crazy cat woman? And what if I, um, think about a certain boy a certain way? It seems the lady at church and your friends have two very different opinions on the subject. And the purity talks aren't always cutting it. Bekah Hamrick Martin knows the waiting game isn't easy or straight-forward. In *The Bare Naked Truth*, she lays everything on the table—including some embarrassing moments—as she explores the honest, naked

truth behind what God means by purity. With additional entries from popular authors, you'll see the bare naked approach to waiting isn't always easy, but it's worth the risk.

Challenging Casanova -

Andrew P. Smiler, PhD

2012-10-10

Changing perceptions about male sexuality In his groundbreaking new book, noted expert on teenage and adult masculine behavior Andrew Smiler debunks the myth that teenage boys and young men are barely able to control their sex drives, which may lead to destructive hypersexuality, unwanted pregnancy, and sexually transmitted diseases. Dr. Smiler helps us recognize that the majority of boys and men do not fit this stereotype and that boys' sexual development is multi-faceted. He also shows how this shift in attitude could help create young men who are more mature, and have better relationships with partners and friends. Explains how the Casanova Complex has

developed over time and how it can hurt young males Provides the latest research on male sexuality, including information from the author's own studies. Offers guidance for parents and counselors of boys who want to help them develop lasting and meaningful relationships, as well as for the parents of girls who are dating. This book dismantles the stereotype of boys as driven only by an obsession with having intercourse with multiple partners, and calls for deeper growth and understanding of modern masculinity.

Dating Without a Daddy - Marla Washington 2013-10-25

Your Wife - Dominic Milan 2011-05-01

This book is an indispensable manual for the modern man whether he's single, dating, engaged, or married. The author analyzes the effect female promiscuity is having on American society through a colorful mix of existential and psychological inquisition and humorous first-hand narrative.

While ostensibly written for men, the author charts a course that draws readers of both genders into the fight. The reader is brought through a journey of self-awareness and enlightenment in recognizing the unequivocal existence of this social phenomenon.

Through a maze of discovery inspired by very explicit and often hilarious incontestable accounts and logical reasoning, the reader is left with deep introspection about staying the course or advocating reform.

The Trail of a Promiscuous Spouse - Emmanuel

Chinyamakobvu 2012-02-11

In fact Samantha was convinced that her husband Tito, as she preferred calling him was having an affair with the pretty housemaid Wanting to set a trap for her husband, Samantha did not inform Tito when he returned home from work that evening that the maid was away for the weekend. As soon as Tito closed the bathroom door, Samantha promptly dashed along the corridor, out at the back, went round the house, on

to the verandah and into the maids bedroom. She just had the time to switch the lights off when the door quietly opened and closed again. Momentarily he had taken off all her under wears and got on top of her.. When he had finished and still panting, Samantha said You didnt expect to find me in this bed, did you? and switched on the light. No indeed, Madam, I didnt, said in a very low voice the young man who lodged next door. That was the condemned night when the illicit affair between Samantha

and Toby had begun many years ago and it had continued unabated since then and remained under the lid undiscovered until that fateful day when Marjorie was taken to hospital ill, in the middle of the night.

Love, Reason, and God's Story - David Cloutier 2008

"The author of this book provides readers with a basic understanding of the history of Catholic teaching on sexual ethics, particularly as it has evolved in the last half century."--
